Note: Please review DHS Bulletin 15-11-01 for more details before you complete this document.

A. Needs Statement

1. Besides funding, what is the single biggest challenge you are facing in financial assistance services?

The single biggest challenge in financial assistance services is System Modernization. For example: we need systems modernization to assist with recent legislative changes regarding child support disregards and the Housing Assistance Grant.

2. Besides funding, what is the single biggest challenge you are facing in employment services?

The single biggest challenge in employment services is the State/Federal outcome measurements we are expected to meet. The excessive documentation and stringent requirements hinder our ability to counsel clients in an effective manner and develop plans to meet their specific needs.

3. What strengths and resources do you have available to address the needs of your participants? *Please check all the resources available to participants in your service area and check whether the resource is available within MFIP financial or employment services “in-house” or from a partner organization (county resources with developed connections to MFIP), and/or an external community resource or both. If you lack the resources in your service area, check the Resource Gaps column. Add any “other” resources that you consider necessary.*

NOTE: “MFIP Resources” = RESOURCE or Stearns County; “Partner Resources” = agencies that RESOURCE directly partners with; “Community Resources” = other community agencies

C. Performance Measures; Racial/Ethnic Disparities

1. Performance-based funding is determined by a service area’s annualized Self-Support Index value. Review the information and report links in this section to see the effect of performance on funding and reporting, based on Statute 256J.626, subdivision 7.

Starting for calendar year 2016, each service area funding allocation starts at 100 percent. Each year starting with the 2016 allocation, a bonus to a service area’s Consolidated Fund allocation will be based on its performance on the Self-Support Index in the previous April to March year. While some service areas will get a bonus starting in 2016, there will be no performance-based decreases for the coming biennium.

The **three-year Self-Support Index (S-SI)**: This measure starts with all adults receiving MFIP or DWP cash assistance in a quarter and tracks what percentage of them, three years later, are no longer receiving family cash assistance or are working an average of 30 hours a week if still receiving cash assistance. Those who left MFIP after reaching 60 counted months and those who left due to 100 percent sanction are only counted as a success if they worked an average of 30 hours per week in their last month of eligibility or if they began receiving Supplemental Security Income (SSI) after family cash assistance ended. To provide fair comparisons across service areas, DHS calculates a “Range of Expected Performance” for the S-SI that is based on local caseload characteristics and economic conditions. The service area’s Self-Support Index value is whether the service area was above, within, or below its expected Range.

The S-SI and Range are annualized for the four quarters in the April through March year ending in the reporting year before the funding year. See the annualized report on the MFIP Reports page on the DHS website for 2015. A service area with an annualized S-SI “above” its customized Range of Expected Performance for 2015 will receive a 2.5 percent bonus added to its Consolidated Fund allocation for calendar year 2016.

- If your service area is receiving a bonus, congratulations! Please share a success strategy:

--

- If your service area performed “above” or “within,” you can go to item 2.

In the future, if your service area has an annualized S-SI below its range for two consecutive years, you will have to **negotiate a multi-year improvement plan** with the commissioner. If no improvement is shown by the end of the second year of the multi-year plan, the next year's allocation must be decreased by 2.5 percent, to remain in effect until the service area performs within or above its Range of Expected Performance. For example, a service area scoring "below" for 2016 and 2017 would need to put in place a multi-year improvement plan. If continuing "below" for 2018 and 2019, there would be a 2.5 percent decrease for the 2020 Consolidated Fund allocation which would continue until an annualized S-SI above or within its Range. Then the service area would receive 100 percent of the allocation

A **racial/ethnic disparity** is defined as a one-year Self Support Index that is five or more percentage points lower for a non-white racial/ethnic group than for the white group of MFIP/DWP-eligible adults in the county or consortium. Access the report "Two-Year Performance Trends of Racial/Ethnic and Immigrant Group". This report lists (1) service areas that have any racial/ethnic disparities requiring action and (2) the table of differences for all service areas.

2.

