Dear Ms. One-Stop Manager,

Thank you for agreeing to be part of our Cost Study of California One-Stops. Your cooperation will help us gain a better understanding of how One-Stop Career Centers operate. This study is a major priority for the State WIB. Once our analysis is complete, we will provide you with an analysis of your data benchmarked against other California One-Stops, which will provide you valuable management information.

Essentially we are asking for four types of data: first, information about expenditures for the closed 2005-06 fiscal year; second, how your staff and partners spent their time during 2005-06; third, an estimate of the services the Subject One-Stop Center produced in 2005-06; and fourth, a simple report on your partners who play a limited role in your One-Stop. We ask that you use the best available data, but as the directions on the instruments indicate, it is OK to estimate when needed. We have enclosed a series of simple data-collection forms that you should be able to complete easily from existing records or your own estimates. **Please return the completed forms by this date, 2007.** You have both paper and electronic copies.

The following pages contain a list of enclosed survey instruments that can serve as a checklist; as you collect data, simply check off each completed form.

Here are the types of data collection forms enclosed in this package:

- A. Expenditure Information
“Subject One-Stop Center Expenditures as Traced from Agencies’ Total Costs”
 (“Cost Study template”)

The spreadsheet should be completed by:

___ Your Local Area fiscal person (for Local Area expenditures and also for WIA expenditures in the One-Stop)

- B. How staff spent their time in PY 05/06
“Effort Allocation Data Collection Instrument”

- To be completed by each responsibility center in the One-Stop
- Subject One-Stop Center – Universal Services Staff
 - Subject One-Stop Center – Registered Services Staff
 - Subject One-Stop Center – Business Services Staff

C. Services Produced

“Service Lines Data Collection Instrument”

There is just one instrument summarizing all the services produced by the One-Stop.

To be completed by One-Stop Management:

- One-Stop Management

D. Information on Partners

“Partner’s Short Survey Form”

To be completed by each of the following partners:

- Retired People’s Association
- Veterans Resource Association
- Junior College
- Local University
- County Human Services Department
- Local SBDC

(EDD and the Department of Rehabilitation do not complete this form.)

If you feel that this partner list is incomplete please add to the list and have any additional partners complete the ““Partner’s Short Survey Form””.

E. EDD Form – Cost Allocation Detail Sheet

- EDD Manager

Also enclosed are:

- A set of instructions containing an overview of the fiscal data-collection forms, with information on how to go about making some of the calculations. We encourage you and your major partners to review this set of instructions. **We only want to know about services and activities that occurred “under the roof” of your One-Stop. Services or activities that occurred elsewhere or which were “contracted out” are not included, even if they served One-Stop clients.** For example, if a client got an ITA to receive training at a community college, the cost of that ITA is not included because the training did not occur in the One-Stop, but if the client is case managed by One-Stop staff the cost of the case management is included in our analysis.

- A USB “flash drive” containing all these files. The flash drive has three folders:
 - One folder is labeled “Data Collection Forms.” This folder contains most of the data-collection forms and directions listed above. The forms in this folder can be filled out electronically or by hand on the printed copies provided.
 - The second folder is labeled “Electronic Fiscal Forms.” This folder contains the subset of the data-collection forms that we’d like to have filled out electronically. **Please fill out the contents of this folder electronically.**
 - The third folder is labeled “EDD” and it contains the instructions and forms for the EDD Manager to complete. **Please complete this spreadsheet electronically.**

Once you have reviewed the forms, please call us with any questions you may have.

Once all the data-collection forms have been filled out, **please keep a copy of everything** and send the originals, including the flash drive containing electronic information, in the enclosed self-addressed stamped envelope to:

If you have questions, please call Andrew Wilson, the Research Assistant for this study, at 818-677-6400.

I want to remind you that all the data you provide will be confidential. We will not identify you or any of your partners in our reports or analysis.

Once again, thanks for your willingness to participate in this important project and we look forward to returning your analyzed data to you. If you have any questions about the project please contact either Andrew or me at 818-677-6400 or via email at andrew.wilson.68@csun.edu or richard.moore@csun.edu.

Sincerely,

Richard W. Moore, Ph.D.

Total	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -

On this spreadsheet we have listed the Responsibility Centers that you told us your organization is divided into. It is important to this study that your 05 / 06 Expenditures (column B) be allocated into these Responsibility Centers. If you decide that the above Responsibility Centers are not correct, please feel free to change them. However, should you change the Responsibility Centers on this spreadsheet, please remember that you still need to complete an Effort Allocation Worksheet (included with the original Survey package) for all Responsibility Centers.

Note 1: Salaries and Wages include full-time and part-time salaries and wages, including overtime and all other forms of employee remuneration for work performed.

Note 2: Space Costs include the cost of rent, utilities (water, sewer, electric, telephone and the like), liability insurances, security, maintenance of the building and the like.

Note 3: Contracts for Services costs include contracts for services performed by non-employees, such as equipment maintenance or security. In workforce agencies, it includes the amounts paid to subcontractors for training and support as well as the cost of services for consultants.

Note 4: Equipment and Associated Costs include any equipment purchases, together with its installation, maintenance and ongoing operations (paid by contract to outside agencies)

Note 5: Some Agencies are supported by a parent organizations (a.k.a. Home Office or Headquarters) and the cost of that organization may or may not show up in the local Agency cost structure. If your agency receives charges from a parent or HQ agency, and that cost is not booked in your records, please include it in this line. This cost will need to be traced to the various line item objects listed above in a manner that reflects what the cost benefits.

