Pharmacy Claim Form (30-1) Examples

The examples in this section are to assist providers in billing on the *Pharmacy Claim Form* (30-1). Refer to the *Pharmacy Claim Form (30-1) Completion* section of this manual for instructions to complete claim fields not explained in the following examples. For additional claim preparation information, refer to the *Forms: Legibility and Completion Standards* section of this manual.

Billing Tips: Quantities must be in the metric decimal if the quantity is not a whole number. Do not round the quantity. For example, a quantity of 3.5 Gm should be expressed as 3.500, rather than rounding to 4. Do not include measurement units such as Gm or cc. All information on an attachment must match the information entered on the claim form. For information on rounding, see the *Pharmacy Claim Form (30-1) Completion* section in this manual.

Compounded Prescription

Refer to the *Compound Drug Pharmacy Claim Form* (30-4) *Examples* section for compound billing examples.

Late Billing

Figure 1. Late billing.

This is a sample only. Please adapt to your billing situation.

In this example a pharmacist is submitting a claim after the six-month billing limit. The claim is submitted late because the proof of eligibility was unknown on the date of service.

The date of service is the date that the prescription was filled; however, do not bill Medi-Cal until the patient or representative of the patient has received the prescription. The date is entered in an eight-digit MMDDYYYY (Month, Day, Year) format in the *Date of Service* field (Box 12). In this example, September 15, 2007 is entered as "09152007."

In this example, the *Days Supply* field (Box 15) indicates the drug is expected to last 10 days.

Because this claim was submitted late (the proof of eligibility was unknown on the date of service), a "1" is entered in the *Billing Limit Exceptions* field (Box 88). The date that proof of eligibility was received is entered in the *Specific Details/Remarks* area. In this example, proof of eligibility was received on September 24, 2007, entered as: "PROOF OF ELIGIBILITY RECEIVED 09242007." See the *Pharmacy Claim Form (30-1) Submission and Timeliness Instructions* section of this manual for more information about billing limit exception codes.

Code I Restricted Drug

Figure 2. Code I restricted drug.

This is a sample only. Please adapt to your billing situation. Sample attachments are not illustrated in this example.

In this example a pharmacist is submitting a claim for a drug with a Code I restriction.

The 14-character recipient ID number as it appears on the Benefits Identification Card (BIC) is entered in the *Medi-Cal Identification Number* field (Box 6).

A "Y" is entered in the *Code I Restrictions Met?* field (Box 14) to indicate that all Code I requirements have been met. See the *California Code of Regulations* (CCR), Title 22, Section 51476(c) for more information about documenting Code I requirements.

The biller uses fields 30-86 only for additional items to be billed for the same recipient during the same month of service.

Other Health Coverage

Figure 3. Other Health Coverage (OHC).

This is a sample only. Please adapt to your billing situation. Sample attachments are not illustrated in this example.

In this example, the recipient has OHC. The pharmacy billed the primary insurance and received payment.

The pharmacy bills the other health company and gets a request for a $10.00 co-payment. The co-payment can be misleading because Medi-Cal pays the difference between the Medi-Cal allowed amount less the payment from the other coverage. The other health company paid $66.96 and this amount is entered in the *Other Coverage Paid* field (Box 24).

Because OHC exists and payment has been collected, a “9” is entered in the *Other Cov Code* field (Box 25). The provider is certifying that the other health insurance was billed and must have documentation readily retrievable to verify this transaction.

Charge filed is the pharmacy’s charge to the general public.
