

Ecosystem

Your Name:

Informational Content

1-10

- Did you feel like you learned something new?
- Did the presentation as a whole seem well-researched?
- Was there a wide range of information presented?
- Did the group seem familiar and comfortable with the information, or did it seem as though they hadn't heard it before?

Presentation

1-5

- Was the style of the presentation effective as well as educational?
- Do you think you could have learned more or been more interested if a different form of presentation had been used?
- Did the presentation last no longer than 20 minutes?
- Did the presentation overshadow the information so that there was more "flash" than info?
- Was the information presented in a creative and original way?

Group Dynamics

1-5

- Did everyone in the group seem to participate equally and actively?
- Did it appear as if the group worked well together?

Group:

 /20

Comments: The total grade and this comment section will be available to the group; your name will be removed. Do you have any particular comments for the group? High or low scores in any of the above categories should be explained here as well. Do you think some members of the group should receive higher/lower individual grades than others? Why?
