

Electrolysis Refresher Training (1 or 2 day's)

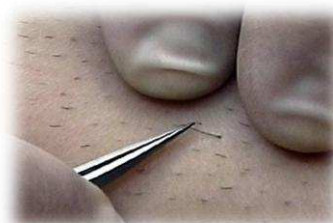

- Need some help?
- Are your skills rusty?
- Has it been a while since you practiced electrolysis?
- You may be experienced but are you skilled?
- Maybe it's time for a refresher course?

We can help you with our supportive and thorough 2 day refresher training course. You can achieve more with the right training. Refresher courses recall and reinforce previously acquired skills. Further training will add enormous value to your career. Electrolysis is a rapidly growing industry, keep up to date with the latest techniques and stay ahead of the competition. Leave feeling more confident and competent and learn about further training and career options available to you.

"Brilliant! I feel really confident having not done electrolysis for 2 years."
 Kayleigh Westwood

"Would definitely recommend....especially found 2nd day most educational."
 Belinda Campbell

Need Day 1	Tick as appropriate
