Mayor's Message

Greetings all. Firstly I'll just thank those of you who have made yourselves available for recent consultation meetings, which have been used to help councillors hear from their community about certain projects. The time and effort is much appreciated, and I believe it helps council make balanced decisions.

Community Land Revocation

As a way of investigating potential opportunities for funding aspects of the TB Urban Plan, Council looked at options for consolidation of some open space, especially on the island. The proposal was to annex a portion of some of this land and sell it to help raise some capital to help access Open Space grants which are available. There has been much community discussion and consultation in this process, and throughout it all I believe Council has approached it with an open and consultative attitude. After much opposition from those in close proximity to the parks, Council has decided not to proceed with this proposal. In regards to the Urban plan, Council will now have to reassess and reprioritise as a way of being able to investigate funding opportunities.

Tod Reservoir

Council has received a Development Application from SA Water which sets out their plan to essentially decommission the Tod Reservoir, and reduce its capacity to less than 10% of its constructed capacity. The reasoning behind this is that of safety and risk mitigation, with SA Water deciding the capacity is unnecessary as the Tod hasn't been used as a potable water supply for the EP in over a decade. Council believes this is short-sighted, and the loss of infrastructure capacity which is proposed is not acceptable, and limits any potential use of the water in the future, whether this is through desalination potential or non-potable users. This is an issue which I believe the public in our district should be involved in, and the decision should not rest on those sitting in offices in SA Water.

EPLGA Conference

Some of your councillors have recently attended the annual EPLGA Conference which was held this year at Ceduna. This is a chance for Tumby Bay to meet with other local councils, and look at some of the issues which are common for all areas of local government. On the agenda at the moment are aspects such as potentials for regional development and regional governance, and providing a means for more efficient councils.

That:

1. Having taken into account the relevant consideration contained in Section 90 (3)(a) and Section 90 (2) of the *Local Government Act 1999*, this meeting of the District Council of Tumby Bay dated 8 March 2016 resolves that it is necessary and appropriate to act in a meeting closed to the public as the consideration of CONFCEO 6/316 Rates in Arrears listed on the Agenda in a meeting open to the public would on balance be contrary to the public interest.
2. Pursuant to Section 90 (2) of the Local Government Act 1999, this meeting of the District Council of Tumby Bay dated 8 March 2016 orders the public (with the exception of members of Council staff who are hereby permitted to remain) be excluded from this meeting to enable this meeting to receive, discuss or consider in confidence Report CONFCEO 6/316 Rates in Arrears listed in the Agenda, on the grounds that such item of business, contains information and matters of a kind referred to in Section 90 (3)(a) of the Act, namely:
 - a) information the disclosure of which would involve the unreasonable disclosure of information concerning the personal affairs of any person (living or dead).

The Council is satisfied that the principle that the meeting be conducted in a place open to the public has been outweighed in the circumstances because the report being considered provides information of a personal and financial nature.

Fox Bait Distribution Days!

The distribution of Fox Bait commenced this year at Ungarra on the 9th March at the LEADA Expo Day. If you missed this day, you can also pick up baits at Green Shed in Port Neill on the 16th of March, or see me at the Natural Resources Office Tumby Bay on Thursday the 17th March. Gemma will also be at Yallunda Flat Hall on the 18th March. Times for all distribution days are from 9:30 to 11:30am.

Fox Bait Distribution Days are about getting as many landholders as possible to bait at the same time. Therefore, the more landholders baiting, the greater the benefit of reduced fox numbers over a larger area. Autumn is the ideal time to bait foxes, as juveniles are dispersing and are easily attracted to a food source.

The locally made 1080 meat baits are **free-of-charge**, so remember to bring in your bucket with sealed lid. The manufactured FOXOFF will also be available at cost.

Rabbits

With good summer rains the green feed is up already, which is not ideal for baiting rabbits. Nevertheless, if you have rabbits you need to reduce numbers now. Call me to arrange use of the rabbit bait layer to start your 3-free-feeds, before picking up the poisoned 1080 oats at the Tumby Office.

We are also looking for information and samples of dead rabbits with RHDV2, to be able to monitor the timing, direction, rate of spread and impact.

