

## Student Course Evaluation: Summer 2001

### Instructions

A Student Course Evaluation Questionnaire (SCEQ) for this course is available for you to complete on the web. The SCEQ was designed to provide measures of an instructor's teaching effectiveness, and the results of this questionnaire may be used by committees or administrators as part of an instructor's teaching evaluation. Open-ended questions (the "Blue Sheets") are also included. The Blue Sheets were designed to provide direct feedback to instructors and will not be used by performance review committees.

Responses to both the SCEQ and the Blue Sheets will be completely anonymous and will be kept strictly confidential. Responses to the SCEQ will be summarized statistically before they are reported to the instructor. No identifier will be attached to your comments on the Blue Sheets. The SCEQ summaries and the responses to the Blue Sheets will not be distributed to the instructor until after final course grades have been processed.

In order for your evaluations to be processed, they must be completed on or before the date that grades are due for this course. To access the SCEQ and the Blue Sheet for this course, please go to the following web address: <http://my.umbc.edu/sceq>. Once there, enter the following information:
