X. Consideration and Possible Vote to Take Action Regarding Future Meeting Dates, Locations, and Topics – Dr. Mark Osborn, Chairman

Trust members unanimously consented to set the next meeting on Tuesday, September 22, at 5:00 PM at Picher City Hall.

PUBLIC COMMENT NOTES:

<u>Margaret Waters</u> asked why her parcel was pulled from the agenda. Chairman Osborn explained that it had been pulled in order to be updated, which possibly could result in more money for her. Her son said they never got the appraisal report for this property, even though the appraiser told them they could have the report. Larry Roberts explained that appraisal reports are not given out until after the property closes, although they can be reviewed at the time the offer is made.

<u>Doyle Alsbury</u> inquired about a property at 612 S. Ella. Larry Roberts stated that it is scheduled to be appraised by the next meeting. Mr. Alsbury also stated his cousin Jerry Hix had accepted an offer on July 30th and hadn't heard more. Chairman Osborn stated that they were probably working on title issues since the property involved deceased owners but asked him to visit with Larry Roberts to be sure.

<u>Mayor Reeves</u> inquired about the status of his request for re-review due to errors he found in square footage, lots missing, and comparables. Larry Roberts stated that the appraisers were looking into it.

XI. **Adjourn** – *Dr. Mark Osborn, Chairman Time:* <u>6:43 PM</u>

Motion: <u>to adjourn.</u>

Buyout Guidelines

Application Guidelines

- 1. Any issues or concerns raised regarding another applicant will be handled appropriately by the Trust, but resolution of such issues will not be addressed to the complainant.
- **2.** Any applicant who wishes to be moved to a lower priority or be taken out of the buyout must submit a written request to the Operations Manager.
- **3.** Groups of applicants who wish to be bought out together, such as families or caregivers and those in their care, will be bought out based on the lowest priority assigned to any applicant in that group. Such a request must be submitted in writing to the Operations Manager by all applicants within said group.
- 4. Qualifying Residential and Non-Residential Applications received after the October 14, 2006 deadline will be placed in Priority 3. Extraordinary Hardship Applications received to accompany a Residential Application that was submitted by the October 14, 2006 deadline will be accepted, if approved, until such date that randomization of Priority 1 Group 3 has been completed. May 15, 2009 will be the last day the Trust will accept applications for buyout assistance.

Applicant Qualifications and Priority

- 5. Special circumstances that require investigation will be addressed by the Operations Manager. If the matter is not resolved by that investigation, the Operations Manager will refer the application to the Prioritization Subcommittee for review. The Prioritization Subcommittee will review the situation and present its findings to the Trust for approval or rejection. The Trust or its designees may require additional proof of occupancy or ownership of structures beyond that submitted with the buyout application.
- **6.** In order to qualify for the buyout, a church must provide a federal tax exemption certificate, tax return for 2005 demonstrating its status as an organized church, or other proof of organization as a church. Churches must also be able to provide clear, marketable title for the property if applicable.
- 7. A home-based business will be appraised as a business only if that is the predominant use of the structure.
- **8.** If the owner of an occupied residence to be bought out both lives in the residence and rents space within the same residence to another, the renter will not necessarily

- receive buyout assistance. Exceptions will be brought to the attention of the Operations Manager. Eligibility will be reviewed on a case-by-case basis.
- **9.** Qualified applicants that continually resided in their home through June 6, 2006, yet have since deceased, will be lowered to Priority 3. However, the appraisal will be expedited for the deceased regardless of priority to preserve value in the event of property damage.
- **10.** Qualified applicants seeking buyout of secondary residences (e.g., vacation or weekend homes) will be lowered to Priority 3.
- 11. Listings of priorities are contained in Attachment 1 of this document.

