PILOT STUDY COVER LETTER

December 15, 2003

Dear Vickie:

The title of my DMin project is *An Analysis of the Leadership Challenges Facing the Dallas Theological Seminary Women Alumnae*. I have designed a survey that will be sent out in February to all our DTS women alumnae (about 860). When the survey is sent out to the women, it will include a letter of endorsement from DTS President, Dr. Mark Bailey, informing the women of the value the seminary is placing on the data that will be collected. The DTS administration and faculty are very interested in learning how to best prepare our women to be “godly servant leaders.” They value and appreciate the different ways God has designed men and women and want to address those differences in the most effective ways. They also want to better inform our men students of the great benefit there is in having women on their church and/or ministry teams. A second letter from me will accompany the survey that will explain the purpose of the survey and give directions regarding how to fill it out.

Thanks so much for being willing to be part of a pilot group to review the survey. I would like to ask two things of you:

1. Find a time that you can sit down and take the survey in one sitting. Then mark down at the bottom of this page approximately how long it took you to complete the survey. your confidentiality. You will be sent an official survey in the mail out in February when you can record your responses.
2. After taking the survey, go back and indicate any places on the survey that are unclear as to what is being asked. Also write down any suggestions you might have regarding its content, lay-out, length, etc., and any questions you might have related to what was or wasn't included. I greatly appreciate any input you can give me so that I can design the best possible survey to help our women students and alumnae.

Then mail the survey and this letter back to me in the enclosed self-addressed stamped envelop. I would appreciate it if you could **return it to me by Monday, December 22**.

Thank you SO much for your time and help! God is using you in tremendous ways and I will be praying for you as you begin a new year of ministry.

Gratefully,
Joye Baker

to evaluate its program for women students and discover ways to more adequately
address the challenges of women in ministry. If there is anything additional you would
like to include, feel free to write in the space below. Please return your survey in the
enclosed self-addressed, stamped envelope by **March 1, 2004**. Also, in a **separate**
mailing, **please return your response card**.

APPENDIX D

DR. MARK BAILEY'S COVER LETTER

(Printed on DTS letterhead)

February 1, 2004

Dear DTS Alumna:

I am grateful that you chose to attend DTS to gain the biblical and theological knowledge as well as ministry skills to prepare you for ministry. I strongly support the biblical and theological training of women and am thankful for the current number of women students (25% of our student body) at DTS. I am writing to ask you to set aside a short amount of time from your busy schedule to help DTS better prepare our women students for ministry. Enclosed is a survey designed to identify the challenges you are personally facing in Christian ministry. Whether you are at home caring for your husband and children, teaching in small or large groups, serving on a church staff, working a secular job, or ministering overseas, God is using you in significant ways to reach others with the love and hope of Jesus Christ.

The DTS Women Alumnae Survey is part of a Doctor of Ministry Project being conducted by Joye Baker. Joye received her M.A./CE in 1999 and then joined the Christian Education department in order to develop and oversee our Women's Ministry concentration in our Th.M. and M.A./CE degree programs.

I want to encourage you to take the time to fill out and return the survey. Our mission at DTS is "to glorify God by equipping godly servant-leaders for the proclamation of His Word and the building up of the body of Christ worldwide." Your opinions and suggestions can help strengthen our commitment to preparing men and women for ministry.

We hope to use the data from the survey to evaluate our curriculum in order to better address the unique needs of women. The information from the survey can also enable our faculty and staff to affirm our women students in the biblically defined roles they play in the body of Christ as well as encourage our male students to see the value and contribution women can make to a ministry team. It is also our desire to identify ways we might better serve our alumnae women by offering conferences and seminars that address the challenges they are facing in ministry.

Let me thank you in advance for returning your survey. I look forward to receiving Joye's summary and recommendations as a result of your help. May God continue to bless you and the significant work you are doing for the cause of Christ.

Yours in His service,

Mark L. Bailey, Ph.D
President

APPENDIX E

RESEARCHER'S COVER LETTER

February 1, 2004

Dear DTS Graduate:

I first came to Dallas Seminary as a student in the fall of 1996. During these past eight years, I have watched more and more women students enroll, and I have been encouraged to see Dallas Seminary expand its program to address the varied opportunities opening up for women in Christian ministry. Even so, I have realized through conversations with various women alumnae that women in ministry continue to face many unique challenges. It is my desire to help develop a program for our seminary students (male and female) that will most closely address these challenges and provide relevant and practical training.

The enclosed survey is intended to address these needs and you are the best one to help accomplish this goal. You are experiencing "real life" ministry and your responses, information, suggestions, etc. are the only way for those of us at DTS to know what we need do to adjust our seminary program to best meet the challenges of the new millennium. The survey is designed to take about 30-45 minutes of your time. With the results, recommendations will be made to the seminary. The data will also be used to consider topics for leadership conferences that would be helpful to you as you continue in ministry.

Dr. Andy Seidel, Executive Director of the Center for Christian Leadership, has been very supportive of this DMin project, and he has this to say concerning the survey:

This survey is an important opportunity for you to give critical feedback and helpful information to Dallas Seminary, information which we could get from no other source. It is your chance to help us learn from your experience, so that we can do an even better job of preparing women leaders for ministry throughout the church. We greatly value your thoughts, input, and suggestions; thank you for your cooperation.

If you fill out and return the survey, you will have the option of receiving a summary of the results. It is my way of saying thank you for the valuable contribution you have made. When you send in your survey, please also mail the enclosed postcard. This way I will know you returned your survey, yet it will remain confidential. I will also know whether or not you would like a summary sent to you next fall when my dissertation entitled *An Analysis of the Leadership Challenges Facing the Dallas Theological Seminary Women Alumnae* is completed. I am praying for a great response so that Dr. Bailey and the DTS faculty and staff will realize the continued interest and commitment our women alumnae have to the mission of Dallas Seminary.

I may or may not know you personally, but we are sisters-in-Christ, and we share the privilege of having attended Dallas Seminary. May God continue to bless you in the many ways you are bringing glory and honor to Him through your life and ministry. I look forward to hearing from you.

Gratefully,
Joye Baker
Christian Education Dept.

APPENDIX H
REMINDER POSTCARD

Dear DTS Grad:

A few weeks ago you received a DTS Alumnae Survey from me. If you have already returned it, I want to thank you very much.

If you still have the survey, I would like to ask you to set aside some time to fill it out. I have been encouraged with the initial response, but I know that not only is the data valuable, but the number of women who respond will be important to Dr. Bailey and others as they consider ways to strengthen the program at Dallas Seminary. Therefore your individual input and response are very crucial to this process.

Please email me at jbbaker1@juno.com if you no longer have your survey and I can send you another one. I appreciate your help and value your insights and opinions and I will hope to hear from you soon.

Serving our Lord with you,

Joye Baker
