This Article provides the policy steps applicable to EDP.

**STEP 1:** A hazard assessment will be conducted by the Employer with the assistance of the appropriate technical expert (i.e. industrial hygienist (IH), environmental specialist, safety specialist) of the work place and will be used to identify those specified hazards associated with the Military Technician's assigned tasks. The appropriate supervisor will notify the next higher level of supervision and the State Safety Office of the results. The Safety Office will provide assistance to meet all requirements of Steps Two and Three.

**STEP 2:** IH practices {i.e. means of mitigation, PPE, engineering practices, exposure limits}.

**15-3 PAYMENT OF EDP:**

**A.** A Military Technician entitled to EDP shall be paid in an amount equal to the percentage rate authorized by OPM for the category in which the hazard or working condition falls, multiplied by the rate for second step of a WG-10 on the current regular non-supervisory wage schedule for the wage area for which the differential is payable, counting one-half cent and over as a whole cent.

**B.** When a Military Technician is entitled to EDP, which is paid on an actual exposure basis, they shall be paid a minimum of one (1) hour differential pay for the exposure. **C.** A Military Technician entitled to EDP on the basis of hours in a pay status shall be paid for all hours in a pay status on the day on which they were exposed to the situation.

**D.** A Military Technician may not be paid more than one environmental differential for a particular period of work.

**E.** The payment of EDP is computed on the basis of the highest environmental differential rate authorized during the period of entitlement.

**F.** The numbers of hours a Military Technician is paid EDP shall not exceed the number of hours of duty performed by the Military Technician on the day of exposure except as required by

paragraph C of this section.

**15-4 DOCUMENTATION OF EDP:**

- 1) Enter name, SSN, Unit, and location of the Military Technician(s) concerned.
- 2) List the category number of exposure. Show all exposures as they occur each workday. When exposure occurs under more than one category, intermittently for the same category, or concurrently with more than one category on the same workday, list each individual exposure separately to include actual clock times.

B. Duration of exposure: List the date, inclusive clock time in the “from” and “to” columns, and actual elapsed time in hours and minutes of each category of exposure shown in the preceding column (e.g. 1 Jan 1998; 1 p.m.-3:25 p.m; 2 hours and 25 minutes).

C. The appropriate supervisor authorized to certify the time and attendance card will certify the exposure for pay purposes in approved situations.

**20-5 EXCLUSIVE PROCEDURE:**

The Employer and the Labor Organization agree that the negotiated procedure is the exclusive procedure available to the Labor Organization and the Military Technician(s) in the Bargaining Unit for processing of any grievance.

**20-6 TECHNICIAN RIGHTS:**

All Military Technicians have the right to present their grievances to the appropriate management officials for prompt consideration. This procedure provides a means for the prompt and orderly consideration and resolution of Military Technician(s) or Labor Organization grievances. In exercising this right, the Military Technician(s) and the representative will be free from restraint, coercion, discrimination, or reprisal.

**20-7 GRIEVANCE FILE:**

It is agreed that Employer will maintain a grievance file in accord with appropriate regulations.

**20-8 PRESENTING A GRIEVANCE:**

- a. A grievance must be presented using the agreed to grievance form which is included as part of this Article.
- b. The Labor Organization has the right, on its own behalf or on the behalf of the Bargaining Unit Technician(s), to present and process grievances.
- c. If a Military Technician or group of Military Technicians elect to present their grievance without the assistance of the Labor Organization, adjustments of the grievance may not be inconsistent with the provisions of this agreement.
- d. The appropriate supervisor or manager involved will notify the Labor Organization of grievance proceedings and inform them of the time and place of such proceedings. The point of contact will be a chapter officer.
- e. Question of Grievability. In the event either party should declare a grievance, non-grievable or non-arbitrable, the original grievance shall be considered amended to include this issue. The Employer agrees to raise any question of grievability or arbitrability of a grievance prior to the time limit for the written answer in step 2 of this procedure. All disputes of grievability or arbitrability shall be referred to arbitration as a threshold issue in the related grievance.

**20-9 TECHNICIAN/LABOR ORGANIZATION GRIEVANCE:**

A. Procedure. Most grievances arise from misunderstandings or disputes which can be settled promptly and satisfactorily on an informal basis at the immediate supervisory level. The Employer and the Labor Organization agree that every effort will be made by management and the aggrieved party(s) to settle grievances at the lowest possible level. Inasmuch as dissatisfaction and disagreements arise occasionally among people in any work situation, the

filing of a grievance shall not be construed as reflecting unfavorably on a Technician's good standing, their performance, or their loyalty or desirability to the organization or mission. Official time during work hours, will be allowed for Technician and Labor Organization representatives to investigate, prepare for, and present grievances, including attending meetings with Employer officials.

**Step 1.** Any grievance shall first be taken up orally by the concerned Military Technician and the immediate supervisor concerned. Grievances must be presented within thirty (30) work days from the date the incident or actions occur which causes the Technician to be aggrieved. The Labor Organization representative must be present if the Technician so desires. Should the Military Technician not seek Labor Organization representation, a Labor Organization representative will be present to observe the grievance proceedings.

