PROPOSED PLAN OF STUDY

You can choose from a wide range of topics within the humanities and social sciences. Please list the tutorial topics that you would like to pursue having discussed with your Study Abroad Office about choosing your tutorials. If you look on the Oxford University subject department websites you will get a clearer idea as to what topics are offered within the Oxford University degree courses. Please note that if you have little background in a subject then you should opt for a first year (prelims. or mods.) course. If you know what your senior year thesis topic will be on then you can choose a set of tutorials on that subject to help you begin your research.