Appraisal/Acquisition/Closing Guidelines

- **12.** Declining businesses that have been moved into Priority 1 will be appraised at the earliest opportunity to allow the owners to close the businesses.
- 13. Mobile homes older than five years will be appraised and bought out as fixed structures. Owners of moveable mobile homes newer than five years will be paid moving expenses to relocate to another suitable site. If it is determined by the Trust or its appraisal contractor that a mobile home newer than five years cannot be moved, it may be considered a fixed structure.
- 14. Homeowners who choose to move their home to a new location in lieu of accepting a cash buyout must notify the Trust in writing with at least two quotes for said move, including associated costs to prepare the new site. The Trust may seek verification of moving and site preparation costs from an independent contractor. Those choosing this option will be paid at closing an amount equal to the value of a typical residential lot elsewhere in the county in exchange for marketable title to the existing home site, if owned, in addition to reasonable moving and site preparation costs. In no event shall those choosing this option receive more than the appraised value established for the buyout of their property, and all properties must be cleared within 90 days of offer acceptance unless extended by the Trust.
- **15.** All trash, debris, non-operating automobiles, boats and abandoned/dilapidated structures not factored into the appraisal must be removed from properties being bought out prior to vacating and final inspection. Further, all properties must be mowed prior to vacating and final inspection.
- **16.** All pets and other animals must be removed from the property prior to vacating and final inspection.
- 17. WITHOUT EXCEPTION, following appraisal of a residence or business, no built in appliances, built in air conditioners, carports, sheds, fences, fixtures or other structures may be removed by the owner or renter without the express written

permission of the Trust. Applicants may have the opportunity to purchase such items at public auction pursuant to the Structural Disposal Guidelines adopted by the Trust.

- **18.** Moving expenses will be paid as outlined in S.B. No. 1463.
- 19. The Trust's contractors will call each applicant to schedule a time at the applicant's convenience to review the appraisal report and present the Trust's offer. Offers will be made at the applicant's home or in the Trust office. Offers are non-negotiable, although applicants will be able to seek answers to questions or concerns they may have about their appraisal during the offer meeting. Appraisal reports will not be released to the applicants in order to protect the confidentiality of appraisal value determinations. Applicants will be given 15 days to accept or reject the offer given by the Appraisal Firm, unless they have notified the Trust in writing of their desire to delay their decision pending a subsequent offer for other property for which they have applied for buyout assistance. Once an applicant accepts an offer, the Trust's contractors will call applicants to schedule closing on the acquisition at a time that is convenient to both the applicant and the contractor, but in no event later than 90 days after offer acceptance unless a later closing date is authorized by the Trust. Please allow up to 30 days for processing and preparation for closing. Checks will be given to applicants at closing, less a \$3,000 security deposit (as explained below) and any other property liens or encumbrances.
- 20. The time allowed for occupants of residences/businesses/public use structures to vacate their properties will be 90 days after offer acceptance. Renters will have no more than 10 days to vacate after payment. Rental properties must be legally vacant prior to closing with the owner. Any time required beyond 90 days must be authorized by the Trust. The preference of the Trust is to vacate structures as soon as practicable. Depending on the time required to vacate, the Trust may require rental payments and/or a liability waiver.
- 21. The Trust will establish a program to resell purchased structures as described in the Structural Disposal Guidelines. The structures to be resold must be structurally capable of being removed from the Relocation Assistance Zone or demolished onsite and salvageable materials removed. Structures to be removed must first be deemed safe for occupation by authorized inspectors. Inspections shall include, but not necessarily be limited to, heavy metals and asbestos.
- 22. Where application for relocation assistance is made by one of multiple owners or lessees of a particular property or rental unit, the sum of all payments for acquisition of such property shall not exceed the amount that would have been paid had the property belonged to a single owner, and the sum of all rental assistance shall not exceed the amount that would have been paid had the unit been rented by a single lessee

