A DESCRIPTION OF PINELLAS COUNTY GOVERNMENT

Pinellas County was established in 1912 and is located at the approximate midpoint of the west coast of Florida, bounded on the east by Tampa Bay and on the west by the Gulf of Mexico. The County contains a total area of 439 square miles, of which approximately 280 square miles are land and the balance is water area. With a 2011 estimated permanent population of 918,496, Pinellas County ranks sixth in terms of county population. With the second smallest total land area, Pinellas County is the most densely populated county in Florida with 3,280 people per square land mile. There are 24 incorporated municipalities in Pinellas County. St. Petersburg is the largest city in the County with a 2011 estimated population of 246,293. Clearwater, the County seat, is the second largest city, with a 2011 estimated population of 107,805. Approximately 270,559 people reside within unincorporated Pinellas County.

Seven-Member Commission Elected to Govern County

Pinellas County is a political subdivision of the State of Florida. In October 1980, the voters approved a Home Rule Charter for Pinellas County. In accordance with this Charter, the Board of County Commissioners is the legislative body of county government responsible for the formulation of policy. The County Administrator, a professional appointed by the Board, and his staff are responsible for the implementation of those policies. On November 2, 1999, Pinellas County voters changed the composition of the Board from five at large members to a seven member Commission. Four of the members are elected from single member districts and three are elected at large.

Commissioners Serve on Other Boards

The Board of County Commissioners also serves as the Emergency Medical Services Authority, Fire Protection Authority, Economic Development Authority and the Water and Navigation Authority. Individual Board members serve on various other boards, authorities, and commissions, including: Tampa Bay Regional Planning Council, Tampa Bay Water, Business Technology Services Board, Metropolitan Planning Organization, Pinellas County Cultural Council, Pinellas Suncoast Transit Authority, Election Canvassing Board, Juvenile Welfare Board, and the Tourist Development Council.

Elected Officials

Elected Officials include the Board of County Commissioners, the Judiciary, the State Attorney, Public Defender and five Constitutional Officers: the Clerk of the Circuit Court, the Property Appraiser, the Sheriff, the Supervisor of Elections, and the Tax Collector. Constitutional Officers are elected to administer a specific function of County government and are directly accountable to the public for its proper operation. The Board funds all or, in some cases, a portion of the operating budgets of the Elected Officials. The Constitutional Officers maintain separate accounting systems and budgets.

Other Government Agencies

Based on the degree of budgetary authority, taxing authority, and reporting and alignments with independent boards/councils, several other governmental entities also have their budget reviewed and approved by the Board of County Commissioners. These independent agencies include: Business Technology Services, Construction Licensing Board, Human Resources, and the Office of Human Rights. The budgets of these agencies and the Constitutional Officers, as well as the County portion of support for Courts, are included in this document.

Role of the County Administrator

In 1964, Pinellas was the first Florida County to adopt the Commission/Administrator form of Government. The County Administrator is appointed by the Board of County Commissioners and is responsible for carrying out the directives and policies of the Board. The County Administrator is also responsible for the management and supervision of all functions and personnel under the Board of County Commissioners in accordance with section 4.01 of the Pinellas County Charter.

INTRODUCTION TO THE COUNTY BUDGET DOCUMENT FOR FY2013

The <u>FY2013 Annual Operating and Capital Budget</u> document is designed in a user-friendly fashion. The book is divided by a series of tabs, with each tab representing a major functional or organizational division in the budget. The first three tabs are the *Table of Contents, Budget Message*, and *Summaries*.

The **Budget Message** from the County Administrator to the Board of County Commissioners includes a transmittal letter followed by related information that explains the significant issues and processes affecting the budget. The Message also provides reviews and multi-year forecasts for the ten major funds and fund groups in the budget.

The **Summaries** tab contains a series of charts and tables that present the budget in an aggregated fashion together with various economic and population trend data for Pinellas County.

The next series of three tabs contain budgets based on organizational responsibility with dividers for sub-sections. The tabs and sub-sections are as follows:

Board of County Commissioners

Board of County Commissioners and County Attorney County Administrator Departments

Constitutional Officers and Other Agencies

Court Support Independent Agencies Support Funding

These sections of the document present the department and agency budgets utilizing a standard format. This format was designed to present budgetary information in a clear, concise manner. At the beginning of each section is an Organization Department Summary which is a roll-up of the department and agency budgets that are contained in each section. Following this are pages presenting the budget for each department or agency. The sections for each page are as follows:

Description: This narrative provides a brief overview of the department or agency's overall mission.

