(1) Have demonstrated understanding and proficiency in the English language. Non-prior service applicants who are native to Samoa, Guam, or Puerto Rico or who are not native speakers of English or have resided in the United States less than 1 year will be administered the English Comprehension Level Test (ECLT) at MEPS. (c) Take action on all other reports of medical examinations.

(d) Effective 1 August 1987, applicants for ARNG appointments in all basic and special branches who exceed retention weight standards of AR 600-9 must request a waiver from the State Adjutant General. (e) Effective 1 August 1987, applicants for direct USAR appointment in the Chaplain's Branch or the JAGC who exceed retention weight standards of AR 600-9 must request a waiver from HQDA (DACH-PEP), WASH DC 20310-2700 or the Commandant, TJAG-SA, ATTN: JAGS-GRA, Charlottesville, VA 22903-1781. i. Examining boards. Applicant must appear before an examining board as prescribed in chapter 4. However, those applicants applying under paragraphs 1-7c(4)(b), 1-7c(5), and 1-7e(2), and as otherwise provided for in this regulation or in regulations governing specific appointments, are exempt.

1-7. Ineligibles

The following persons are not eligible for appointment unless a waiver is authorized under paragraph 1-8:

a. Conscientious objectors, except those classified by Selective Service 1-A-O who volunteer for noncombat service with concurrent AD. (See paragraph 2-1j for statement required of these applicants.)

b. Persons adjudged as youthful offenders or have a record of convictions by any type of military or civil court. This excludes minor traffic violations involving a fine or forfeiture of \$100 or less.

c. Persons dropped from the rolls or released from AD, or separated from any component of the U.S. Armed Forces for any of the following reasons:

(1) Under other than honorable conditions. If, on appeal, an individual's discharge was changed to separation "under honorable conditions," he or she is not eligible for appointment solely because of such change. The change in the character of discharge does not alter the official record of the service. Appointment will be tendered or refused based on the facts and merit of the individual case.

(2) For unsatisfactory service.

(3) Resignation for the good of the service in lieu of court-martial, involuntary separation, or any form of disciplinary or corrective action.

(4) Commissioned officers twice passed over for promotion or otherwise released from AD or active status. This is due to failure to be promoted to a higher commissioned grade except—

(a) Individuals in this category are eligible to apply for appointment as a USAR WO if otherwise qualified.

(b) RA officers discharged from that component with less than 20 years active Federal service may apply for a Reserve commission. To qualify, the officer must have been discharged due to a second passover for RA promotion. Officers who voluntarily resign before such discharge from the RA may also apply. Submit applications to PERSCOM, Appointment Directorate, ATTN: TAPC-OPD-R, 9700 Page Boulevard, St. Louis, MO 63132-5200. When it is determined that applicants can be used in a Reserve status, they may be appointed in an active Reserve status. The limitations in paragraph 1-5 are disregarded. Also, if desired, they may request concurrent transfer to the Retired Reserve. Appointments will be tendered only to former RA officers whose overall record of previous performance indicates they have a high degree of potential for service in the Reserve Components.

(5) WO's twice nonselected for Active Army or USAR promotion are ineligible for appointment as a commissioned officer. A WO on the ADL with less than 20 years of active Federal service who is discharged for being twice nonselected for RA promotion or who resigns in advance of such a discharge may apply for a Reserve appointment as a WO, not on active duty. Send applications to PERSCOM, Appointment Directorate, ATTN: TAPC-OPD-R, 9700 Page Boulevard, St. Louis, MO 63132-5200. Applications for appointment in the Army National Guard will be processed per NGR 600-101. RA warrants who voluntarily resign before such discharge are also eligible to apply. Send applications to PERSCOM, Appointment Directorate, ATTN: TAPC-OPD-R, 9700 Page Boulevard, St. Louis, MO 63132-5200. When it is determined that applicants can be used in a Reserve status during mobilization, they may be appointed in an Active Reserve status. Disregard the limitations in paragraph 1-5. If the soldier desires, he or she may request concurrent transfer to the Retired Reserve. However, soldiers so appointed will not be brought to AD under any procurement program except an involuntary order to AD, during a mobilization.

