## Assignment Description:

Fill-in the chart below with one entry for each member of your Product Development team and your Game Module team, including yourself. Assign a value from 0 to 100 for each of the members, together with any brief explanation of the score you feel is necessary, and hand-in to Prof. Way during the next class meeting. Note that your assessment of your teammates could affect their grade, and theirs could affect yours, particularly for borderline cases (e.g., A- vs. B+). Please take this evaluation seriously.