Budget Summary: This section contains budgetary information for the department in two tables: Expenditures by Program and Expenditures by Fund. The Actual FY2011 expenditures as well as the FY2012 Revised Budget (as of May 31, 2012) and FY2013 Budget Request are presented.

Personnel Summary: This section compares the budgeted full-time positions for the department for the FY2012 Revised Budget and FY2013 Request. These numbers do not include part-time or temporary personnel.

Program Descriptions: This section explains the services provided by the programs listed in the preceding summary.

Performance Measures: This section presents performance measures by program. Not all programs have measures identified at this time.

The *Capital* section presents the FY2013 Budget for the governmental capital projects funds. This is one part of the multi-year capital improvement program (CIP). Enterprise capital projects are budgeted with their related funds. The capital budget is grouped by program, such as flood control or intersection improvements. Additional CIP information, including projects listed by function and activity and a summary of changes from the previous fiscal year's plan, is included in the Budget Message exhibits. Specific project detail will be contained in a separate document, the <u>Capital Improvement Program Six-Year Work Plan</u>.

The *Fund Resources* section presents information on the various types of County funds and how they relate to the departmental budgets. For each fund, a <u>Summary of Resources and Requirements</u> gives a description of the fund's purpose and summarizes the fund beginning balances, revenues, expenditures, and reserves for Fiscal Years 2011, 2012, and 2013. This page is followed by detailed revenue information for each fund. The General Fund also includes a summary of requirements by department and agency within that fund.

The *Appendix* includes a glossary, a community profile, a description of the budget process and calendar, other comparative information, and an index.

	(a)	(b)	(c)	

Notes: Per Florida Statutes 200.065(2)(a), ad valorem revenues are budgeted based on 95% of taxable value.

Per Florida Statutes 129.01(b), other revenues are budgeted at 95% of estimate.

Ending Fund Balances are reflected as "reserves" in individual fund summaries.

Constitutional Officers' Operating Funds, included in CAFR summaries, are not appropriated BCC Funds.

EXPLANATION OF VARIANCES:

- a) The General Fund balance decrease reflects revenue assumptions as noted above. The anticipated actual decrease in reserves is approximately \$24.4 million, or 21%, due to non-recurring expenditures and use of Service Level Stabilization funds as discussed elsewhere in this document. The remaining fund balance is expected to meet or exceed the policy target of 15% of fund resources.
- b) The Capital Projects Fund budget reflects revenue budgeted at 95% of estimate. The beginning fund balance includes loans from the Solid Waste funds to finance major transportation and public safety projects. The actual ending fund balance is expected to be approximately \$61.7 million lower than the beginning fund balance due to non-recurring project expenditures.
- c) Other Governmental Funds reflect revenue assumptions as noted above. The primary budgeted reductions in fund balance are \$4.4 million in the Community Development and SHIP Funds, which appropriate all anticipated resources; \$5.0 million in the Emergency Communications Fund due to anticipated decreased project revenues; and \$2.2 million in the Housing Trust Fund for non-recurring project expenditures. The projected ending balances for these funds will be within acceptable policy limits. A \$4.4 million reduction in the Emergency Medical Services Fund will bring the fund balance below the 25% policy level; this will be addressed during FY2012 as part of the pending EMS operational study.

This exhibit is a summary of resources and requirements for Fiscal Years 2011 through 2013. The first table includes totals for all funds. The following four tables present the three funds or fund groups which represent 10% or more of the total budget, followed by a combined summary of all other funds.

Under Actual FY2011 Requirements, "Reserves" represent ending fund balances, including year-end adjustments.

FY2012 and FY2013 Revenues are budgeted at 95% of estimated amounts per Florida Statutes. Ad valorem revenue is budgeted assuming a 95% collection rate per Florida Statutes; the actual collection rate has generally been 96% or greater.

FY2012 is the Revised Budget as of May 31, 2012.

DEBT SERVICE SUMMARY

The County has historically assumed a "pay-as-you-go" philosophy in the funding of infrastructure. However, when circumstances have dictated that this is not a viable approach, the County has utilized the bond market to generate additional capital.

Categories of Debt

There are several categories of governmental debt:

General obligation bonds are backed by the full faith and credit of the local government, and they are required to be approved by voter referenda. Revenues collected from the ad-valorem taxes on real estate and other sources of general revenue are used to service the government's debt. Pinellas County has no general obligation bond issues outstanding at this time.

Self-supporting revenue bonds, unlike general obligation bonds, are financed by those directly benefiting from the capital improvement. Revenue obtained from the issuance of these bonds is used to finance publicly owned facilities, such as water, sewer, and solid waste systems. Charges collected from the users of these facilities are used, in turn, to retire the bond obligations. In this respect, the capital project is self-supporting. The debt service payments for the County's enterprise activities are budgeted in their respective funds.

Non-self-supporting revenue bonds, which pledge specific sources of revenue other than ad valorem taxes, are used to fund non-enterprise infrastructure needs. Pinellas County has no bond issues supported from general revenues at this time.

NOTE: The FY13 Budget includes **short-term loans** from the Solid Waste Reserves to the Capital Projects Fund to provide liquidity on an interim basis. The loans will be repaid with interest and will not negatively impact the Solid Waste operations or capital improvement program.

Debt Limitations

The Florida Constitution (Article VII, Section 12) requires County bonds supported by ad valorem taxes to be approved by public referendum. Chapter 130 of the Florida Statutes defines the purposes for which County debt may be issued and also procedural restrictions. There are no statutory limitations on the amount of debt that may be issued in terms of total dollars, millage rates, or percentage of assessed values. Self-supporting revenue bonds are limited by the requirement to maintain adequate revenue streams to cover debt in ratios prescribed by the authorizing Bond Resolutions.

Debt Capacity, Issuance, and Management Policies

The County has established the following budget policies related to debt:

- Minimize debt service costs through the judicious use of available debt instruments, consistent with the desirability of maintaining stable current tax rates and distributing the costs of certain long-lived facilities among all users, present and future.
- Define appropriate uses for debt.
- Define the maximum amount of debt and debt service that should be outstanding at any one time (target financial ratios).
- Maintain a high credit rating while making attempts to strengthen credit rating; identify factors and strategies to address them.
- Consider investment in equipment, land or facilities, and other expenditure actions, in the present, to reduce or avoid costs in the future.
- Capital project proposals should include cost estimates that are as complete, reliable, and attainable as possible.
- Prior to undertaking a capital project, all ongoing O&M costs should be identified and considered as part of the policy discussion.

Summary of Existing and Anticipated Debt

There are presently six outstanding debt issues for Pinellas County: the \$86,580,000 Sewer Revenue Bonds, Series 2003; the \$25,205,000 Sewer Revenue Refunding Bonds, Series 2006; the \$42,005,000 Sewer Revenue Bonds, Series 2008A; the \$32,700,000 Sewer Revenue and Refunding Bonds, Series 2008B-1; the \$20,870,000 Sewer Revenue Refunding Bonds, Series 2011; and the \$59,510,000 Sewer Revenue Refunding Bonds, Series 2012. The Sewer 2008A and Sewer 2008B were issued in 2008 as bank loans as was the Series 2011 issued in 2011.

Existing Debt: Current Self-Supporting (Enterprise) Revenue Bonds:

\$86,580,000 Sewer Revenue Bonds, Series 2003*

These bonds were issued to finance certain capital improvements to the County's Sewer System, to fund the reserve fund requirement for the Series 2003 Bonds through the purchase of a debt service reserve fund surety bond, and to pay related costs and expenses in connection with the issuance of the Series 2003 Bonds. Payments of principal and interest are supported by the net revenues derived from the operation of the County's Sewer System.

\$25,205,000 Sewer Revenue Refunding Bonds, Series 2006*

These bonds were issued to advance refund a portion of the County's outstanding Sewer Revenue and Revenue Refunding Bonds, Series 1998 and to pay the related costs and expenses in connection with the issuance of the Series 2006 Bonds. Payments of principal and interest are supported by the net revenues derived from the operation of the County's Sewer System.

\$42,005,000 Sewer Revenue Bonds, Series 2008A*

These bonds were issued to finance improvements at the South Cross and W.E. Dunn Facilities and various improvements to pump stations, force mains and the collection systems as well as the required deposit to the reserve fund and to pay related costs and expenses in connection with the issuance of the Series 2008 Bonds. Payments of principal and interest are supported by the net revenues derived from the operation of the County's Sewer System.

