

Understanding the Utah Immunization Rule for Students

Module II

Utah School Immunization Record

Utah School Immunization Record About This Module

Purpose: To provide information to school personnel regarding requirements pertaining to the Utah School Immunization Record (USIR).

Goal: To improve understanding and usage of the Utah School Immunization Record in Utah schools.

Objectives:

- Define “official certificate of immunization.”
- Define “appropriate immunization documentation.”
- Describe the vaccines and number of vaccine doses currently required for school entry and 7th grade entry.
- Describe the conditions under which a student qualifies for “all requirements met.”
- Describe appropriate documentation of medical, religious and personal exemptions.
- Define appropriate documentation of Chickenpox disease.
- Define appropriate immunization documentation for transfer students and students in military families.
- Describe who is responsible for verifying the USIR.

Official Use of the Utah School Immunization Record – Part I

- Each school must maintain *hard copies* of official certificates of immunization for every enrolled student to verify each student's immunization status.
- The Utah School Immunization Record (USIR) is the official certificate of immunization for students in any Utah public, private, charter or parochial school.
- The USIR is commonly referred to as the "Pink Card" and is part of the student's permanent school record (cumulative folder) as defined in Section [53A-11-304](#) of the Utah Statutory Code.

UTAH SCHOOL IMMUNIZATION RECORD

This record is part of the student's permanent school record (cumulative folder) as defined in Section 53A-11-304 of the Utah Statutory Code and shall transfer with the student's school record to any new school. The Utah Department of Health and local health departments shall have access to this record. This immunization record may be entered into the Utah Statewide Immunization Information System (USIIS).

Official Use of the Utah School Immunization Record – Part II

- The USIR shall transfer with the student's school record to any new school.
- The USIR may be printed from the Utah Statewide Immunization Information System (USIIS).
- Records printed from USIIS are acceptable as the official immunization record and are considered equivalent to the USIR.
- Schools districts *may not use templates of the USIR* for maintaining and reporting official immunization documentation.

Vaccine Requirements

- The USIR shall document all the vaccines a student has received, including the month, date and year each vaccine was received.
- The vaccine requirements for Utah students are as follows:
 - **5 doses of DTaP/DTP/DT/Tdap** – 4 doses are acceptable, if the 4th dose was given after the 4th birthday; 3 doses of Td are required, if started after 7 years of age.
 - **1 booster dose of Tdap or Td** – required for students prior to 7th grade entry.
 - **4 doses of Polio** – 3 doses are acceptable, if the 3rd dose was given after the 4th birthday.

Vaccine Requirements

- **2 doses of Measles** – required for all students Kindergarten through grade 12. The first dose of a measles-containing vaccine must be given on or after the first birthday.
- **2 doses of Mumps** – required for all students Kindergarten through grade 12. The first dose of a mumps-containing vaccine must be given on or after the first birthday.
- **2 doses of Rubella** – required for all students Kindergarten through grade 12. The first dose of a rubella-containing vaccine must be given on or after the first birthday.

Vaccine Requirements

- **3 doses of Hepatitis B** – required for students prior to entering Kindergarten.
- **1 dose of Varicella (Chickenpox)** – required for students prior to entering Kindergarten. The first dose must be given on or after the first birthday. Parental history of the disease is acceptable. Parent/guardian must sign the USIR verifying history of Chickenpox disease.
- **2 doses of Hepatitis A** – required for students prior to entering Kindergarten. The first dose of Hepatitis A must be given on or after the first birthday.

All Requirements Met

- A student who has received all the required vaccines (*up-to-date*) at the appropriate intervals for all immunizations or claimed an exemption qualifies for *All Requirements Met*.
- Enter the date for All Requirements Met where indicated.
- If a student has an exemption that *does not expire*, enter the date the exemption form was signed under *All Requirements Met* and check the box for the applicable exemption.
- If the student has a temporary medical exemption, check the appropriate box and enter the date the exemption expires where indicated.

Appropriate Immunization Documentation - Exemptions

- Students claiming a medical, religious or personal exemption must submit an official Utah exemption form to the school official. Any exemption form must be attached to the USIR.
- Religious and personal exemption forms may be obtained at any local public health department. Medical exemption forms may be obtained from a licensed health care provider.

IMMUNIZATION PROGRAM
Utah Department of Health

Personal Exemption Form

The Utah Department of Health strongly supports immunization as one of the easiest and most effective tools to preventing serious communicable diseases. These diseases which are preventable by vaccination can cause serious illness and even death. The Utah Department of Health believes the benefits of immunization outweigh the risk of adverse events which may be associated with the vaccines. The Utah Department of Health also recognizes that individuals have the right to make the decision, should they choose not to immunize.

As the parent/guardian of _____, I certify that I have strong personal beliefs against the practice of immunization/vaccination. I am opposed to having my child immunized against vaccine-preventable diseases.

I also understand that if an outbreak of any vaccine-preventable disease occurs, the child for whom this exemption is claimed is to be excluded from the school or early childhood program for the duration of the outbreak and/or threat of exposure. My child will be allowed back only when a health department representative is satisfied that there is no longer a risk of contracting or transmitting a vaccine-preventable disease.

I hereby request that my child be exempted from the Utah Immunization Rule for Students (UDHS-100) due to my personal opposition to immunizations.

Conditionally Admitted Students

- Students with a *temporary medical exemption* are considered *Conditionally Admitted*.
- If all requirements have not been met, but the student has received at least one dose of each required vaccine, enter Conditional Admission date.
- Enter the exemption expiration date, if applicable. Upon expiration of temporary status, immunizations will be required.
- Students have 30 days past the expiration date to either receive the necessary vaccine(s) or obtain another exemption.
- Immunization records of conditionally admitted students should be reviewed routinely to ensure compliance.

Students in Military Families

- Children legally residing in the home of an active-duty service member or whose parent or legal guardian is an active-duty service member may be *conditionally admitted* to school if they do not have their immunization records at the start of school.
- Follow the same instructions for documenting conditionally admitted students.

 **NOTE:** Active-duty means full-time duty status in the active uniformed service of the United States, including members of the National Guard and Reserve on active-duty orders pursuant to 10 U.S.C. Sections 1209 and 1211.

Transfer Students

- Students who transfer from another state or from one Utah school to another must provide appropriate immunization documentation that satisfies Utah's requirements.
- The information must be transcribed to the USIR.
- An exemption from another state is not transferrable. The student must obtain the appropriate Utah exemption form.
- Attach any exemption form to the USIR.
