

An easier way to pay your water & sewer bill –

Automatic Payment Service

With our automatic payment service, your Oakland County water and sewer bill will be automatically paid from your checking or savings account. Just complete this application, return it to us and start enjoying these benefits:

- No checks to write or postage to pay.
No late fees.

With this service you will continue to receive a quarterly statement by mail. Each quarter, on your bill's due date, your payment will be deducted from your bank account. That gives you plenty of time to review the statement and call one of our billing services representatives if you have any questions. Any disputed charges must be brought to our attention within 15 days of the bill date to prevent funds from your bank account being deducted. If we aren't notified within 15 days of the bill date, the charges may be deducted and any necessary adjustments will be made on the next bill.
