The American Association of Professional Landmen invites you to attend the **AAPL Doug Potter WI & NRI Calculation Workshop** on Thursday, May 2, 2013 in Oklahoma City, OK. The event will be held at:

Courtyard by Marriott  
2 West Reno, Oklahoma City, OK 73102

This workshop is intended to equip land professionals with elementary skills for working interest and net revenue interest calculations. Instruction is limited to NRI and WI calculations which may be found in leases, assignments, operating agreements and associated documents.

This one-day workshop will begin with simple examples and progress towards complex examples, teaching the fundamental calculations for Royalties, ORRIs, Net Revenue Interests and Working Interests. After attending this workshop, you will understand the fundamental progressions and calculations of WI & NRI as an unleased mineral interest becomes leased and progresses to become part of a producing tract, oil unit, gas unit, and field-wide unit; learn the consequences of changing WI & NRI for Leases, Assignments, Unitizations, Farmout BPO/APO scenarios and JOA Non-Consent Penalties.

The WI & NRI Calculation Workshop is a must for all Land Professionals. This workshop is a culmination of presentations delivered over the last ten years to hundreds of land professionals, attorneys and accountants at national conventions, professional land associations and Fortune 100 companies.

This workshop is made available to the first 40 paid participants. A bound book of class materials will be available to all participants.
