

# Independent Study Request

The Administrative Committee, in consultation with a faculty advisor and proposed course instructor, may grant permission for a student to enroll in a regular course through Independent Study. **If you have not already done so, please submit an Academic Petition explaining the circumstances which lead you to request an Independent Study course, as opposed to an on-campus course. Once your petition has been approved, you are welcome to submit an Independent Study request.**

Please note, if your intent is to register for a course uniquely developed by the student and instructor and not found in the catalog, please complete the Individualized Study Request. All requests must be submitted no later than two weeks prior to the beginning of the semester. Requests submitted after that date may be denied or postponed until the following semester.
