## **ELI Pastor Reference Form**

Dear Pastor.

You might be wondering why you have you been asked to complete this reference form. In short, the high school member of your congregation who gave you this form would like to be a part of the Experiential Leadership Institute (ELI) this summer – and this is a requirement to be considered!

The ELI's Day Camp Counselor program is designed for rising 11th-12th graders who are cognitively ready to be self-reflective, who are ready to accept responsibility for elementary-aged children, who want to make a difference in the lives of others in Christian service and who will benefit from gaining leadership experience before leaving home for college. Just as summer camp is guided by the understanding that faith can only be grown as it is practiced, ELI believes that leadership cannot be nurtured without the opportunity to lead. So after a week of leadership theory and skills training, each participant will serve one or more weeks as a Day Camp Counselor, putting newly acquired skills to practice in a wonderful ministry setting. Thanks for helping to make this experience possible for your youth!
