CERTIFICATE

Agency Name **Texas Commission on Fire Protection**

This is to certify that the information contained in the agency Legislative Appropriations Request filed with the Legislative Budget Board (LBB) and the Governor's Office of Budget, Planning and Policy (GOBPP) is accurate to the best of my knowledge and that the electronic submission to the LBB via the Automated Budget and Evaluation System of Texas (ABEST) and the PDF file submitted via the LBB Document Submission application are identical.

Additionally, should it become likely at any time that unexpended balances will accrue for any account, the LBB and the GOBPP will be notified in writing in accordance with Article IX, Section 7.01 (2012-13 GAA).

The agency's appropriations are from this account.

The commission raised all fees to \$85 in Fiscal Year 2012 to fund agency operations and meet legislative mandates of Rider 4 of the General Appropriations Act (GAA). The 82nd legislature through its appropriations process made the agency a self-funded agency. The agency generates its funding primarily through revenue collected from professional fees (certification and examination).

Three certifications introduced in Fiscal Year 2013 caused a substantial increase in the total number of certificates typically issued by the agency in a given year. Completion of a state exam was not required in order to obtain these certifications during the first year, which resulted in a much larger than normal number being applied for and issued. An exam is now required in order to obtain these certificates, which should result in a return to normal levels of certificate issuance by the agency. Projected revenue estimates for Fiscal Year 2014 reflect this.

The Texas Commission on Fire Protection is the sole agency in the State of Texas authorized by the International Fire Service Accreditation Congress (IFSAC) to issue IFSAC seals. Receipt of the seal signifies an individual has tested and demonstrated mastery of job performance requirement set forth in the applicable National Fire Protection Association Standards (NFPA). The standards apply to functions and duties performed by firefighters which includes structural firefighter, inspector, investigator, instructor, etc.

Effective October 1, 2012, the commission's fees for IFSAC seals increased from \$10 to \$15. Historically, increasing this rate has impacted the number of seals issued, but not the amount. Rate increases offset a decrease in the amount. While some Texas firefighters apply for IFSAC seals, many individuals come from Canada to train and test in order to obtain a seal. In Canada, this seal is the certification that allows an individual to work as a firefighter. This expedites the individuals ability to work, as the waiting period for training programs in Canada can be lengthy.

Although the agency receives a portion of the revenue collected by TxDMV for the license plates, the funds are "pass through" and cannot be spent by the agency. The 81st Legislature passed HB2854, relating to license plates created by the Texas Department of Motor Vehicles for professional firefighters. The agency was nominated to receive the revenue for these license plates, and then pass it on to the Texas Fire Fighter Relief and Scholarship Fund which provides emergency relief and college scholarship funds to professional firefighters and their dependents.