Note 6: The total expenditure column numbers should be obtained from your fiscal officer or they can be taken from your year end close out report. The expenditure column numbers are exclusive to the resources used to operate this subject One-Stop except for cost added in line 13 which is indirect cost attributable to the One-Stop.

Note 7: **Responsibility Centers** are units that are managed by a unique supervisor, have a unique organizational structure and budget, and accomplishes certain tasks for part of the organization's overall mission. The arraying of Responsibility Centers will parallel an organizational chart. Each Unit in an organizational chart will typically be its own Responsibility Center. Our Study isolates cost to Responsibility Centers and then obtains production and effort information from each so the cost can be matched (attributed to) the various service lines that each Responsibility Center participates in producing.

Note 8: **Contracts for Services** can be for "under the roof" activities or external activities. All contracts that are under the roof must be traced (associated) to the responsibility centers that supports the functions the contract was for. (e.g., a contract for assessment analysis used in registered services should be included in the registered services responsibility center.). The most typical contract costs that occur away from the One-Stop (not under the roof) are Individual Training Account payments. These costs need to be traced to the final column in the worksheet labeled "Contracts"

Instructions

One-Stops provide a wide array of services. Here we define a list of services commonly found in One-Stops and some measures of those services. In the matrix below complete the following steps:

1. Review the services and their definitions. If your One-Stop provides this service simply check the Yes box under the service name or if you did not provide this service in 2005-06 check the No box.
2. For the services where you checked “Yes”, in the “Quantity” column on the far right, indicate the amount of the service you produced in the **2005-06** program year. If you do not track a particular measure simply put NA in that field. **Important:** All services reported should be for your One-Stop only and not include data for other One-Stops in you local area. You will want to make sure that you consult with your partners to get the full count of various services, we are not just interested in WIA participants, we want information on all the people served by your One-Stop. At the same time we want to avoid duplicate counts.

The services are divided into four groups based on the client group: Universal Services, Enrolled Services (services to clients enrolled in programs, these may be WIA programs, or other programs which require formal enrollment like CalWorks), Business Services and Youth Services.

To the degree you have “hard data” (i.e. printed or electronic records) please use them. For example, if you have a count of universal access visits please use it. To the degree that you can estimate from records please feel free to estimate. For example you may not have a complete record for workshops given, but if you have a regular schedule of workshops each month you can estimate the number of workshops by reviewing records for a typical month and multiplying by twelve.

Effort Allocation Data Collection Instrument

Personnel at One-Stops spend their working hours on a variety of activities. The purpose of this form is for you to estimate how people spent their time in program year **2005-06** in different units within your one-stop. In the matrix below complete the following steps:

1. In our first call to your One-Stop you identified the basic organizational units in your One-Stop. We have prepared a form for each unit. Check the list below and make sure that it is correct and that all your staff can be put into one of these units. If not please call us.

List of Responsibility Centers:

- a. Subject One-Stop Center – Responsibility Center #1
- b. Subject One-Stop Center – Responsibility Center #2
- c. Subject One-Stop Center – Responsibility Center #3

We need to account for 100% of the staff who work in your One-Stop with these groups.

2. Review the activities and their definitions before you begin, so you have a sense of all the activities included in our model.
3. Please distribute a copy of this form to the manager of each organizational unit defined in (1) above.
4. In the far right column, have each unit manager indicate the percentage of effort his or her staff spent on each activity during the **2005-06** Program Year. Remember, each manager must distribute 100% of their unit's effort across these activities.

Instructions: Think about all the time staff in your unit spent working in the One-Stop in 2005-06, think of all this effort as 100%. Then using your best judgment, distribute that 100% across all the activities that went on in the One-Stop using the form below. Please fill in the grey cells with percentages that indicate the relative amount of staff time that went into the various activities listed in the left-hand column. It is quite likely that your staff will have spent no time on some activities, in that case simply enter a 0. When you are done, all the percentages you reported must add to 100%.

Note: You will have some activities, such as reception, which are not listed. These activities are likely to be activities which support other activities. For example, reception supports the resource room, services for enrolled clients, and so forth. When estimating effort, allocate this time to the activities it supports. So, some of the time that goes into reception should be distributed to “coaching” in the universal area, or “case management” in the enrolled area and so forth.

Figure D-6: Partners Short Survey Form

Partner's Short Survey Form

Partner:

This questionnaire is for partners who are involved in only a few activities under the roof of your One-Stop **2005-06** program year. For example, an adult education program that offers GED and ESL classes in your One-Stop, or a community college which stations a counselor at your One-Stop should use this short form.

To complete this form work with your partner to get the data you need. Here are the simple steps involved:

1. Identify the agency.
2. List the services they provide (please use the list of services attached at the end of this document)
3. Provide the best measure you have or can estimate about the amount of service provided during the 2005-06 program year (see the "Service Line Data Collection Instrument" for ways to measure service). Please also include this service count in the comprehensive "Service Lind Data Collection Instrument" which covers all activities in your center.
4. Estimate the "fully loaded" cost of these services. By fully loaded cost we mean the salaries of staff plus fringe benefits, any other direct or indirect costs such as assessment instruments or instructional materials provided by the agency, and appropriate agency over head. The attached matrix provides and example of calculating fully loaded cost.

As you can see in the example below the local community colleges participates in two activities, counseling about opportunities at the community college two afternoons a week, and workshops for small businesses on finance and HR practices.
