It will also demonstrate your ability to organize your thoughts and express yourself. **NOTE:** Your Common Application essay should be the same for all colleges. Do not customize it in any way for individual colleges. Colleges that want customized essay responses will ask for them on a supplement form.

## Amy Hill Essay

Cooking is a learning curve. Experience and daring are the best teachers, and a failure in cooking doesn't mean that the end result won't taste good. It is exact but also forgiving, it is difficult as well as easy, and it is cerebral as well as physical. There is always room for improvement in the culinary process, which is why I enjoy it so much. Pecipes can always be fine-tuned, flavors deepened, ratios made exact. This transfers to my everyday life as well.

Amy Y Hill

I am always driven to improve, and my mindset in the kitchen helps me to strive for my best in school, athletics and at work. Cooking has taught me to be a determined and focused, which helps me to do my best in everything I put my heart and head into. I have learned to use these personality traits to my advantage and they will be an asset in helping me do my best work in the future. My work ethic and drive to succeed in the kitchen will transfer easily into different situations I will be in college and in life.

Cooking combines many things that I love to do, science and math, spending time with friends and family, and being creative. Yet there are always more aspects of the culinary and outside world to explore. I will never be finished learning and I will never stop cooking.