\$32,700,000 Sewer Revenue Refunding Bonds, Series 2008B*

These bonds were issued to refund a portion of the County's outstanding Sewer Revenue and Revenue Refunding Bonds, Series 1998. Payments of principal and interest are supported by the net revenues derived from the operation of the County's Sewer System.

\$20,870,000 Sewer Revenue Refunding Bonds, Series 2011*

These bonds were issued to refund all of the outstanding \$104,795,000 Sewer Revenue and Revenue Refunding Bonds, Series 1998 that were originally issued to refund all of the County's outstanding Sewer Revenue Bonds, Series 1994, and to finance in part the improvement and rehabilitating of the County's regional wastewater treatment facilities located in west central Pinellas County. Payments of principal and interest are supported by the net revenues derived from the operation of the County's Sewer System.

\$59,510,000 Sewer Revenue Refunding Bonds, Series 2012*

These bonds were issued to advance refund a portion of the outstanding \$86,580,000 Sewer Revenue Bonds, Series 2003. Payments of principal and interest are supported by the net revenues derived from the operation of the County's Sewer System.

* Minimum annual debt service coverage of 115% is required by the Bond Resolution rate covenant. If net revenues together with Impact Fees are pledged and legally available to meet the Debt Service requirement, then 125% minimum annual debt service coverage is required.

Anticipated Debt

No new debt issues are included in the FY13 Budget.

ECONOMIC TRENDS & MAJOR REVENUES

The following section briefly discusses the economic trends, major revenue statistics, and graphics that appear after this narrative section.

Population: Unincorporated and Incorporated: Pinellas County's estimated 2011 population of 918,496 represents a 1.7% decrease over the 2002 estimate of 933,944. During this time, the unincorporated population decreased 5.2% versus a 0.1% decrease in the incorporated population. Pinellas County was one of two Florida counties to lose population between the 2000 Census and the 2010 Census. From 2010 to 2011 total county population estimates increased by 0.2%. The unincorporated residents of the County increased only by 65 individuals, from 270,494 to 270,559. During the same period, the incorporated resident numbers increased by 0.3%, from 646,048 to 647,937. The unincorporated population as a percentage of the total population has decreased from 30.6% in 2002 to 29.5% in 2011. This trend is primarily a result of annexation of the unincorporated area by municipalities.

Number of Visitors - St. Petersburg/ Clearwater Area: Tourism is a key indicator to the economic growth and strength of Pinellas County. The number of people visiting Pinellas County in 2011 totaled 5,235,200, a 11.0% increase over the 2002 number of 4,714,432. Over the same period, the number of foreign visitors increased by 10.0% from 1,276,770 to 1,404,828, as the number of domestic visitors increased by 11.4% from 3,437,662 to 3,830,372. Within the past three (3) years, domestic visitors increased annually by 1.7% versus a 4.5% annual increase for foreign visitors. Total visitors increased annually by 2.4% over the 3 year period.

<u>Unemployment Statistics:</u> Pinellas County's unemployment rate in 2002 was lower than both the State of Florida and the United States rates. Since 2002, the County's unemployment rates have been similar to the State of Florida's rates; but consistently lower than the national rates. In 2008, that trend reversed. The County's unemployment rate in 2010 was 11.5%, while Florida's was 11.3% and the United States' was 9.6%. In 2011, the County and the State were similar at 10.5%, while the nation's rate decreased to 8.9%.

<u>Total Labor Force</u>: The labor force has declined from 466,262 in 2002 to 441,627 in 2011, resulting in a 5.3% decrease over the ten-year period and an average annual decrease of 0.6%. An increase of 6,224 or 1.4% in the labor force occurred in 2011.

<u>Housing Units Permitted:</u> In 2010, housing units permitted in Pinellas County totaled 697, a decrease of 43.0% from the 2009 number of 1,222. The majority of permitting activity in 2010 occurred in the incorporated area of the County, 88.8%, versus the activity in the unincorporated area, 11.2%. In 2010, permitting activity in the incorporated area decreased by 282 permits to a total of 619, which represented a 31.3% decrease from 2009. Activity in the unincorporated area during 2010 totaled 78, a decrease of 243 permits or 75.7% decrease.

