In the fall of 2011, Ohio Northern University changed from a quarter-based to a semester-based institution. Therefore, you may have received two transcripts. One transcript is the undergraduate quarter transcript, while the other is the undergraduate semester transcript. Near the top of the semester transcript you will see the following text, "Pre-System Information Summary Hours". That entry contains the converted quarter information from the cumulative undergraduate quarter record into the semester hours and points. If you have any questions regarding this information, please contact the Ohio Northern University's Registrar's Office at (419) 772-2024.
