

WELCOME TO THE TENNESSEE PLAN

The Medicare Supplement Plan for Tennessee Government Retirees

When you retire, you are faced with some important personal decisions. That is why the State of Tennessee and POMCO Group are working together to make one of those decisions (Medicare supplemental healthcare coverage) easier for you.

What is *The Tennessee Plan*?

As a retiree, you may be eligible for *The Tennessee Plan*. This plan is designed specifically for retired state and higher education employees, local education and local government employees and their eligible spouses and dependents.

If you have Medicare coverage, you likely need *The Tennessee Plan* to help cover some of the expenses that Medicare does not. *The Tennessee Plan* is a Medicare supplemental plan designed to cover certain expenses not covered in your Medicare part A and B coverage.

What Kinds of Expenses Does Medicare Not Cover?

Even with Medicare coverage, your out-of-pocket expenses can add up fast and cause financial difficulty.

In 2012, some of the charges Medicare requires you to pay include the following:

- A \$1,156 deductible out of your own pocket each time you are hospitalized.
- Then \$289 a day for the 61st to the 90th day in the hospital and \$578 a day thereafter up to a 60 day lifetime reserve maximum.
- A \$140 deductible for approved doctors' bills and outpatient expenses and then you must pay an additional 20% of the Medicare approved charges after that.
- You may be responsible for any amount over the Medicare approved charges from providers who do not accept Medicare assignment.

Who is Eligible to Enroll?

Any retired State of Tennessee employee or Local Education certified teaching staff receiving a monthly retirement allowance from the Tennessee Consolidated Retirement System (TCRS), or higher education optional retirement plan who is eligible for Medicare Part A may apply for coverage under this plan. Retired Local Education support staff and Local Government participants eligible

for Medicare Part A who receive a monthly retirement allowance from the TCRS are also eligible to apply for coverage. Your legal married spouse and eligible dependents may also apply. If you qualify and enroll for coverage within 60 days of your initial eligibility, you cannot be denied coverage because of your age or health.

Who Administers *The Tennessee Plan*?

The Tennessee Plan features Medicare supplemental coverage sponsored by the State of Tennessee with claims administered by POMCO Group. As the Plan administrator, POMCO Group will answer all customer service questions and process all claims and payments. Less Paperwork - Because Providers File Claims

With *The Tennessee Plan*, you don't need to worry about paperwork. Most claims are filed for you by your doctors and hospitals if they have your Medicare and *The Tennessee Plan* member identification numbers. Claims are then sent electronically to POMCO Group after Medicare has completed its part. You are able to look up the status of your claims by visiting www.TheTennesseePlan.com.

Can I Choose My Doctors and Hospitals?

The Tennessee Plan gives you complete freedom in choosing doctors and hospitals and does not make you choose from a specific list of providers in order to receive benefits. For maximum financial protection you should always choose a provider who accepts Medicare assignment.

What is Not Covered by *The Tennessee Plan*?

In addition to the exclusions listed in the chart on the following page, *The Tennessee Plan* does not provide benefits for:

- Services and supplies not covered by Medicare, except those specifically included under the plan, or
- Any expense that is paid by Medicare

How Much are the Premiums?

One of the main advantages of *The Tennessee Plan* is the lower group premium rates you pay for this coverage. Since the monthly premiums are not based on age, they will not increase just because you get older. However, premium rates may increase due to increasing costs, which would happen with any plan. If you are a retired state employee or school teacher with 15 years or more of service, the state will even pay part of your premium cost for you: \$50 for 30 or more years of service; \$37.50 for 20-29 years of service; and \$25 for 15-19 years of service.

If you are a local government retiree, you will not receive a state contribution toward your premium. Local governments have the option of paying a portion of their retirees' premiums but are not obligated to do so.

The maximum monthly premium rate you will pay in 2012 is \$127. Just check the table above to see what your monthly premium will be. If you receive a State of Tennessee TCRS benefit check, your portion of the premium cost for the program will be deducted automatically from your monthly benefit payment. If your TCRS benefit is not sufficient to cover the cost for the coverage, or if you already have an insurance deduction, you will be billed directly. You can also choose automatic payment from your bank account.

It's Easy to Apply

First, read this document carefully and study the charts that explain *The Tennessee Plan* benefits. Then, just

complete the enclosed application form and mail it to Benefits Administration. Be sure to review your application before you mail it to be certain that all information has been properly entered.

Read Your Plan Booklet Carefully

When you are accepted for coverage under *The Tennessee Plan*, you will receive a plan handbook. Please read the handbook carefully to understand all your rights and responsibilities under *The Tennessee Plan*. While *The Tennessee Plan* pays for most of the gaps in your health care left by Medicare, it may not fully cover all of your medical costs. It is your responsibility to review all Plan limitations carefully to make sure that *The Tennessee Plan* meets your Medicare supplement needs. The handbook does not provide all the details of Medicare coverage. For details of your Medicare coverage, contact your local Social Security office for assistance.