Tumby Bay CWA

17 February 2016

Tumby Bay CWA members were enthralled with the microwave cooking demonstration by President Sandy McCallum. She uses microwave cooking for almost everything. Firstly she put on a small roast, then showed how to preserve fruit, how to dry herbs, boil eggs then various vegetables; honey carrots was quite a "hit".

Joan Winter thanked Sandy for her professional like demonstration and hints and presented her with a token of thanks.

The meeting opened with the creed and happy New Year greeting for the first meeting for 2016. Two visitors were also present, one being Kate Harrison who shared her dream plan "Sanctuary on Eyre" (caring for animals).

Helen Ballard handicraft secretary reported on the update for table day. Cottage caretaker Marie Lally AM reported flats bookings steady, but the caravan park is very busy.

Single Bloom winners were Marie Lally first, Gwenda Brandford second. Multiple Bloom winners were Gwenda Brandford first, Joan Winter second.

Variety SA donates \$33,000 to Tumby Bay Area School

This is the fifth year The Fairy Girls from Tumby Bay have participated in the SA Variety Bash raising funds for children in need. During this time they have raised over \$70,000 and have seen many local children and families benefit directly from donations and grants from Variety SA with over \$300,000 being returned to the Lower Eyre Peninsula in the past 8 years.

Just recently The Fairy Girls were thrilled to see the Tumby Bay Area School receive a \$33,000 grant from Variety the Children's Charity to purchase new computers for the dyslexic and vulnerable learners that attend the school.

The Fairy Girls presenting Debbie Webb President, Tumby Bay Area School Dyslexia and Vulnerable Learners Support Group, Variety grant for \$33,000. L-R Sue Trezise, Annette Hammond, Debbie Webb, Kerrie Stutley & Sue Milligan.

Every dollar raised by The Fairy Girls stays in South Australia, and goes directly towards grants for children in need. The cost to participate in the Bash is paid by the entrants themselves as well as any petrol or maintenance required to the car. Just last year the girls, under the guidance of Skippy, a local crash repairer, spent many weekends giving their car an overhaul to get rid of all the rust and change the colour of the car from green to bright pink.

The Fairy Girls are very happy that the Eyre Peninsula will be showcased in this year's Bash with participants starting in Port Lincoln on the 6th of August and travelling through Coffin Bay, Arno Bay, Buckleboo, Wudinna, Wurrula and Smoky Bay before heading north to Woomera and finishing in Clare.

It is hoped that their upcoming fundraiser Trash to Trend will also raise valuable funds for Variety. It will be held on April the 8th and The Fairy Girls are inviting people throughout the EP to get creative and make a garment out of recycled materials which can be showcased on the night. There are categories for school aged children as well as categories open to all ages with great prizes including \$200 cash for the adult categories and \$100 cash for the student categories up for grabs. For further information please contact either Annette Hammond on 0428 322 803 or Sue Trezise 0437 882 626.

Tumby Bay Probus Club

Tumby Bay Combined Probus met 4th March, 40 present 1 visitor and 7 apologies. The general meeting was dealt with before we read minutes of the AGM 6th March 2015 which was accepted. The President's report was read by Anne Swaffer. Eileen apologised for not being present, her report reminded us of all events good and sad, thanks to family and support of club members and friends.

The Club celebrated their 20th Anniversary in September and 10 foundation members cut the cake. Eileen thanked Des Traeger for his valuable contribution to our club with his photography, projector operator, we wish him well as he returns to Cleve.

Kath Prime presented her report on the trips we have been privileged to share. Thank you Kath and Geoff. Audited Financial report presented by Heidi Roberts; copies available for members. Now a break for morning tea.

Now the AGM with all committee positions declared vacant, nominations were called for President after a pause, Anne said Eileen will continue with Anne Swaffer as Vice President, with a sigh of relief a vote was taken and was accepted.

Secretary Julia Flavel elected, Treasurer Heidi Roberts elected. Committee nominations were called for and a committee of the required 9 were accepted.

Please consider your position with our Probus Club, we need help from members. Being part of the Committee is a privilege as it's enjoyed by many senior members of town and we would hope there is a future for this club and will continue with your help for years to come.

