**For information on the City of Flagstaff sign standards refer to Division 10-50.100 (Sign Standards) of the Zoning Code. Please submit two copies of the following:**

- **Site Plan** (Drawn to scale with property lines, dimensions and location of existing signs along with proposed new signs)
- **Landscape Plan** (Displaying both existing and proposed landscape areas)
- **Sign Installation Plan** (Include sign dimensions, structural and foundation detail, electrical detail, illumination and list of materials) If the proposed sign will be illuminated, and a branch circuit is not currently available, an electrical permit must also be submitted.

***Note: Applications which are incomplete or not accompanied by the required information will not be accepted.***

1. A flow chart describing the review process inclusive of applicable review time frames (administrative completeness review and substantive review) is attached.
2. The City and an applicant for a permanent sign permit may mutually agree in writing to extend the substantive review time frame (and also therefore the overall review time frame) by no more than 50% of the overall time frame, i.e. an additional 8 working days.
3. An applicant for a permanent sign permit may receive clarification from the City of how it is interpreting Division 10-50.100 (Sign Standards) of the Zoning Code.
4. If an applicant fails to respond to corrections provided by the City within 30 days of the date of the corrections, the application shall be considered withdrawn.
