[www.GrizzlyCustom.com](http://www.GrizzlyCustom.com)

Hello,

Thank you for taking an interest in our Marlins. We are not a production manufacturer, but a true custom shop. Our rifles are built one at a time, and our customer's satisfaction is our first priority.

While we have attempted to highlight a variety of different firearms in this document, it does not necessarily cover everything that we do. If you do not see exactly what you are looking for, please do not hesitate to call or email us for additional information. Even if we don't currently build it, we may be interested in pursuing it.

We currently work on all modern Marlin lever actions, including the 39A, 336, 1894, 1895, .444, and the .450, whether it is blued or stainless steel. Unfortunately, we are ***not*** accepting work on lever actions from other manufacturers at this time.

We would like to work with you on your next Marlin project, be it a package rifle, or custom designed by you. We will build one to suit your needs, ***especially*** for you. We can supply the Marlin, or we can modify yours for you.

If you require additional information, please don't hesitate to call or email anytime.

Thank you again!

Sincerely,

Lew Bonitz  
Grizzly Custom Guns, LLC

## Grizzly Custom "Brush Hawk" Lever Action Package

A short, fast-handling custom lever-action rifle complete with custom leather sling and butt-cuff. An excellent choice for *whatever* you are chasing in the brush. This package can be built on an 1895, 336, or 1894.
