To Decline Notification to School District of a Potentially Eligible Child

Opt Out Form

The Infant Toddler program serves children only until age 3 and begins the transition of children to preschool or other appropriate services at 2 ½ years of age. As part of this process, your child's name, date of birth, and contact information is shared with the local school district. This information assists the school district in planning services for potentially eligible preschool children. Sharing this information does not require or imply that your child will be eligible or will be served by the school district.

If you do not want your child's name, date of birth, and contact information to be shared with the school district, please sign below. Your signature reflects your choice <u>not</u> to have this information shared and may impact your child's transition and future services through the school district.

I understand that by signing, I am requesting that information about my child (child's name) NOT be shared with our local school district.
