## REFERENCES

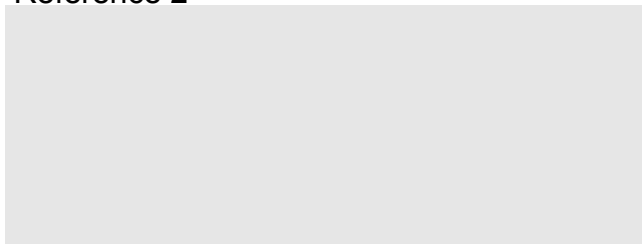

Each applicant is required to provide three letters of recommendation from individuals that can evaluate your potential to be a MS student. Please ask the writer of your letter to address your academic ability, your communication skills (both written and verbal), and your ability to work both independently and in a collaborative environment. It is the applicant's responsibility to make sure that we receive the letters by the deadline (January 15).

List the name, institution, telephone number, and email of the three individuals who will be sending letters of recommendation on your behalf. Letters should be sent as electronic files (an Adobe pdf document) to [HPL@bsu.edu](mailto:HPL@bsu.edu). No paper copies should be sent via ground mail.

## QUESTIONS

*Please answer the following five questions:*

1. Describe how you became interested in the study of Clinical Exercise Physiology.  
*Use only the space provided below.*

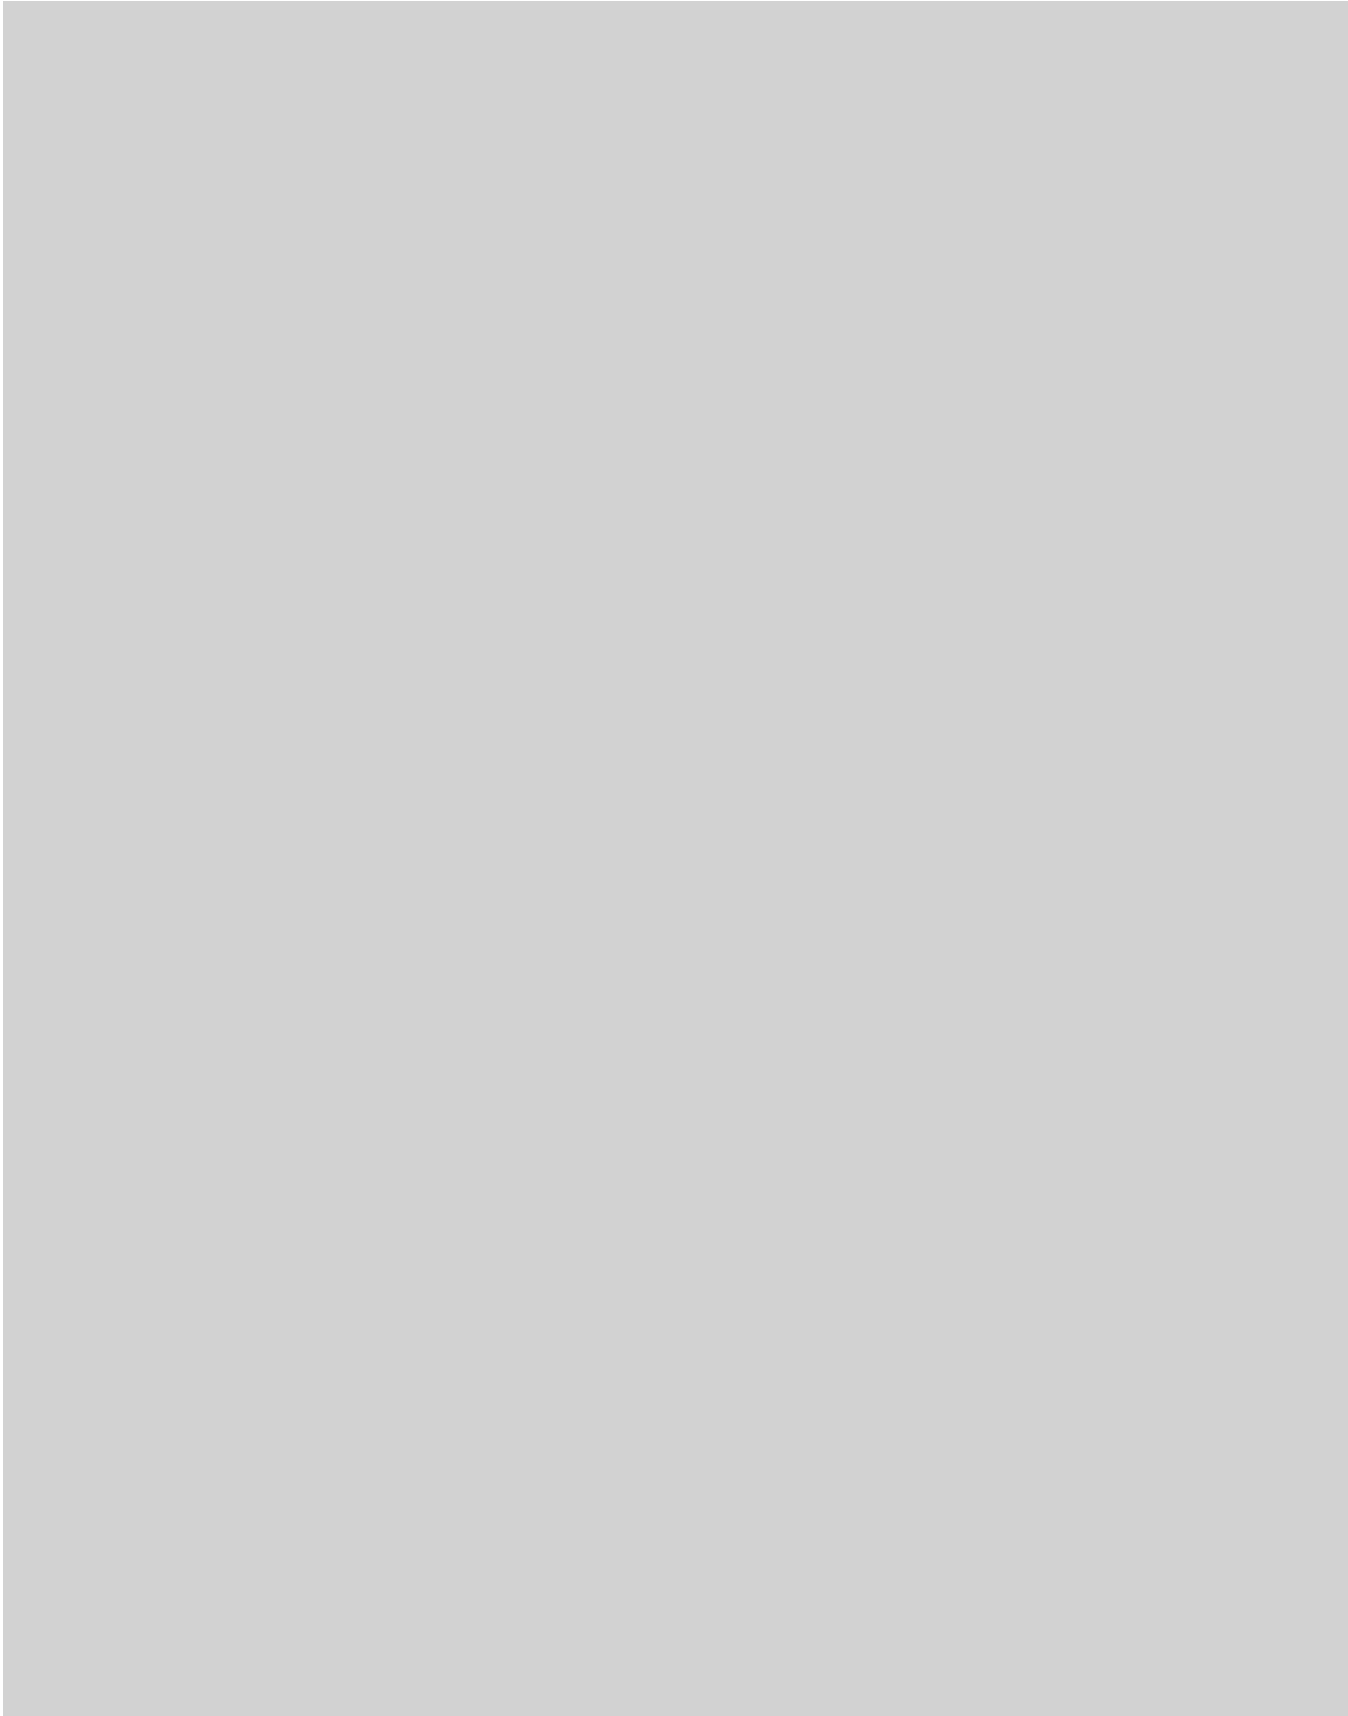

2. The field of Clinical Exercise Physiology requires a current understanding of evidence-based principles. As such, this degree has a research requirement. Describe your research experiences and your interests in Clinical Exercise Physiology research. *Use only the space provided on this page.*

3. List all job and/or academic training that relates to Clinical Exercise Physiology. Examples would be laboratory experiences, internships, certifications, exercise testing and exercise leadership experiences, etc. Provide a description of your responsibilities and how much time and exposure you had in each roll. *Use only the space provided on this page.*

4. Describe your short and long term career goals, and how you see obtaining a master's degree in Clinical Exercise Physiology would support your goals.

*Use only the space provided on this page.*

5. Writing Sample: Briefly summarize the major recommendations from the 2008 Physical Activity Guidelines for Americans. Describe the similarities and differences in how you would deliver this message to a group of 20 year old college students and a group of 40-50 year old business professionals. *Use only the space provided on this page.*
