

THE POWER OF GREEN CONFERENCE

An interactive meeting of Green Construction Buyers and Sellers

October 24th & 25th, 2011

Clayton Hall on UD North Campus

Discover how green building design and innovation can help you to meet the increasing demand for a more energy efficient living and work environment while identifying the leaders and resources that will enable you to grow your business green in Delaware.

Topics Covered

- Who is eligible for funding for sustainable work in Delaware?
- What low-interest lending opportunities are available to support green construction?
- When are public works projects going to be available for bid?
- What happens at the beginning of the architectural, legal and design-build level?
- What are the emerging technologies and innovations in green construction such as solar photovoltaic, HVAC, hydrogen fuel cells, bio-source fuels, insulation and lighting?

Presenters & Other Industry Experts

Presenters will be experts from the fields of Architecture, Construction, Engineering, Building & Facilities Maintenance and Green Manufacturing, including, but not limited to:

- Delaware Dept. of Natural Resources and Environmental Control (DNREC)
- Delaware Manufacturing & Extension Partnership (DEMEP)
- E.I. duPont de Nemours
- University of Delaware Department of Materials Science and Engineering

Following are just a few of the additional industry experts who will provide information that is vital to the future of sustainable construction in America.

- ◆ EDIS
- ◆ Energize Delaware
- ◆ Lutron
- ◆ PTM Manufacturing
- ◆ Siemens
- ◆ SSD Technology Partners
- ◆ Sustainable Energy Utility
- ◆ The Tri-M Group, LLC
- ◆ Tremco

Scheduled Guest Speakers

Honorable Governor Jack Markell

Collin O'Mara - Secretary, Dept. of Natural Resources and Env. Control

John McMahon - Secretary of Labor, State of Delaware

Marc Doyle, Ph.D. - Global Business Director, DuPont Photovoltaic Solutions

Jim Wolfe - President, Delaware State Chamber of Commerce