- **23.** Applicants need to ensure that they are current on all land rent charges/fees, as overdue land rent may be collected at closing.
- **24.** As discussed in guideline #19, a \$3,000 security deposit will be withheld at closing, which will be paid to the applicant upon final inspection of the property once vacated by the applicant and once keys to the property have been secured. Failure to comply with Trust guidelines for closure, or failure to provide keys to the Trust, will result in the forfeiture of this deposit in an amount equal to the costs incurred by the Trust to comply with the guidelines.
- **25.** As a general matter, the Trust will acquire up to five acres of a home site where such land is both contiguous with the house being acquired and forms an integral part of the home site.
- **26.** Prior to closing on homes that were insured on the date of the tornado, homeowners must apply for and receive all insurance to which they are entitled so that such insurance proceeds can be deducted from the Trust's offer.
- **27.** Those receiving offers who refuse to comply with the Trust's requirement to sign indemnification forms have 15 days from the date of the offer to fully comply or forfeit their offer; those who have already received offers have 5 business days from July 7, 2008 to fully comply or forfeit their offer.

Group 3 – Northwest Picher Quadrant*

• Occupied residences/businesses/public use structures within this quadrant

Group 4 – Town of Cardin

• Occupied residences/businesses/public use structures within the town of Cardin

Group 5 – Southeast Picher Quadrant*

• Occupied residences/businesses/public use structures within this quadrant

Group 6 – Southwest Picher Quadrant*

• Occupied residences/businesses/public use structures within this quadrant

*Quadrants for Priority 2 were defined by the Trust at its September 15, 2008 meeting as the location of the structure relative to the intersection of A Street and Connell Avenue in Picher, Oklahoma.

PRIORITY 3

- Occupied residences/businesses/public use facilities outside the high risk area, but within the relocation assistance zone.
- Structures of those deceased.
- Secondary residences (e.g. vacation/weekend homes).
- Qualifying residential and non-residential applications received after October 14, 2006.
- Unoccupied structures and vacant lots (no funding committed for these types of properties at this time)

Groups within Priority 3

Group 1 – Occupied homeowners' residences

Group 2 – Occupied rental properties (tenant and homeowner)

Group 3 – Rejected/expired offers (no reappraisal; just second chance to take initial offer)

Group 4 – Active commercial structures

Group 5 – Livable secondary homes

Group 6 – Deceased qualifying estates

Group 7 – Abandoned, livable structures

Group 8 – Contiguous structures part of the homestead (garage, shop, etc.)

Group 9 – Abandoned, non-livable structures and inactive commercial

The actual buyout process will begin by selecting candidates in Priority 1, Group 1 by lottery to establish a numerical order for the buyout. The lottery process will continue with Priority 1, Group 2 and so on. The number of structures selected to be appraised each month will be determined by the contract. The appraisal process will continue in numerical order until the last structure in Group 4 under Priority 1 has been bought out. The same process will be followed in Priority 2 and Priority 3.

Rental properties will be appraised at the time the renters are bought out in order to protect the owner of the property.

TORNADO VICTIM BUYOUT PRIORITIZATION

(revised June 30, 2008)

- 1. Complete offers and acquisitions on ALL Priority 1 properties through the end of Group 3, including following through on offers and closings already approved by the Trust <u>regardless</u> of tornado damage.
- 2. Temporarily delay Priority 1, Group 4 properties (landlords whose tenants were already bought out and 8 reprioritized businesses) until after tornado victims are assisted.
- 3. Expedite appraisal and acquisition of all buyout applicants that lost their place of residence in the May 10 tornado, with a goal of approving offers to renters in 2 weeks and homeowners in 4-5 weeks. Additionally, expedite appraisal and acquisition of buyout applicants living in isolation in the path of the tornado with a goal of approving offers at the July 31, 2008 Trust meeting.
- 4. Allow those tornado victims losing homes that previously declined offers (estimated to be 4 homeowners) to reconsider the Trust's buyout offer; if interested, please contact Larry Roberts.
- 5. Tornado victims may opt out of the buyout if insurance proceeds for the structure exceed the Trust's offer for the home. Otherwise, insurance proceeds for the value of damaged structures will be deducted from the Trust's offer. Proceeds used to repair damaged structures and proceeds for the contents of the house will not be deducted from the Trust's offer.
- 6. Those electing to keep insurance proceeds in lieu of buyout assistance will be given the opportunity to sell the lots comprising their homesite to the Trust for an amount equal to comparable lots elsewhere in the county.