If your county or consortium is not in the list, skip the following question.

What strategies and action steps for each of the groups with disparities do you plan for the coming biennium to reduce these disparities?

- Monitor and support the hiring of African Americans to local businesses and educate and prepare these candidates for hire.
- Promote the selection of quality childcare programs in an attempt to provide children of participants with the early childhood education and skills needed to enter and be successful throughout their academic paths.
- Promote internal and external education and credential opportunities in an effort to increase wages and household income levels.
- Implement more intensive retention strategies based on the findings and input received from this group.
- Referrals to programming, which includes focus on job search strategies for felony backgrounds.

D. Program Monitoring/Compliance

1. What procedures do you have in place to ensure that program funds are being used appropriately as directed in law? **Check all that apply.**

- Budget control procedures for approving expenditures
- Cash management procedures for ensuring program income is used for permitted activities
- Internal policies around used of funds, i.e. participant support services

Other, please specify in the text box below.

2. What procedures do you have in place to ensure program policies are followed and applied accurately? **Check all that apply.**

- Case consultation
- Sample case review by supervisors
- Sample case review by workers

Other, please specify in the text box below.

*Program Specialists perform case reviews on financial worker eligibility
*when a client requests an appeal, the supervisors conduct a thorough review of the case to ensure policy was applied correctly

If your service area has not made changes to your random drug testing policy since the last BSA, go to Section E. **Stearns County has not made changes to our policy since the last BSA.**

3. What procedures/policies do you have in place for administering random drug tests to MFIP participants who are convicted drug felons as required by Minnesota Statutes, section 256J.26, subdivision 1?

Check one.

- Written policy within the MFIP unit
- Coordination with Corrections
- Currently establishing new policy/procedure(s)
- Other, please specify in the text box below.

If your random drug testing policy has changed since the last BSA, please submit a copy to Larry Hosch at Larry.Hosch@state.mn.us

E. Collaboration and Communication with Others

1. How many employment services front-line staff are employed in your county or consortium? 10
How many employment services front-line staff in your county or consortium have MAXIS access? 2
How many managers/supervisors have MAXIS access? 0

2. Describe the process your service area uses to identify and resolve discrepancies between MAXIS and WF1 data in areas such as Family Stabilization Services coding, employment/hours, sanction status, etc.

*Monthly case-reviews and consistent dialogue between ES and Family Financial/County Staff.
*Review of monthly DEED reports.

F. Emergency Services

1. Does your county provide emergency or crisis services from your Consolidated Fund?

- No Yes

If yes, please submit your most up-to-date emergency/crisis services plan to tria.chang@state.mn.us

G. Other

Administrative Cap Waiver

Minnesota Family Investment Program (MFIP) allows counties to request a waiver of the MFIP administrative cap (currently at 7.5%) for providing supported employment, uncompensated work or community work experience program for a major segment of the county's MFIP population. Counties that are operating such a program may request up to 15% administrative costs.

If your county is interested in applying for the waiver for the coming biennium, please complete the following four questions. Email Brandon.Riley@state.mn.us if you need assistance with the waiver.

1. Describe the activity(s) you will provide.

RESOURCE will continue to develop and build relationships with local businesses and other community organizations that can provide work experience opportunities for clients. Currently, RESOURCE has 12 community partners

The current SW model is a 12-week program. RESOURCE will recruit participants who may have a harder time finding employment on their own for a variety of reasons: not enough work experience or gaps in employment history, criminal backgrounds or significant barriers such as limited English skills.

Participants referred to the program will have an intake and initial assessment and inventory of current skills. This will assist in matching participants with work partner sites that best suit their situation. The intake process also includes discussion of program expectations and completion of paper work.

After a participant is matched with a work partner site, a worksite orientation is scheduled. The participant's start date and work schedule are established in this meeting. This ensures that participant is clear of his or her job duties and worksite partner is clear on their role in the supervision and role in developing job skills.

