NOTES:

Any equipment plans provided with the equipment purchase are provided as a courtesy. These plans are provided to assist the purchaser and his architects, engineers, and contractors in the planning of the car wash. It is the purchaser's responsibility to have his professionals review, incorporate and certify stamp any plans to be submitted for permit and construction.

Please allow 14 working days from date received for drawings to be prepared and delivered.

Site specific drawings are prepared at no charge with deposited equipment orders. A \$5,000.00 fee will be deducted from deposit if the final order is not consummated.
