Participants' Contracting Organizations will provide airline tickets from the airport designated in their home countries to Narita International Airport. Transportation costs from Narita International Airport to the Post-Arrival Tokyo Orientation venue, accommodation costs during the Post-Arrival Tokyo Orientation, and transportation costs from the Post-Arrival Tokyo Orientation venue to the Contracting Organization will be borne by the Contracting Organization. It is for these reasons that in such a case where, after he/she has received his/her placement, a participant withdraws his/her intent to participate in the Program or is disqualified, except in exceptional cases such as on humanitarian grounds, he/she must pay related cancellation fees accrued (including those fees for housing in the case where the Contracting Organization has already made arrangements.) I understand that my intentions regarding participation in the 2015-2016 JET Program are made definite and that my Contracting Organization's final preparations (i.e. housing) will be determined in accordance with the following information.
