Planning a Search Strategy

DI .		0 1
Planning	a	Search

Step 1	Determine	your thesis	statement
SICPI	Determine	your uicsis	Statement

Well-chosen research statements should have two or three concepts.

Example: Ads contribute to childhood obesity.

Thesis:_____

Step 2 From the thesis statement identify the **main** concepts. Leave out relationship words as *reduce*, *add*, *contribute*, *cause*, *affect*, *effects*, *relate*, etc.

1 st Concept	2 nd Concept	3 rd Concept

Step 3 After identifying the main concepts, identify related words or synonyms.

Gather ideas for search words from subject headings in library catalogs/databases or from online sources such as www.visuwords.com.

Practice identifying related words or synonyms in the boxes below.

1st Concept	2 nd Concept	3 rd Concept
