*\*Please see the regional fees listed on our Participation and Fees page. Due to local and regional grants and scholarships, there are varying team fees across Ohio. For those areas with higher fees, we are working diligently to secure similar funding to reduce the costs for your teams as well! If we are successful, you will be invoiced at a lower cost per team. Team fees will be assessed based on the location of your school and you will be assigned to a regional program based on that location. Please contact your regional Center for Economic Education if you have any questions regarding fees assessed your school.*
