SECTION 504 SELF-EVALUATION WORKBOOK

Civil Rights Office
National Endowment for the Arts

Washington, DC 20506

INTRODUCTION

This Program Evaluation Workbook (Workbook) is designed to assist the staff of Endowment grant recipients in evaluating the current state of accessibility of their programs and activities to disabled visitors and employees. More specifically, the Workbook is intended to assist organizations in their efforts to: (a) comply with the Endowment's regulations implementing Section 504 of the Rehabilitation Act of 1973, as amended, including the preparation of a self-evaluation of all programs, activities, policies, and practices to determine areas of noncompliance, and (b) better understand the relationship between 504 and the Americans with Disabilities Act (ADA). The Workbook is also designed to be used in conjunction with **DESIGN FOR ACCESSIBILITY, A Cultural Administrator's Handbook** a how to guide for making arts programs accessible to people with various disabilities. Please see the "Resource List" page of this Workbook to obtain a copy. **The Arts and 504 Handbook is no longer available**.

The Workbook has been made available for users to fill out online and "Save As" a Word document. Please note: upon completion, the Workbook should be printed and filed.

The Workbook is a tool to help you evaluate your programs, activities, and facilities. It is the first step in a process leading to a self-evaluation document (and transition plan, if needed). Based on the information you compile, this Workbook could be utilized to satisfy a portion of the self-evaluation requirements. Recipients are required to maintain a file of information gathered during the self-evaluation/transition plan process and keep it for a three (3) year period. This information must be made available to the public and the Endowment upon request.

Section 504 provides for equal opportunity to enter facilities and participate in programs and activities. It does not require that every part of every facility or program be accessible. The important considerations are that disabled people have the same opportunities in employment, the same opportunities to enter and move around in facilities, the same opportunities to communicate, and the same opportunities to participate in programs and activities as non-disabled people. Further, it is important to offer employment, programs, and services in settings that are integrated rather than to segregate disabled people with special programs.

Some of the questions in this workbook may not apply to your organization. However, if you find yourself skipping a large number of questions, you may be misunderstanding the fundamental mandate behind the Section 504 requirements. If so, please read Chapter 1 of **DESIGN FOR ACCESSIBILITY** for an explanation of the purpose and meaning of the regulations.

The self-evaluation contained in this Workbook will help you to evaluate the degree of accessibility of your programs, activities, and facilities so that you can plan full program accessibility. Your self-evaluation must include a review of all functions of your organization. Disabled individuals and/or organizations that represent disabled individuals should be included in the self-evaluation process. The self-evaluation must include an examination of:

- employment and personnel policies and practices;

- the extent to which programs and activities are readily accessible and usable by persons with disabilities;

- the extent to which the delivery of benefits and services are free from discriminatory effects on disabled persons; and

- the extent to which contractual arrangements are free from subjecting disabled persons to discrimination.

RELATIONSHIP OF 504 TO ADA

The Americans with Disabilities Act (ADA) prohibits discrimination on the basis of disability in employment (Title I), state and local government services (Title II), and places of public accommodation and commercial facilities (Title III).

The ADA extends the requirements of 504 to all activities of state and local governments under Title II, and under Title III, to "places of public accommodation" operated by private entities, including places of "public display or collection" such as museums. Arts groups operated by state or local governments, therefore, are covered by Title II of the ADA, while those operated by private entities are covered by Title III. Both Titles II and III were effective on January 26, 1992. Organizations operated by Federal Executive agencies are not affected by the ADA, but are covered by the requirements of Section 504 and 501 for federally conducted programs and activities.

The requirements of the ADA for places of public accommodation and state and local governments are based on, and are essentially the same as, the requirements of Section 504. The major difference is in the requirements relating to architectural barriers in existing facilities. Under Title II, state and local government entities are covered by the same standard as is used under Section 504 with respect to existing facilities. They must ensure that the services, programs, and activities they offer are accessible to individuals with disabilities, but they may use alternative methods for providing access.

Private organizations that operate places of public accommodation (i.e., entities that are not state or local governments) are covered by Title III. In existing facilities, public accommodations must remove barriers when removal is "readily achievable" -- that is, easily accomplishable and able to be carried out without much difficulty or expense. What is "readily achievable" will be determined on an individual, case-by-case, basis in light of the resources available. The case-by-case approach takes into account the diversity of enterprises covered by Title III and the wide variation in the economic health of particular entities at any given moment.

