Research Information:

Start Date: End Date:

Crops:

Scientific Name(s):

Common Name(s):

Temperature:

Warm (Day~75F, 25C Night~70F, 21C)
 Medium (Day~70F, 21C Night~65F, 18C)
 Cool (Day~65F, 18C Night~60F, 15C)

Lighting:

High
 Normal
 Shade

Ideal PAR level ($\mu\text{mol}/\text{cm}^2$), if known

Space:

Bench top space
 Floor Space
 Sq footage desired

Fees and additional services:

Bench Fees (per month):

Low supplemental light bays - UGH 110, 110A, 112A:	\$0.32/ft ²
High supplemental light bays - UGH 104, 104A, 108, 108A, UGHS ALL	\$0.37/ft ²
Mist bench space (UGH or UGHS)	\$0.56/ft ²

UGH= University Greenhouse (building 108) UGHS= University Greenhouse South (107)

Additional Services:

Automatic Irrigation (11¢/ft²)
 Manual Irrigation (14¢/ft²)
 Caretaking of project (cost varies)

Pest Control:

Pest control is required and provided by PGF, unless research or instruction is compromised and has been discussed with PGF. Control fees vary monthly. Please make an appointment to discuss any special concerns or needs.

PGF use only

Bay #	Bench #	Date Prepared

Your Responsibilities as a Grower:

Respect other growers, their plants and their space

Grow and maintain healthy and disease free plants

Keep personal area on and around bench clean and weed free. No storing of materials such as pots, media, fertilizer etc., in the greenhouse

Stay within allocated space with all plants and associated materials

If automatic irrigation is provided, it is your responsibility to check crops on a regular basis for correct irrigation and schedule. Notify PGF staff of any problems with irrigation system.

Check routinely for the presence of insect pests and diseases. It is your responsibility to report outbreaks to PGF. Please discuss any experimental special needs with PGF such as plants needed for herbivory/insect feeding as this drastically changes the pest management plan.

Sanitary cultivation is required. Includes but not limited to the use of new or steam pasteurized media, use of clean plant material, removal of dead and/or diseased plant material from the greenhouse and the use of new/disinfected containers.

Trashcans are provided for your convenience. Please empty trashcans into the dumpster/compost bin if you contribute significantly to them, or if they are full.

Leave bench, floor and surrounding space as you found it upon completion with your project.

Any changes in structure (i.e. addition of light fixtures, heat mats, cages etc.,) must be approved by PGF before installation.

Do not touch or adjust environmental controls! If adjustment is needed, contact PGF.

If the above conditions are not met and PGF must extend labor in order to meet these conditions, you will be charged a \$22.50/hour cost for compensation of our time.

I have read and understand the previously stated conditions and will abide by these terms:

Signature: _____

Date: _____

PGF thanks you for your cooperation in helping us to maintain a positive environment for education and research.