(6) Separated from any component of the Armed Forces as a security risk. Forward applications filed by persons who were under security investigation at time of their separation to PERSCOM, Appointment Directorate, ATTN: TAPC-OPD-R, 9700 Page Boulevard, St. Louis, MO 63132-5200.

(7) For failure to maintain eligibility for retention in an Active Reserve status. After 1 year, a member may be considered for appointment if the obstacles to Active Reserve participation have been removed. A person in this category must—

(a) Prove conclusively that a valid reason for nonparticipation existed but is no longer an obstacle.

(b) Agree to participate actively if appointed.

d. Commissioned officers, WOs, and enlisted personnel drawing retired pay for services with any of the Armed Forces.

e. Commissioned officers of the Regular components of the Armed Forces, Public Health Service, and NOAA, except—

(1) Officers of the RA, as indicated in c(4)(b) above. This includes RA officers in grade of major and below who apply for Reserve appointment concurrent with their unqualified resignation. Also, it includes RA field grade Medical Corps and Dental Corps officers subsequent to unqualified resignation, and RA officers selected for involuntary discharge as a result of a reduction in force. These officers are not eligible for appointment as Reserve commissioned officers with concurrent call to AD.

(2) Officers commissioned from the Army ROTC Program who are about to be separated from the NOAA before completing at least 6 years AD. Such officers will be appointed on discharge from the NOAA, if otherwise qualified. This is without regard to the provisions of paragraph 2-3c(4)(c).

f. Cadets, United States Military Academy, United States Air Force Academy, and United States Coast Guard Academy, and midshipmen, United States Naval Academy.

g. Persons pursuing a course of graduate study in one of the health professions (medicine, osteopathy, dentistry, veterinary medicine, or optometry). Those participating in programs sponsored by the Surgeon General are not included.

h. Applicants whose appointment would cause them to hold more than one Reserve status simultaneously. This does not preclude appointment when separation from the current Reserve status can be done. For example, an Army Reserve member on AD cannot be separated from that current status so long as he or she is to remain on AD in that status. His or her appointment to another Reserve status will not be made unless the member is to be placed on AD under the new Reserve status.

i. Persons denied retired pay or annuities under the so-called "Hiss Act" (Act of 1 September 1954 (68 Stat. 1142), as amended (5 USC 8311 et seq.)).

j. Individuals who are, or have been, members of any foreign or domestic organization, association, movement, group, or combination of persons advocating a subversive policy or seeking to alter the form of Government by unconstitutional means, whose case has not been adjudicated favorably by the Department of the Army.

k. Citizens of the United States residing in a foreign country, except those—

(1) Residing in a country where the United States has troops stationed.

For applications to fill a TPU vacancy, CONUSA headquarters or USARC, as appropriate, will endorse the appointment packet directly to ARPERCEN, ATTN: DARP-OPM. The CONUSA or USARC, as appropriate, will include in their forwarding endorsement that they have reviewed the unit UMR and confirm that no qualified officer is assigned in an overstrength or pending assignment category in that unit. (b) Arrange for a Type A medical examination per AR 40-501, chapter 8 for applicants who are members of the other Armed Forces and concurrent AD is requested.

(c) Refer application to the president of an examining board for action as provided in chapter 4. This is except as otherwise provided in this or other regulations governing the specific appointment. Instruct the boards to advise all applicants that their application will be processed as quickly as possible. Telephonic and written inquiries on status of an application only delay the processing. Cases will be processed and forwarded as quickly as possible. The objective is to complete board action within a 2-week period immediately following receipt of application. RA WOs, Reserve of the Army WOs, and former commissioned officers are not required to appear before an examining board.

(5) On receipt of examining board report, have scores computed for applicant's interview record and appraisal sheet (para 4-4 and 4-5).

b. Applicants will immediately report any change in status or station to the agency processing the application.

c. Commander, U.S. Total Army Personnel Command, ATTN: TAPC-OPD-CP will notify applicants when applications are approved for concurrent AD.

d. Advise applicants informed of tentative selection that they should not expend personal funds or make any other permanent plans in connection with their appointment until they have executed their oath of office.