Public accommodations that are also recipients of federal financial assistance must comply with the requirements of both Title III of the ADA and Section 504. Thus, under Title III, they must remove architectural barriers if removal is readily achievable, even if it would be possible to provide program access through alternative methods. And, if barrier removal is not readily achievable, they must still comply with Section 504's requirement for provision of program

access. Thus entities covered by both Title III of the ADA and Section 504 Rehabilitation Act must comply with both laws. Compliance with Section 504 does not guarantee compliance with the ADA.

The most rigorous physical accessibility requirements apply to new construction and alterations. The Department of Justice's ADA regulations adopt specific architectural standards for new construction and alterations. Places of public accommodation and commercial facilities covered by Title III must comply with the Americans with Disabilities Act Accessibility Guidelines for Buildings and Facilities (ADAAG). State and local governments may use either ADAAG or the Uniform Federal Accessibility Standards (UFAS), which is the standard used under Section 504.

THE ENDOWMENT'S ENFORCEMENT OF SECTION 504

Recipients of Endowment funds are required to certify that their programs and activities are and/or will be conducted in compliance with the Endowment's regulations implementing Section 504 and Title II of the Americans with Disabilities Act (ADA).

The National Endowment for the Arts takes the enforcement of Section 504 of the Rehabilitation Act of 1973, as amended, and Title II of the Americans with Disabilities Act seriously. If the Endowment discovers that a recipient is in noncompliance with the 504 Regulations and/or Title II, the Endowment has authority to suspend and/or terminate funding.

SELF-EVALUATION CHECKLIST

I. General

This checklist is presented as a guide to identify physical barriers that might restrict access to individuals with disabilities. Use of this particular checklist is not mandatory, but is provided to assist grant recipients in completing the required self-evaluation of compliance with Section 504 of the Rehabilitation Act of 1973.

The following general list of disabilities should be considered, although it is not considered to be all-inclusive:

- Visual Impairment
- Hearing Impairment
- Speech Impairment
- Coordination Disabilities
  (impairments of muscle control
  resulting in loss of faculty coordination)

- Mobility Impairment
- Emotional Psychological Disorders
- Learning Disabilities
- Life Threatening Diseases (HIV, AIDS virus)
- Missing Limbs

NOTE: One of the most effective approaches to examining service and program accessibility is to conduct a "client path analysis." This analysis is simply a walk-through of the process needed for a citizen to participate in a service you provide; for example, musical production. There are two aspects to the analysis: (a) analysis of the physical path traveled, and (b) analysis of the administrative requirements of the service delivery, (e.g., eligibility criteria, application procedures).

II.   **Policies and Practices Concerning Employment for Qualified Disabled Persons**

The following areas concerning employment should be examined, although it is not considered to be all-inclusive:

A. **Employment Practices and Policies**

1. **Employment Practices** - applications, advertising, recruiting, pre-employment inquiries, interviewing, physical examinations, testing, etc.

2. **Personnel Policies** - position descriptions, statements of qualifications, job classifications, salary schedules, work schedules, leave policies, fringe benefits (medical/life insurance, retirement benefits), training, promotions, layoffs and terminations, evaluations, collective bargaining agreements, etc.

B. **Reasonable accommodation for "qualified disabled individuals"**

C. **Effective grievance procedures**

D. **On-going employee seminars to promote understanding**

III. **Physical Accessibility to Facilities Used by the Public**

The following list for facilities should be evaluated, although it is not considered to be all-inclusive:

- Elevators
- Ramps
- Doors and Doorways
- Rest Rooms
- Water Fountain
- Identification (for room or offices)
- Switches and Controls
      (lights, heat, etc.)
- Hazards (manholes, protruding
      or low-hanging objects)
- Parking Spaces
- Entrances
- Stairs
- Floors, Floor Coverings
- Public Telephones
- Lighting
- Emergency Signals
- Public Meeting Rooms
- Fire Exits
- Communication

NOTE: Grantees are not necessarily required to make each existing facility or every part of an existing facility accessible to and usable by disabled people. However, they must ensure that their programs and activities, when viewed in their entirety, are accessible and usable by disabled individuals.

BURDEN STATEMENT

The Office of Management and Budget requires federal agencies to supply information on the time needed to complete forms and also to invite comment(s) on the paperwork burden. The Endowment estimates the average time to complete this application is four (4) hours per response. This estimate includes the time for reviewing instructions, researching, gathering, and maintaining the information needed, and completing and reviewing the data. Please send any comments regarding the estimated completion time or any other aspect of this evaluation, including suggestions for reducing the time to complete, to the Civil Rights Office, National Endowment for the Arts, Washington, DC 20506; and to the Office of Management and Budget, Paperwork Reduction Project (3135-0101), Washington, DC 20503.

