Research and Sponsored Programs
Box 495006
CAMPUS MAIL

PART I:

Have you been the recipient of a Summer Research Stipend? Yes No
If yes, when?

Does this project involve Animal and/or Human subjects?

- I have applied for IRB or IACUC approval
 I have not applied for IRB or IACUC approval

(Append approval documentation from IRB/IACUC. Funding will not be provided until approval is received.)

ABSTRACT: Provide an abstract of not more than 200 words in the space below. Please explain the nature of your project, indicating how it furthers your research. If this project is an extension of an on-going project for which you have already received support from Berry College Faculty Development Funds, please indicate what efforts you have made to seek support from other sources.

PART II: Grant History

A. Please list the Berry College Faculty Development Grants you have received in the past three years.

Year	Title	Award Amount

B. Indicate how this proposed project differs from those previously funded projects.

C. List other sources of funding for this project that are pending or for which you intend to apply (include both on- and off-campus sources).

D. Is this project part of a larger endeavor?

PART III: Description of Project (Do not exceed two single-spaced pages)

Attach a description of your project. Please explain the nature of your project, indicating how it furthers your research or teaching. Include a list of any previous work and/or publication in related research and state your plans to publish the results of the research and/or incorporate them in your teaching. If this project is an extension of an on-going project for which you have already received support from Berry Faculty Development funds, indicate what efforts you have made to seek support from other sources. Your proposal should be organized as follows:

Introduction/Background

Definition or statement of the problem or proposition

Description of the project

Description of key personnel (include others involved in addition to the applicant)

Research design/methods

Project Timeline

PART IV: Curriculum Vitae

Attach an abbreviated CV of no more than two single-spaced pages that includes recently published work directly related to this project.

PART V: Appendices

Attach to this application, if applicable, the following:

- A. Documentation of IRB or IACUC approval
- B. Documentation in support of the application's budget (*equipment price lists or quotes, flight itineraries, print outs from travel booking websites, etc.*)