2-5. Resubmission

Prior nonselection does not bar members from submitting another application. This is provided the person is otherwise medically,

morally, and professionally qualified at the time of submission. Nonselected applicants may not reapply earlier than 1 year after the date of last application. They may reapply earlier when more pertinent qualifications have been acquired. They may also reapply earlier when vacancies for which that individual has not been considered are announced. However, this must have occurred after submission of the last application. WO applications requesting appointment with concurrent call to AD may be withdrawn by personal request through channels after receipt by HQDA. This is to permit the applicant to submit information about a major change in qualifications. Examples include attainment of an MOS related academic degree, change of grade, and completion of an MOS related resident military school course of at least 8 weeks. To reapply for a WO appointment, the requested MOS must be announced open for procurement (para 1-5b(4)). A new application must also be initiated for consideration.

2-6. Discontinue procurement

When sufficient applications have been received, an announcement will be made to delete a specific branch, SSI, or MOS from the AD procurement program. Qualified and interested applicants should submit applications as soon as possible after announcement of the procurement program. Applicants should submit their applications with the understanding that their applications may be returned without further processing at any time procurement needs no longer exist.

2-7. Commissioned officer appointment procedures

On approval of an application, the appointing authority will—

a. Assign officers to an appropriate branch.

(1) Branches for applicants not on AD will be determined by their qualifications and the vacancies which they are to fill, or according to (2) below.

(2) Former commissioned officers of any U.S. Armed Forces on AD in the Army in a WO or enlisted status, if qualified, will have the option of accepting appointment in the—

(a) Branch in which they have been assigned or detailed, provided they are qualified.

(b) Branch in which they have formerly held an appointment.

b. Issue and send to each appointee, a memorandum of appointment (fig 2-2) and DA Form 71 (Oath of Office—Military Personnel) to be completed per instructions thereon.

(1) A signed oath of office is required for appointment in any component of the Army.

(2) The execution and return of the oath of office constitutes acceptance of appointment. No other evidence is required. However, acceptance of an appointment may be "expressed" as by formal acceptance in writing or "implied" as by entering on the performance of the duties of the office.

(3) An oath of office properly dated and signed by the appointed officer and taken before a person believed qualified but unauthorized to administer oaths is ineffective as an oath of office because of defective attestation. However, it is valid as an acceptance and will be recorded as such on all Army records. In such instances, a valid oath of office will be secured and will be dated as of the date actually accomplished. Both oaths will accompany the papers forwarded under paragraph 2-8b(1).

(4) When the appointment involves a WO or enlisted member of the Active Army, enter the member's current grade in parentheses under appointee's address.

(5) Indicate the number of years, months, and days credited after "D" on the memorandum of appointment. This is when credit for service in an active status based on education and experience is used to determine grade eligibility at the time of appointment.

(6) An oath of office executed with reservations of any nature or modification will not be recorded as an acceptance. Appointment will be canceled if the member does not desire to execute an oath without reservations.

c. Unless for justifiable reasons, the appointee should reply within 90 days or in sufficient time to comply with orders for concurrent AD. If this is not done, notify the appointee of

withdrawal of the appointment and request return of documents sent him or her earlier.

d. Major commanders will notify PERSCOM (TAPC-OP) (appropriate control branch), ALEX VA 22332-0400, of all selected officers not ordered to AD. Include the reason why officers were not ordered to AD. Notify PERSCOM, Appointment Directorate, ATTN: TAPC-OPD-RD, 9700 Page Boulevard, St. Louis, MO 63132-5200 when selected applicants are not tendered an appointment or when the appointment is not accepted.

e. Do not execute the oath of office before date of entry on AD when the appointment is for concurrent AD, and the appointee is currently serving in the active Armed Forces. Do not execute the oath of office before the graduation date when an appointment depends on satisfactory completion of prescribed schooling.

f. Notify PERSCOM (TAPC-OPD-R) when a member declines an appointment and PERSCOM is the approving authority. Send the letter of appointment and allied papers with the letter of declination to PERSCOM (TAPC-OPD-RD) (STL) as noted in *d* above.

2-7.1. Warrant officer appointment procedures

a. Effective 1 October 1992 all warrant officer candidates (WOC) required to attend WOCS or WOCS-RC will be appointed to WO, W-1 on successful completion of the course. For Army National Guard applicants, the provisions of NGR 600-101 will govern appointments.

b. On successful completion of 50% of WOCS or WOCS-RC, the WOCS is responsible for notifying the appointment authority of the names, social security numbers, and WOCS graduation date of all WOC in the current class. This should be coordinated through the Office of the Deputy Assistant Commandant (ARNG) and Deputy Assistant Commandant (USAR) in the case of Reserve component candidates.

c. The appointing authority will issue a memorandum of appointment, Reserve warrant officer, (fig 2-3) and DA Form 71 (Oath of Office—Military Personnel)/NGB Form 337 (Oath of Office), to be completed per instructions thereon, to the WOCS for execution on graduation day. NGB Form 89a (Certificate of Eligibility) may be issued by the Chief, NGB for those ARNG WOCS graduates not being appointed as warrant officers. For USAR appointees without concurrent call to active duty, the memorandum of appointment will contain the current USAR unit of assignment and UIC in the standard name line.

d. All appointments (to include current or former commissioned officers) to WO, W-1, except appointments under paragraph 1-9b(1), will be contingent on technical and tactical certification by successful completion of the appropriate Warrant Officer Basic Course (WOBC) or certification by the MOS proponent as technically and tactically certified for award of an authorized WO MOS.

(1) Failure to successfully complete technical and tactical certification as stated above may result in termination of the WO appointment. (See AR 135-175, AR 635-100, NGR 600-101, and NGR 635-100.)

(2) Reserve component WO, W-1, not on active duty, must successfully complete technical and tactical certification within 2 years of appointment unless extended by HQDA (see para 2-7.1d(3) below).

(3) Reserve component WO, W-1, not on active duty, may request a 1-year extension, when through no fault of their own, they are unable to successfully complete technical and tactical certification within 2 years of appointment. Requests will be forwarded through command channels to HQDA (DAAR-PE) or NGB (NGB-ARP-PO), as appropriate.

e. The Oath of Office (DA Form 71/NGB Form 337) will be executed upon WOCS or WOCS-RC graduation. NGB Form 89a (Certificate of Eligibility) may be issued by the Chief, NGB for those ARNG WOCS graduates not being appointed as warrant officers. The soldier will be provided the originals of the Memorandum of Appointment (fig 2-3) and a copy of the Oath of Office (DA Form 71/NGB Form 337).

f. Appointing authority will provide CDRUSTAPC, Alexandria, VA//TAPC-OPD-CW// via electrical message with the standard name line of all individuals appointed to WO1 with concurrent active duty. For USAR appointees to WO1 without concurrent active duty, electrical message will be provided CDRARPERCEN ST. LOUIS MO//DARP-OPF-WO//. Message must be sent within 48 hours of appointment.

2-8. Disposition of appointment documents

a. On receipt of DA Form 71, the appointing authority will—

(1) Record the officer's date of acceptance on the memorandum of appointment.

(2) For all original appointments, send an officer's commission (DD Form 1A), or WO's appointment (DA Form 1290) to the appointee. Indicate the date of the member's acceptance on the commission or warrant as the date of appointment. Forward a copy of DA Pam 600-2 (The Armed Forces Officer) to all commissioned officers.

b. The appointing authority will take the following action:

(1) When appointment is for concurrent AD, send documents in the order shown below to PERSCOM (TAPC-MSR) ALEX VA 22332-0400. All other appointments will be sent to Commander, ARPERCEN, ATTN: DARP-PRA 9700 Page Boulevard, St. Louis MO, 63132-5200. Send copies of records indicated in *a* through *f* below to Commander, ARPERCEN, ATTN: DARP-OPL, 9700 Page Boulevard, St. Louis, MO 63132-5200 for all basic branch lieutenants appointed in the USAR without concurrent AD.