I. DO YOU QUALIFY?

A. When organizations make application to the Arts
Endowment for a grant, they certify that they will
comply with certain federal nondiscrimination laws
including Section 504 of the Rehabilitation Act of
1973, as amended. When so certifying, the
prospective grantee agrees to comply with the 504
Regulations during the grant period with two
exceptions. If any personal property is acquired with
federal assistance, this assurance obligates the
applicant for the period during which it retains
ownership or possession of the property. If any real
property or structure is improved with federal
assistance, this assurance obligates the applicant for
as long as the property or structure is used for the
purpose for which it was acquired at the time the
grant was awarded or similar public purpose. Are you
applying for or have already received an Arts
Endowment grant?

1151.1, 1151.2, 1151.41

☐ yes   Your organization qualifies and the 504
Regulations apply to your organization. Go
to question D.

☐ no   Answer questions B and C to see if you
qualify otherwise.

B. Does your organization receive any funds from other
federal agencies or state arts agencies? See
**DESIGN FOR ACCESSIBILITY, CHAPTER TWO,
PAGE 26**.

1151.3 (e) (f)

☐ yes   List each project grant or contract through
which you receive federal or state money.

☐ no   If you receive no federal or state arts
agency funds nor any local or state funding
subgranted from a federal source, then the
504 Regulations may not apply, but the
ADA might.

C. Is your organization supported by a local or state government agency that receives federal funds?

1151.3 (e) (f)

☐ yes Contact that agency's general counsel to determine to what extent the 504 Regulations apply to your organization. List any projects that are supported with this agency's funds:

☐ no If you answered no to both B and C, then the 504 Regulations do not apply to your organization. However, note that ADA requirements may still be applicable.

D. Do you have a copy of the 504 Regulations from each federal agency funding your organization?

☐ yes

☐ no See **DESIGN FOR ACCESSIBILITY CHAPTER ONE, PAGE 7,** and **CHAPTER TWO, PAGES 16-22**.

C. Program Evaluation

1151.42, 1151.22

Chapter Six of DESIGN FOR ACCESSIBILITY contains questions to help you evaluate the accessibility of different arts programs. The following section refers to these questions. To evaluate your program and activity, answer the questions in the pages referred to in the charts below. The "facility" for your type of program (e.g., visual, media) includes those architectural features or spaces that are particularly associated with the program, such as galleries, stages, or studios.

1. Can a mobility impaired person participate in your programs and/or activities as a staff person, performer, audience member, visitor, or volunteer?

IV. ARCHITECTURAL ACCESSIBILITY

Not all buildings and facilities need to be accessible, but those that house accessible programs and activities must meet minimum requirements for accessibility. In **DESIGN FOR ACCESSIBILITY**, please read **CHAPTER ONE, PAGES 19-20,** and **CHAPTER THREE, PAGES 62-82**.

1151.22, 1151.23

Both this Program Evaluation Workbook and **DESIGN FOR ACCESSIBILITY** divide architectural accessibility into two parts. One is general building accessibility, which includes getting into a building, moving around in it, and finding and using rest rooms and other facilities. These and other general topics are presented in **CHAPTER THREE, PAGES 62-82.** The questions for surveying existing facilities, below, are directed at general building accessibility.

The other aspect of architectural accessibility includes those architectural elements unique to particular arts programs or activities. These unique features such as galleries or stages, are discussed in **CHAPTER SIX, PAGE 115.** Evaluation questions for these special elements are in the section on Program Evaluation on page 18 of this Workbook.

A. Existing Facilities

1151.22

The following questions are intended to help you evaluate the general accessibility of your existing buildings and facilities. They are coordinated with the general architectural accessibility information in Getting There. Please read each section before answering the questions below. These questions are not comprehensive and are intended only to provide a general picture of the accessibility of your existing buildings and facilities. For more detail, see the Uniform Federal Accessibility Standards (UFAS) 1984, which presents minimal federal guidelines on the design, construction, and alteration of buildings to make them accessible to disabled people. More information appears at 28 CFR part 36. For free copies of UFAS and other access information, contact the Architectural and Transportation Barriers Compliance Board, Suite 1000, 1331 F Street, N.W., Washington, DC 20004-1111, 1-800-USA-ABLE (voice or TT). http://www.access-board.gov/
