Assistant City Manager Barker informed the City Council that Euless is a member of the Atmos Cities Steering Committee (ACSC) which negotiates on behalf of member cities with Atmos Energy Corporation, Mid-Tex Division when they seek rate increases. In May 2014, the City Council passed a resolution denying the 2014 requested rate increase on the advice of the ACSC. Ordinance No. 2066 will settle the 2014 and 2015 Atmos rate requests. The overall total amount requested for 2014 and 2015 is \$74.4 million. The average monthly residential charge will increase by approximately 1.59 percent or \$1.14 per month. The increase will go into effect on June 1, 2015.

**ITEM NO. 11. APPROVED SECOND AND FINAL READING OF ORDINANCE NO. 2062**

Director of Planning and Economic Development Collins presented the item to the City Council and stated that the applicant, Nedal Omar Darsalem representing Entire Auto Center, is seeking a Specific Use Permit (SUP) for their business to be located at 316 North Main Street. The owner of the property, Sal Alfieri, has stated that the lease of the building for auto services is short term. Due to the expected impact of the Airport Freeway widening project and the closure of the Main Street bridge over the highway, there is a reluctance to make a significant investment in a major remodel of the property for a retail or restaurant type use at this time. Access to North Main Street will be impacted after the bridge is removed and before it is rebuilt. Mr. Alfieri's intent is that he will not lease the building out for auto services when the highway construction is completed. The City Council held a public hearing on May 12, 2015, and approved the Specific Use Permit by a 4-2-0 vote. Per the Euless City Charter, all ordinances require five affirmative votes to waive a second reading. Additionally, the Planning and Zoning Commission held a public hearing on April 21, 2015, and recommended approval of the Specific Use Permit by a 6-0-0 vote with the following conditions:

1. Tied to the business owner, Nedal Omar Darsalem; and
2. Tied to the business name, NK Entire Auto Lube, Inc dba Entire Auto Center; and

5. All tires stored on site whether new or used, shall be stored in a manner that is screened from public view from the right-of-way and shall be stored under cover so as to not allow the collection of rainwater in the tires; and

8. The Specific Use Permit may be revoked if one or more of the conditions imposed by this permit has not been met or has been violated.

Mayor Pro Tem Stinneford stated that this use is not the best long-term use for the property and the SUP is intended for a short term, temporary use of the property while the bridge is under construction.

Council Member Tompkins motioned to approve the second and final reading of Ordinance No. 2062 for a Specific Use Permit for auto services proposed to be located on Euless

Gardens, Block 3, Lot 1B at 316 North Main Street within the Community Business District (C-2) with conditions as recommended by the Planning and Zoning Commission.

His success at repairing BMW's has led him to a desire to expand his business by purchasing a few BMW's from auction, repairing them, and selling them by internet only from his location. The space his business occupies has been previously occupied as an internet auto sales location. Mr. Cardenas has been informed of the conditions in which internet auto sales have been previously approved in Euless and is willing to comply with those conditions. Additionally, the Planning and Zoning Commission considered this site plan at their regular meeting of May 5, 2015, and recommended approval by a 7-0-0 vote with the following conditions:
