Dear Property Owner:

The City of Brewer is conducting a revaluation of all real and personal property. The City has contracted Vision Government Solutions to assist the Assessor's Office in this process. For the next several months data collectors from Vision will be visiting each property to measure and inspect the exterior and interior of each property. This inspection will only take a few minutes and is essential in obtaining a fair and equitable valuation. Vision will be leaving a door hanger on those properties that no one is home for you to contact the city and schedule an appointment. They will also take a new photograph of each property. All Vision employees will have a Vision Government Solutions Identification badge as well as a letter from the City. All data collectors have had background check and their vehicles are registered with the Brewer Police Department.

For more information about this project go to [www.brewermaine.gov/assessing](http://www.brewermaine.gov/assessing)

Thank you for your cooperation.

Steven Weed City Assessor  
Brewer Assessor's Office &