The next Committee meeting is to be decided. Due to the fact there is a small profit a vote was taken we ask a speaker from RFDS come during the year and we give a donation of \$500. Approval for this can only happen if the Club vote 100%.

With the remaining business dealt with we then enjoyed a trip to the Northern Territory with talk from Anne Swaffer before the close at 11.55am.

The Big Book Club ~ March selection

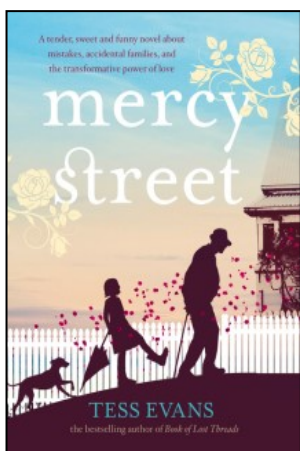

The things we keep by Sally Hepworth

Anna has early onset Alzheimer's disease and makes the brave decision to leave her husband and is admitted into a care facility, predominantly for the elderly. The only other person there around her age is Luke, who has a particular form of dementia. They gravitate towards one another and a relationship develops.

The new cook and cleaner, Eve, has fallen from grace following her husband's suicide after he is caught inappropriately using funds in his job. She takes the job so her daughter Clementine can continue at the school she was attending. Eve sees the connection between Anna and Luke, and although staff and their families want them kept apart, risks her job to let them spend time together.

This is a bitter sweet book about love, memory and what we do to hold on to both.

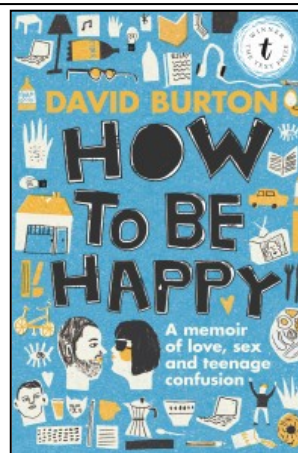

Mercy Street by Tess Evans

When widower George is mugged, young woman Angie comes to his rescue. Having saved him she feels he owes her something. She starts leaving her daughter Rory with him while she goes to job interviews, none of which result in work. Then she moves in because she has nowhere to go.

George who is still grieving over the loss of his life, Pen, starts to bond with the child, and then the day after Rory's birthday, Angie leaves a note saying she has gone fruit-picking with her new boyfriend. She won't take his calls and only rings occasionally.

George with the help of his bossy older sister Shirl, his mate Redgum and neighbours the Nguyens, learns to be the parent he and Pen always dreamed of. But when Angie calls after two years to say she's coming back, George does not want to let her go.

Dealing with loss, grief, the inability to get pregnant, young parents and learning to care for someone who is not a birth-child, this is a sweet novel that will pull at your heartstrings.

How to be happy by David Burton

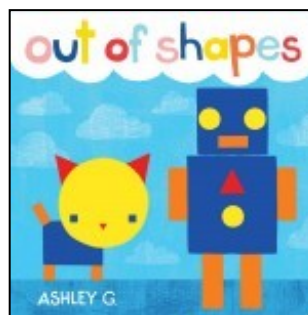

David Burton writes frankly about his youth growing up with parents with mental health issues, younger twin brothers with Asperger's Syndrome, and his own struggles with depression, anxiety and identity.

Not fitting in at high school his saving grace is drama which he becomes heavily involved in. Particular teachers help him find himself and what he enjoys but real happiness and self-acceptance are illusive and he puts up fronts to try and cope. Finally they come crashing down and he has to take a long hard look in the mirror and deal with what is there.

For all of the young adults and adults who feel they don't or didn't belong, this tackles some of the key issues for young people today.

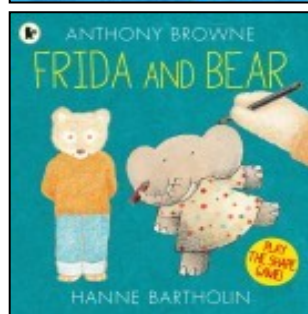

The Little Big Book Club ~ March selection

Out of shapes by Ashley G

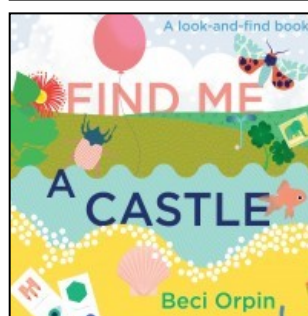

What can you make out of a triangle, a circle, a square, and a rectangle? Almost anything! In this delightful board book, artist Ashley G. takes the concept of shapes and makes it fun! Little ones will see how different shapes become a home, a kitty, a friend, a gift, and much, much more!