RESOURCE staff conducts regular evaluations with both participants and worksite supervisors to ensure progress is being made and job skills development goals are being met.

RESOURCE staff continues to work with participants to assist them in finding unsubsidized employment while enrolled in the program and at completion.

2. Explain the reasons for the increased administrative cost.

- Increased staffing
- Increased marketing materials
- Payroll support and functions

3. Describe the target population and number of people expected to be served.

Our targeted population will include participants who face multiple barriers to employment; these include, but are not limited to: gaps in employment history, criminal backgrounds, limited education (lacking GED or high-school diploma) and limited English language skills.

We expect to serve approximately 80-100 participants.

4. Describe how the unpaid work experience is designed to impart skills and what steps are taken to help participants move from unpaid work to paid work.

Although we are proposing an increase in the number of participants we serve in paid supported work experience, the same job skills development will be achieved in unpaid work experience programming; i.e. development and enhancement of work experience and soft skills, encompassed with intensive career counseling

Addendum for Unpaid Work Experience Activities

If your county is providing unpaid work experience activities for MFIP participants and you don't already have an Injury Protection Plan (IPP) in place, please click on this [LINK] to fill out the IPP form.

Email the completed form to: dhs.dwp-mfib@state.mn.us

Stearns County is not providing unpaid work experience activities for MFIP participants.

Provider Choice

Does your county (select one):

- Have **at least two employment and training services providers**. Go to Section H.
- Have a **workforce center** that provides multiple employment and training services, offers multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs. Go to Section H.
- Intend to submit a **financial hardship request**. See below.

Financial Hardship Request, Stearns County does not have a financial hardship

FINANCIAL HARDSHIP - Exception to Choice of Employment Service Providers Requirement

MFIP provisions require counties to make a choice of at least two employment service providers available to participants unless a workforce center is being utilized (Minnesota Statutes, section 256J.50, subdivision 8). Counties may request an exception if meeting this requirement results in a financial hardship (Minnesota Statutes, section 256J.50, subdivision 9).

A financial hardship is defined as a county's inability to provide the minimum level of service for all programs if a disproportionate amount of the MFIP consolidated fund must be used to cover the costs of purchasing employment services from two providers or the cost of contracting with a workforce center.

To request approval of a financial hardship exception from the choice of provider requirement, please provide the following information.

1. If the county had a choice of providers in calendar year 2015, describe:
 - factors that have changed which indicate a financial hardship
 - why the hardship is expected to persist in the near future and
 - the magnitude of the hardship, which makes limiting delivery of employment services the best financial option for the county

2. Summarize options explored by the county, including use of other partners in a workforce center or other community agencies, such as a Community Action Program or a technical college. The summary should also include:
 - major factors which prevent the county from utilizing these options and include a cost analysis of each option considered; and
 - the process used to determine the cost of other options (RFP or other county process).

3. If the county proposes to directly deliver MFIP employment services, provide a budget and staffing plan that clearly indicates consolidated funds will not be used to supplant county funds. The description should include information about what steps will be taken to ensure that county staff have the experience and skills to deliver employment services.

The Department of Human Services (DHS) and the Department of Employment and Economic (DEED) will also review the amount budgeted by the county for employment and training during calendar year 2015 and use this amount as a guide to determine whether the amount budgeted by the county for calendar year 2016 is reasonable.

If a financial hardship is approved, DHS and DEED will closely monitor county programs to ensure outcomes are achieved and services are being delivered consistent with state law.

H. Budget

Click on the link below to review your service area’s 2014 and 2015 MFIP allocations:
[MFIP Consolidated Fund Support Services](#)

In the budget table below, indicate the amount and percentage for each item listed for the budget line items for calendar years 2016 to 2017 Also note:

- Total percent must equal 100.
- MFIP administration is capped at 7.5 percent unless the county is applying for an administrative cap waiver. To apply for the administrative cap waiver, respond to the questions on Section G under Administrative Cap Waiver.
- If “other” is used, briefly state or describe the line item.
