

## Letter of Recommendation Form

Note: Only one recommendation is needed per calendar year, even if the student is attending more than one session. The recommendation should be provided by a school official, such as a teacher, guidance counselor, or principal, and should remain confidential. The recommendation can be mailed separately from other application pieces.

### To the Recommender

The Pre-College Programs are designed for bright, talented, and capable students who are sincerely interested in the courses being offered. Your letter should address how long you have known the student and in what context, his or her academic abilities, level of maturity, and other characteristics that demonstrate he or she is a good candidate for the program.

Please fill out this form, attach it to your letter of recommendation, and return it to the student in a sealed, signed envelope. If you prefer, you may mail, fax, or email your recommendation to:
