Spring Service Project participants will work with their project team to raise the total cost of their project through support letters, fund-raisers, and personal contributions. Each team member will have an expected contribution to his/her team's total. **ALL team members will need to continue to fundraise until the total cost for their project has been raised in order for the team to leave for their site. Failure to do so could result in loss of your place on the team. All donations are tax deductible, but are not refundable.** The deadline for all team fundraising is **February 20, 2015**. Costs covered for each person include travel and transportation, room and board, program costs, visas, site donations, and travel insurance. Not included are passport fees, additional visa requirements for international students attending Northwestern, immunizations, meals while traveling, and personal spending money.
