# Web Enabled Salary Distribution Frequently Asked Questions

- Q1. When will updates in WESD actually update payroll data?
- A1. Updates from WESD take effect immediately. WESD is a different face on the current payroll data found on the 004 screen.
- Q2. Which employees do I have access to?
- A2. WESD uses the same security structure as payroll. You should have access to the same employees that you have access to in payroll unless you have Proxy access whereby the Home ORG may authorize access to an individual upon completion of the WESD Proxy Security Request form.
- Q3. What happens if I transfer to a new ORG, will I need to change my access to WESD?
- A3. As long as you fill out the appropriate payroll security form to include your new ORG responsibilities, access to WESD should happen the day after your payroll access has been granted/modified. If you require Proxy access to an individual, the WESD Proxy Security Request form must be completed and authorized/signed by the Home ORG.
- Q4. Is there any place where the 'action history' is shown if a person makes an adjustment in WESD and not from the Payroll system?
- A4. Yes, the 'Last Action' field on the 003 screen will be 024 to indicate a WESD update.
- Q5. What happens when two people are logged onto the same person at the same time? This may be typical in the 'proxy' situation. Who gets locked out? Can both make changes?
- A5. It works the same as the payroll system today. No one gets locked out. As soon as you click on [commit] the record is updated. If someone also commits, then they potentially can change what the last person just did.
- Q6. Can I access WESD after 3:00 p.m. on Mondays?
- A6. Yes. WESD is available during the published payroll hours. However, please be aware, changes that are made between the hours of 3:00 and 5:00 p.m. to the 004 screen may affect the current payroll period vs. the future payroll period. It is recommended that you wait until the following day (Tuesday) to perform any future adjustments to salary.
- Q7. How long is the salary plan data kept?
- A7. Indefinitely.
- Q8. Can one person be in the Payroll System and one person be in WESD viewing and/ or updating the same person at the same time.
- A8. Yes.

- Q9. Can I duplicate the line above instead of re-typing the information on the next line?
- A9. No.
- Q10. Does the entire salary plan get replaced/ erased if I click on [import dists from payroll]?
- A10. Yes. Except if the number of lines on the imported payroll does not exceed the number of lines on the salary distribution. For example, if you have 6 lines of payroll and 8 lines on the salary plan, line 7 and 8 will not be overwritten.
- Q11. Are employees with a Rate Code of H (Hourly) included in WESD?
- A11. No. Rate Code 'H' is an hourly paid employee who is 'positive' paid via on-line time reporting (OTR) and these individuals are not part of WESD.
- Q12. How is the annual salary calculated in the upper-right hand side of the WESD screen?
- A12. Annual salary is calculated by adding all of the annual salary amounts (Ann. sal. field on left hand side of each job) from all of the active jobs (job end date is within or exceeds the current fiscal year).
- Q.13 Can I update SALINC from WESD.
- A.13 No.
- Q.14 Can I add a job for an employee through WESD?
- A.14 No. You can only add new jobs for an employee in the Payroll system. You can add a job to the Salary Plan; however, you cannot move this new job from the Salary Plan to Payroll.
- Q.15 Can I change an employee's annual salary in WESD?
- A.15 No. You can only change the annual salary amount in the Payroll system.
