Important information about BMO Harris Bank MasterCard® Payroll Cards

To help the government fight the funding of terrorism and money-laundering activities, federal law requires all financial institutions to obtain, verify and record information that identifies each person who opens an account.

What this means: When you request a Payroll Card for an employee, BMO Harris Bank will ask you for the employee's name, address, date of birth, Social Security Number and other information that will allow us to identify him/her. We may then take additional steps to validate the employee's identity before issuing a Payroll Card.
