

Peer Evaluation

Make copies of this form and use them for the six cases.

Your Name: _____
Case Name: _____ Group Name: _____

Assign scores that reflect how you feel about the extent to which the other members of your group contributed to your group's performance and/or your learning. This will be your opportunity to reward the members of your group who actually worked hard on your behalf. **If you give everyone pretty much the same score and some don't deserve it, you will be hurting those who did the most and helping those who did the least.**

Instructions: In the space below please rate each of the **other** members of your group. Each member's peer evaluation score will be the average of the points they receive from her/his group members. To complete the evaluation you should:

- List the name of each of the members of your group in alphabetical order of their last names.
- Assign up to ten points to each of the other members of your group. Criteria should include preparation, participation and contribution and may extend to attitude, attendance and punctuality.
