

Tai Teg is a register for people with an interest in low cost home ownership. **Contact will only be made when home ownership opportunities are known in the areas of choice or through schemes that assist home purchase.** These schemes are dependant on eligibility and grant funding and are not always available. The Tai Teg website also explains the different types of schemes that may be available, information and homes for sale at a discount with affordable housing clauses. Homes for sale at an affordable price without clauses may also be posted on the site. Please visit the Tai Teg website for updates.

Completing the registration form does not constitute a firm commitment to provide affordable housing. In some circumstances it may not be possible to help and applicants will be informed accordingly.