**Step 2.** If the matter is not satisfactorily resolved following the initial discussion, the Labor Organization representative may, within five workdays, submit the matter, in writing, to the Activity Supervisor. The Activity Supervisor will meet with the Labor Organization representative, and any aggrieved Military Technician, within five workdays after receipt of the grievance. The Activity Supervisor will give the Labor Organization representative a written answer within five workdays after the meeting.

**Step 3.** If the grievance is not settled at Step 2, the Labor Organization representative, may, within five (5) work days, forward the grievance to the Program Manager (Surface Maintenance Manager, or State Aviation Officer) for further consideration. The Program Manager will review the grievance, consult with the Labor Organization, and give the Labor Organization a written answer within five (5) work days after receipt of the grievance.

**Step 4.** If the grievance is not satisfactorily resolved at Step 3, the grievance, with all attached responses through Step 3, will be submitted to the Adjutant General for decision. If the Adjutant General does not satisfactorily resolve the grievance by his written answer within fifteen (15) work days after receipt, the Labor Organization or the Employer may refer the matter to arbitration.

**B.** Multiple grievances involving the same subject matter and arising from the same functional area, may be submitted as one grievance following the procedure hereabove described.

**C.** Under this Agreement a grievance will be withdrawn:

1. At the Military Technician's request, or
2. At the Labor Organization's request; or
3. Upon death of the Military Technician, unless a grievance involves a question of pay.

**D.** Extensions. Under this Agreement, if management fails to respond to a grievance within the time limits so specified under each Step of this procedure, the Labor Organization and/or the Military Technician(s) concerned, shall have a right to process the grievance to the next step of this procedure. However, time limit extensions may be granted, if warranted by unusual circumstances and if requested, and are mutually agreed to by both parties.

**E.** If both parties agree, Alternate Dispute Resolution procedures using a neutral third party may be used to resolve an issue under this Article. If this process is not successful, then the provisions of rules of Arbitration may be invoked.

#### **20-10 RIGHT TO INFORMATION:**

Upon request and subject to law, rule or regulation management will supply the Labor Organization with any investigation reports and/or documents used in the original action when denying a grievance. This is to insure the Labor Organization has all the necessary information

for a determination to invoke or not invoke arbitration.

**20-11 ARBITRATION PROCEDURES:**

- A. Arbitration may be used to settle unresolved grievances.
- B. Only the Labor Organization or the Employer may invoke the provisions of this section.
- C. If either party questions the arbitrability of a matter because of alleged conflicts with applicable existing law or circumstance(s), the arbitrator will simultaneously hear the question of arbitrability and the merit(s) of the case. The arbitrator will then rule on the question of arbitrability and when applicable, the subsequent question(s) on the merits of the case.

**20-12 ARBITRATOR SELECTION:**

When arbitration is invoked, the party invoking arbitration may request a list of seven arbitrators from the Federal Mediation and Conciliation Service (FMCS) and concurrently inform the other party of its intent. Within seven (7) working days of receiving the list, both parties shall meet to select an arbitrator. If agreement cannot be reached regarding the selection of an arbitrator, then the parties will alternately strike the names from the list until only one (1) name remains. The individual's name remaining will be duly selected to hear the grievance. The parties agree that if the selected arbitrator is unavailable to hear the grievance within thirty (30) days the parties may select a new arbitrator using the above procedures. If either party fails to participate in the selection process, the arbitration action will proceed with the requesting party accomplishing the selection.

**NOTE:** If the chosen arbitrator cannot hear the case within thirty (30) days the intent of Section 19-14 is to allow the parties to select from the remaining names on the list or request a list of seven additional names.

**20-13 ARBITRATION EXPENSES:**

The arbitrator's travel and per diem as authorized under the JTR shall be borne equally by the Employer and Labor Organization. The responsible party for any other expenses incurred will be determined by the arbitrator. If a transcript is required or used during the arbitration proceedings, management agrees to pay for any costs that might be incurred. Upon request, a copy of the transcript will be provided to the Labor Organization at its own costs.

**20-14 DATE AND LOCATION:**

The arbitration hearing shall be held on a date and at a location mutually agreed upon by the parties.

**20-15 FLRA EXCEPTIONS:**

The parties understand the Federal Labor Relation Authority has promulgated regulations providing for filing of exceptions to an arbitrator's award. The period for filing of exceptions is not later thirty (30) days from the date the award is served on the parties. The date of service is the date the arbitration award is deposited in the U.S. mail or is delivered in person. It is understood that if no exceptions to an award are filed during this thirty (30) day period, the award shall be final, binding and effective on the thirty-first (31<sup>st</sup>) day.

**20-16 COMPLIANCE:**

Certificate of compliance with the decision of the arbitrator, to include corrective action where appropriate, shall be provided to the other party as soon as practical.

**ARTICLE 21**  
**UNFAIR LABOR PRACTICE PRECHARGE PROCEDURES**

It is agreed that all initiated unfair labor practice charges will be submitted to the other party for resolution. Each unfair labor practice submitted will state the factual basis of the charge. It is further agreed that a written response to other party within fifteen (15) calendar days of receipt of any such submission, unless an extension is mutually agreed to.