Frida and Bear by Hanne Bartholin

Frida and Bear both love to draw - but what? First Frida draws a shape, then Bear turns it into a picture. Then Bear draws a shape for Frida as the shape game begins again.

Find me a castle by Beci Orpin

There's lots to discover in this book - So open it up and take a look - Search for each hidden thing, and then, Find me a castle and then we'll start again! From this highly acclaimed creator comes a fresh new interpretation of the classic look-and-find book. With so much to discover, Find Me A Castle will have you returning time and again to its beautiful pages.

A Soldiers' Story

Service No.: 3862
Name: Samuel John JENKINS
Nickname: Sam

Medals and Decorations

British War Medal
Victory Medal

Rank: Private
Service: Army
Enlisted: 20 June 1917
DoW: 18 September 1918

Sam was born at Wasleys (near Gawler SA) on 3 March 1899 to Richard Burton Jenkins and Jane Jenkins (nee Selich). There were 5 children in the family, 2 boys and 3 girls, of which Sam was the eldest. His father was a farmer, initially in the Wasleys area before moving with his family to Stokes.

It is thought that he started school at Gawler. After the death of his sister, Margaret, the family moved to the Stokes area and he completed his schooling at Stokes in a class room in the family house of the Provis family, which was also the Post office (the teacher was Miss Provis). After completing his schooling he worked on the family farm and other farms in the Stokes area until his enlistment at Port Lincoln in June 1917. At this time he gave his occupation as farmer and his postal address as Ungarra.

On enlistment he was sent to Mitcham for processing and then to 2nd Depot Battalion (Bn) for basic training, which he undertook between June and September 1917. He was then allocated to 10th Reinforcements/5th Pioneer Battalion (Bn) and undertook further specialist sapper training at Mitcham.

The 5th Pioneer Bn was raised in Egypt on 10 March 1916 and assigned to 5th Division. It then saw service on the Western Front. Pioneer Bns performed construction tasks in the forward areas not requiring the special equipment of engineers, such as constructing trenches and dugouts although they occasionally acted in an engineer role on tasks such as the construction of bridges. They were organised the same as infantry battalions and also served as infantry in the front line.

On 27 October 1917 Sam entrained for Melbourne and then embarked aboard HMAT "Aeneas" bound for Devonport (UK), disembarking on 27 December 1917. Whilst undertaking further training in the UK he was transferred to 32nd Bn on 2 January 1918. He remained on the strength of this unit for 3 months before again being transferred, this time to 48th Bn.

The 48th Bn was raised in Egypt on the same day as 5th Pioneer Bn (16 March 1916) as part of the reorganisation and expansion of the AIF following the Gallipoli Campaign. The unit's personnel were drawn mainly from SA and WA. The Bn was sent to the Western Front in June 1916.

In March 1918, following the collapse of Russia, the Germans launched the "Spring Offensive. As the Allies were pushed back, the 48th Bn undertook a defensive role around Dernancourt, blocking the Amiens Road, before joining the final Allied offensive around Amiens in August 1918. During the fighting, it suffered 843 killed in action or died of wounds and 1,628 wounded.

It was during the Bns last battle at Le Verguier, north west of St. Quentin, that Sam was wounded in action (WIA) with a gunshot wound to the leg on 18 September 1918. He was evacuated to 141 Field Ambulance for treatment but died of wounds (DoW) later the same day. After this battle the Bn was withdrawn from the line and did not see action again before the war ended in November 1918.

He was buried at Estrees on Chausee in France, 5¾ miles south east of Peronne. His body was exhumed and reinterred at Hancourt British Cemetery, 6 ½ miles east south east of Peronne on 14 April 1920. His name is recorded on the Tumbay Bay Memorial.

His family moved from the Stokes area back to Adelaide in 1919.
