None

The major will continue to support the 10 goals of undergraduate education.

Identify other units affected by the proposed changes:

(Attach permission from the affected units. If no other unit is affected enter "None")

Attached email support from Dr. Alan Fox, Director UD Honors Program

Describe the rationale for the proposed program change(s):

(Explain your reasons for creating, revising, or deleting the curriculum or program)

Current requirements are considered unviable as there are not enough honors courses across the different political science subfields and concentrations. The current situation places undue burden on staff who must make individual exceptions. This change does not change the integrity of the major/concentration or the honors components. In the case of POSC without concentration, changes loosen only the specific requirement that POSC honors courses come from different subfields. For example, students still must take courses across political science fields for the Political Science major without concentration. In the case of POSC with concentration, changes loosen only requirement that students take at least two honors courses from their concentration.

Program Requirements:

(Show the new or revised curriculum as it should appear in the Course Catalog. If this is a revision, be sure to indicate the changes being made to the current curriculum and **include a side-by-side comparison** of the credit distribution before and after the proposed change.)

Dear Alice,

I have reviewed your proposed changes to your Honors degrees, and I can offer my enthusiastic support. We think this curriculum will be much more accessible to Honors students and will make it possible for more Honors students to earn Honors Degrees.

Let me know if you need any more detailed documentation.

Best, Alan

Subject: POSC and IR Honors

Hi Alan,

Hope you are well. As you may know, POSC / IR has some concerns about the honors reqs for our majors. We would like to make the following changes based on our understanding of where the pressure points are. Would you be willing to write a letter supporting the changes?

The old reqs (with lines to be changed in red) is followed by the new proposed course reqs.

Best wishes (hope the move was not too hard),
Alice
