EMPLOYMENT HISTORY

Green Mountain College, Poultney, VT. 05/2010-present

CERRIDWEN FARM RESEARCH ASSISTANT—As part of a \$110,000 grant, I conducted research in four key areas: the energy efficiency of draft animal-power, maximizing labor efficiency for farm hands, the investment cost vs. return of high tunnel greenhouses for small-scale farms, and mitigation of nutrient runoff from conventional fertilizer/compost applied to vegetable fields.

PRE-LAW PROGRAM WORK-STUDY—Scheduled on-campus events such as forums and lectures from visiting scholars. Planned trips to law conferences and tours of law schools. Mentored students in the introductory law courses. Conducted information sessions regarding the Pre-Law Program at Green Mountain College.

ACADEMIC TUTOR—Assist students with coursework. Edit scholarship and graduate school applications. Hold monthly study sessions for law and policy classes.

Northeast Organic Farmers' Association, Richmond, VT. 05/2010-09/2010

SUMMER INTERN—Conducted a feasibility study regarding consumer usage of Supplemental Nutritional Assistance Program benefits for community supported agriculture (CSA) shares. Collected data on food prices at farmers' markets and super markets for a price comparison research project. Conducted membership drives at farmers' markets throughout Vermont.

ADDITIONAL INFORMATION

Well versed in all common computing platforms and programs, including Microsoft Office and Windows, Apple OS and software, various Linux OS distributions and software, and HTML 5 internet applications. Proficient in use of LexisNexis for legal research.