<u>Taxable Sales:</u> Taxable sales in Pinellas County increased 2.7% to \$12.0 billion in 2011, from \$11.7 billion in 2010. Between 2003 and 2006, taxable sales increased every year to a high of \$15.0 billion. Sales declined during the recession and a slight upturn occured in 2011.

For all of the graphics and charts relating to the County's taxable value, the data is presented on a budget year basis. Therefore, the data reflects actual activity occurring through December 31 of the preceding year. However, the 2012 County taxable value is the official estimate from the Pinellas County Property Appraiser.

<u>Taxable Value</u>: <u>County-wide (including new construction)</u>: The county-wide taxable value has grown from \$49.6 billion in 2004 to an estimated \$54.4 billion for 2013, an average annual increase of 2.6%. The estimated decrease of 1.8% between 2012 and 2013, and 32.1% decrease since 2008, are due to several factors: the approval of the State's Constitution Amendment 1 increasing the Homestead Exemption in January 2008; the current real estate environment; and new guidelines regarding short sales and foreclosures being used by the Property Appraiser.

<u>Taxable Value: County-wide New Construction:</u> The 2013 estimated new construction value of \$249.8 million represents a decrease of \$97.0 million or 28.0% less than 2012. The new construction taxable value estimate for 2013 is 0.5% of the total taxable value.

<u>Taxable Value: MSTU (including new construction):</u> Taxable value has decreased in the unincorporated area of the County from \$14.4 billion in 2012 to an estimate of \$13.9 billion in 2013, a decrease of 3.3%. The unincorporated taxable value as a percentage of the total county-wide taxable value has decreased from 28.3% in 2004 to 25.6% in 2013.

<u>Taxable Value MSTU New Construction:</u> Unincorporated area new construction taxable value shows a decrease of 29.6% between the 2012 value of \$53.8 million and the 2013 value of \$37.9 million. New construction 2013 estimate has declined 84.9% since the high of 2004, \$251.8 million.

County-wide Aggregate Property Tax Rate:

The approved 2013 county-wide property tax rate of 5.9885 mills increased 0.2749 from the 2012 adopted rate due to the increase in the County's Medicaid contributions required by the State to alleviate the State's accounting backlog. This aggregate millage rate includes the following: General Fund, 5.0105; Health, 0.0622; and EMS, 0.9158. Please note that all of the millage rates, with the exception of EMS, are levied on all taxable property. The EMS millage is levied on only real property. The taxable value estimate for all taxable property is \$54.4 billion versus the taxable value estimate of \$50.4 billion for real property only.

County-wide Property Tax Collections: County-wide property tax collections increased annually from 2004 to 2007. The decrease of the 2008 receipts reflected the impact of the State's 2007 Property Tax Reform and the County's millage rate reduction. The decrease in 2009 collections primarily resulted from approval of the State's Constitution Amendment 1 in January 2008 allowing for an increased Homestead Exemption up to \$50,000. Current economic condition's impact on housing values, continue to decline; and increase collections shown for 2012 and 2013 are based on the increase in the Aggregate Property Tax Rate.

MSTU Property Tax Rate: The approved 2013 MSTU property tax rate of 2.0857 mills is the same as the 2012 adopted rate. The taxable value estimated for all MSTU taxable property is \$13.9 billion.

MSTU Property Tax Collections: The MSTU property tax collections are a direct result of the MSTU property tax rate and the MSTU taxable value. The MSTU property tax collections are used to fund a variety of services benefiting only the unincorporated area of the County.

Penny for Pinellas - County Share: The Penny for Pinellas (Local Infrastructure Sales Tax) was established as a result of a county-wide referendum in November 1989, extended until 2010 by a referendum passed in March 1997, and extended again to year 2020 by a referendum passed in March 2007. The surtax is a one (1) percent levy on sales up to \$5,000. The County uses this sales tax revenue for capital projects in the areas of transportation, public safety, parks, environmental protection, storm water management, and government facilities. Of the tax revenue from February 2000 through January 2010, \$80 million was earmarked for the jail facility and related improvements. The latest 10 year extension started with collections in February 2010 and earmarks \$225 million for jail and criminal justice related facilities. The remaining sales tax revenue is divided between the County's 24 municipalities and the County, pursuant to an interlocal agreement. The chart reflects the County's share of these proceeds. The County's receipts have fluctuated between a low of \$69.0 million in 2004 to a high of \$77.5 million in 2006. The 2010 agreement change results in 2012 estimates exceeding 2006 receipts.

<u>Local Option Gas Tax:</u> In accordance with Section 336.025(7) Florida Statutes, Pinellas County levies a six (6) cents per gallon tax on motor fuel sold. The tax is in effect through year 2017. Pursuant to a revised interlocal agreement, the County retains 60% of the proceeds from the local option gas tax and the remaining 40% is allocated to the municipalities within the County. Prior to year 2007, the proceeds were distributed as 75% County, and 25% municipalities. The chart reflects the County share of the proceeds. The County uses the proceeds to fund operations and maintenance of the County's transportation system, and transportation capital projects.

1/2 Cent Sales Tax: The State of Florida levies a sales tax of six (6) percent on the purchase of consumer goods, with a variety of exemptions for non-prepared food items, prescription drugs, services, etc. The state returns 8.814 percent to the local governments. This allocation to the counties and municipalities is determined by a state-mandated distribution formula, which considers taxable sales and population. The chart reflects the County share of the proceeds. Pinellas County uses this revenue in support of general fund operations. Receipts declined by 18.9% from 2006 through 2010. Receipts in 2011 increased 3.2% from 2010 receipts. It is trended to increase over the next 2 years: 2012 Estimate, 4.7%; and 2013 projection, 3.5%.

State Revenue Sharing: The State Revenue Sharing Act of 1972 established trust funds for certain State-levied tax monies to be shared with counties and municipalities. The Revenue Sharing Trust Fund is now funded by a portion of sales tax collection, as a result of action taken during the 2000 State legislative session. Prior to 2001, the major sources of these funds were cigarette taxes and intangible personal property taxes. The State formula for distribution is now based upon population and sales tax collections. The chart reflects the County share of the proceeds. The receipts from this source in 2013 are expected to be halved due to the implementation of the State's Medicaid mandate. Pinellas County estimates \$14.2 million in State-shared revenues in 2012 and \$7.3 million in 2013. The State plans on holding back part of these funds until 2017. Pinellas County uses this revenue in support of general fund operations.

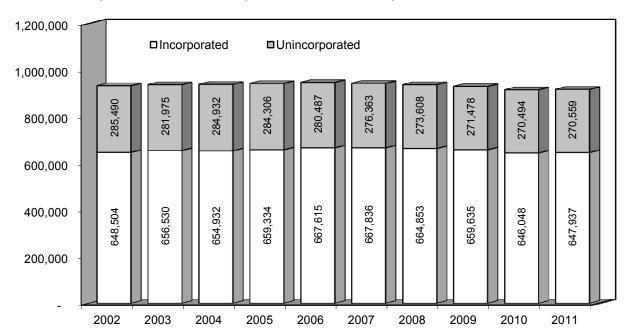

<u>Tourist Development Tax:</u> The County imposes a Local Option Resort/Tourist Tax, also known as the Tourist Development Tax of five (5) percent on most rents, leases, or lets which have been contracted for periods of six (6) months or less, or living accommodations in hotels, motels, apartment houses, rooming houses, and mobile home parks. In FY 1988, the Tourist Development Tax was increased from the initial two (2) percent to three (3) percent to provide additional revenue for tourist development activity. Of this, one-half (1/2) of the additional one (1) percent is earmarked

for the Pinellas County Beach Renourishment program. In FY 1996 (effective January 1, 1996), the tax was increased from three (3) percent to four (4) percent. The fourth cent is restricted to debt service on the City of St. Petersburg's Excise Tax Bond, Series 1993, in accordance with the provisions of Section 125.0104(3)(1), Florida Statutes. The imposition of the fourth cent provided for the release of proceeds to provide additional revenue for increased promotional activity and beach renourishment. In FY06, (effective December 1, 2005) the tax was increased from four (4) percent to five (5) percent. The fifth cent is exclusively for promoting and advertising tourism internationally, nationally, and in the State of Florida. 2009 was first year-over-year decline since 9/11 impacts resulted in a downturn in 2002. Collections recovered in 2011 from 2010 decline; and are estimated to increase 9.5% in 2012. The 2013 projected collections at 95% reflect a decrease of 3.3% from the 2012 estimates.

General Fund Beginning Fund Balance: This resource reflects the amount of carry forward revenue the County has at the beginning of each fiscal year in the General Fund. The categories of fund balance are defined in the County's budget policies.
