1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

The Division of Financial Management is requesting an additional Financial Management Analyst position to help absorb increased workload. The Division's responsibilities and workload has grown considerably over several years due to the needs associated with additional state employees and programs being managed, although no new analyst positions have been added. Currently, there are seven analyst positions in the Division funded 100% from General Funds for a total of \$360,000.

2. What resources are necessary to implement this request?

- a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire and terms of service.
- b. Note any existing agency human resources that will be redirected to this new effort and how existing operations will be impacted.
- c. List any additional operating funds and capital items needed.

General Funds will be needed to fund this position. Over \$45,000 in overtime costs have been paid out to analysts because of increased workload requirements. The cost avoidance generated by reducing the overtime costs paid out to analysts the past three years will help offset the salary costs associated with the new position. If authorized, this is a full-time position of Financial Management Analyst; Pay Grade 39; Hire date July 1, 2009. Annual pay for the position plus 5% is \$36,200 and \$17,400 for the eligible benefits. The operating costs are for supplies, training and travel for a total of \$7,500 and capital outlay costs for necessary computer equipment totals \$4,000.

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.)

Non-General funds should include a description of major revenue assumptions: new customer base, fee structure changes, ongoing anticipated grants, etc.

This position will be funded by ongoing General Funds.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

The Governor's Office, the Division of Financial Management and state agencies will be served by this request. An additional analyst position will enable the Division to work more efficiently and better serve the Governor's office and state agencies by reducing current analyst's excessive workload. Analysts are currently being forced to work excessive hours of overtime in order to fulfill the Divisions' needs. Indicators suggest that this current strained workload is more likely to increase than to stabilize.

1. What is being requested and why? What is the agency current staffing level for this activity and how much funding by source is in the base?
The Division of Financial Management is requesting funding for new office space. The Division's current office space has been cramped for several years. As the Division has continued to expand in personnel, workload, and equipment, the current office space is no longer adequate to meet the Division's needs. General Funds totaling \$66,000 are currently in the base for 6,350 square feet of office space.
2. What resources are necessary to implement this request?
 - a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire and terms of service.
 - b. Note any existing agency human resources that will be redirected to this new effort and how existing operations will be impacted.
 - c. List any additional operating funds and capital items needed.**General Funds will be needed to fund this move. If authorized, moving costs figured at \$250/person would total an estimate of \$6,300. An additional \$1,500 for one-time phone connection costs are also needed. Adding 635 square-feet, which represents a 10% increase in space, will cost an additional \$6,600 per year based on the current rate of \$10.40/sq.-ft. charged by the Dept. of Administration for state office space. The larger accommodations will enable the Division to continue to fulfill the duties, responsibilities and authority as designated in Idaho Code 67-1910 through 67-1918 to manage and advise on State agency budget issues.**
3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumptions: new customer base, fee structure changes, ongoing anticipated grants, etc.
This move will be funded by General Funds, as noted above.
4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?
The Governor's Office, the Division of Financial Management and state agencies will be served by this request. New office space would create a better work environment enabling the Division to work more efficiently and better serve the Governor's office and state agencies. There will be some cost avoidance with the reduced utility costs of the newer, energy-efficient building. If the request is not funded, Analysts will be forced to work in inadequate space. The confined quarters are restrictive, allow for little concentration, and hinder productivity.

Prepared by:	Agency Expert	E-mail Address:	aexpert@DEQ.State.id.us
Telephone Number:	208-373-0196	Fax Number:	208-373-0231
DFM Analyst:	Larry Schlicht	LSO/BPA Analyst:	Ray Houston
Date Prepared:	8/15/2007	For Fiscal Year:	2009

FACILITY INFORMATION (please list each facility separately by city and street address)

Facility:	State Office		
City:	Boise	County:	Ada
Street Address:	1410 N. Hilton	Zip Code:	83706
Facility Ownership Information:	Private Party	State Agency	
(Please put "X" in appropriate box)	X		

Function/Use of Facility: *Examples could be administrative use, client counseling, hearing rooms, field offices, etc. Address any "specialized needs" which require additional footage.*

State Administrative Office.

Comments: *May be used to address reasons for expanding or relocating. Indicate amount of space provided to other entities, such as other agencies, federal agencies, etc. Also indicate the amount of rent they pay for the use of the facility.*

DEQ-State Office is at maximum capacity. Will need to expand in FY 2009 due to NPDES program. Planning for footprint for new wing to existing building in process.

Fiscal Year:	ACTUAL 2007	ESTIMATE 2008	REQUEST 2009	ESTIMATE 2010	ESTIMATE 2011	ESTIMATE 2012
---------------------	------------------------	--------------------------	-------------------------	--------------------------	--------------------------	--------------------------

Surplus Property: *Facilities that are to be disposed of and funds re-utilized for replacement of building or renovation of facilities. This could also include leased facilities if the leased premises are to be vacated prior to the expiration of the lease.*

Surplus Property to be disposed in: (Please put "X" in appropriate box)						
--	--	--	--	--	--	--

Work areas would include areas occupied by full-time employees, contractors, seasonal employees, auditors, etc. (3 people working in 1 building would be 3 work areas).

Number of Work Areas	245	245	320	320	320	320
Full-Time Equivalent Positions:	175	175	230	230	230	230
Temporary Employees, Contractors, Auditors, etc.	70	70	90	90	90	90

Use "net rentable" square feet if in a facility leased from a private party; use "usable" square feet if in a State-owned office facility. Typically, this will be the figure shown in the lease or the MOU.

Square Feet:	66,863	66,863	110,000	110,000	110,000	110,000
---------------------	--------	--------	---------	---------	---------	---------

Include annual rent, plus all other facility-related costs, such as utilities, janitorial service, property taxes, or building maintenance, which are not included in the rent payment made to your Landlord. If improvements will need to be made to the facility and will be paid by the agency, this should be included as well. If the lease will be expiring and the future rent is not specified in lease agreement, increase rent by 3% per year. Increase all other facility-related costs by 3% per year as well. Use "Calculation Sheet" on next worksheet if necessary. Do not include telephone costs or rent discounts. If you anticipate moving to a new facility, you need to take into account any increase in square feet leased and estimate a new market rate for the new facility. Do NOT use your old rate per square foot - it may not be a realistic figure.

Total Facility Cost Per Yr:	722,120	722,120	1,250,000	1,250,000	1,250,000	1,250,000
------------------------------------	---------	---------	-----------	-----------	-----------	-----------

Upon completion, please return all sheets electronically to Facilityplan@adm.idaho.gov **AND** attach a hardcopy of each sheet with your budget request. If you have 5 or more locations, please summarize the information on the Facility Information Summary Sheet and include this summary sheet with your budget request as well.
