

Common Core – Common Ground

Exploring the Common Core Standards for Literacy in History/Social Sciences - Focus on Applying Civic Principles to Contested Issues

- ✧ Civics, Common Core Standards and 21st Century Skills come together as we explore conflicts arising out of religious pluralism and consider how to handle religion in our public schools and classrooms.
- ✧ Learn how to use a civics “first principles” approach to get your students thinking deeply about contested issues in American and World history and in the world today, while laying a foundation for resolving conflicts of values in your school and community.
- ✧ Leave with Common Core Standards strategies and lessons using primary source materials and active student engagement, as well as with new skills and guidelines for negotiating “our deepest differences” in and out of the classroom.

Featuring

Dr. Margaret Hill, Director
California 3Rs Project

and

Dr. Fran Chadwick, Associate Professor
Social Studies Education
CSU San Marcos

DATE: Saturday, February 2, 2013