Forward records for all other appointees to the appropriate commander or Cdr, ARPERCEN, ATTN: DARP-PRA-A as noted in *b*(1) above.

c. The appointing authority will establish necessary procedures for notifying the losing service or State adjutant general of the member's acceptance. This applies to Reserve commissioned officers or WOs of the Army. Provide adequate information so the losing agency can identify the member involved. When appointment is made for assignment to the Civil Affairs Branch, send a copy of the appointment letter to HQDA(DAMO-ODS) WASH DC 20310-0440.

d. The appointing authority will send a memorandum as in figure 2-4 to each commissioned officer (other than a commissioned warrant officer) initially appointed in the USAR. This applies to officers not ordered to concurrent AD or not serving on AD in any status.

e. The examining board report and related papers will be processed as prescribed in AR 25-400-2. Original documents will be returned to the applicant when no longer needed.

MEMORANDUM FOR: (*On Initial Appointment, send to each officer of the USAR not ordered to, or serving on active duty in any status*)

SUBJECT: Army Reserve Officer Career Development Pattern

1. Welcome to the officer ranks of the Army of the United States. This appointment is only the beginning in your military career. Within statutory limitations and dependent on your personal circumstances the Army has many opportunities for you to acquire military education and experience and earn professional advancement. You are encouraged to take maximum advantage of those opportunities.

2. It is important as you enter your current grade that you understand just what your obligations are for military education for promotion to the next higher grade. AR 135-155 gives this information for both mandatory (*Unit and nonunit members*) and Troop Program Unit Vacancy promotions (*Unit members only*). In the case of mandatory promotions, you must complete the military education requirements by the convening date of the board held in the year preceding your promotion eligibility date or you will not be considered eligible for selection and nonselection for promotion will result. Two successive nonselections to the grade of LTC and below terminate, by law, your career as a USAR commissioned officer. Individuals appointed in Army promotion list branches as lieutenants must complete a resident basiccourse within 36 months of appointment or be subject to discharge. Also, all MAJs promoted to LTC by either mandatory or unit vacancy board selection who were educationally qualified by completing the 50 percent C&GS must successfully complete the remainder of C&GS within 3 years of the effective date of promotion or be removed from the Active Reserve status.

3. AR 135-155 and the Army Reserve Magazine are good sources that you should read to keep you current on the latest Reserve promotion policies and help you plan your Reserve career. Please address any questions on your Reserve status and career progress to your unit commander or if you are a nonunit member, to the Commander, U.S. Army Reserve Personnel Center, ATTN: DARP-OP, 9700 Page Boulevard, St. Louis, MO 63132-5200.

Section III Appointments of Chaplains

3-5. General

This section prescribes special requirements and procedures for appointment of qualified members of the clergy for assignment as chaplains. Chapters 1 and 2 apply except as otherwise provided in this section.

3-6. Special requirements

a. Applicants with prior service as chaplains in any component of the Armed Forces of the United States must meet the requirements shown in (2) below. Applicants for initial appointment in ranks above second lieutenant and former officers without prior service as chaplains must meet the following criteria:

(1) Education—

(a) Possess a baccalaureate degree of not less than 120 semester hours from a college that is listed in the *Education Directory, Colleges and Universities* or from a school whose credits are accepted by a college listed therein.

(b) Have completed 3 resident years of graduate professional study in theology or related subjects (normally validated by the possession of a Master of Divinity or equivalent degree or 90 semester hours), that lead to ecclesiastical endorsement as a member of the clergy fully qualified to perform the ministering functions of a chaplain, at a graduate school listed in the *Education Directory Colleges and Universities* or an accredited school listed in the *Directory, ATS Bulletin Part 4* or at a school whose credits are accepted by a school listed as accredited in these two documents.

(c) As an exception to (b) above, a senior seminary student may apply 180 days before graduation and ordination. This is provided the request is for appointment with concurrent AD. Along with the transcript of undergraduate credits, an applicant must submit a consolidated transcript of graduate credits completed at the time of application. Also include a statement from the registrar of the hours that will be completed on graduation. The Chief of Chaplains will verify successful completion of graduate studies prior to appointment.

(2) Ecclesiastical endorsement. Receive endorsement from an ecclesiastical endorsing agency recognized by the Armed Forces Chaplains Board. In granting ecclesiastical endorsement, endorsing agents must use DD Form 2088, Ecclesiastical Endorsement. Obtain copies of the forms from the Executive Director, Armed Forces Chaplains Board (OASD MI&L), WASH DC 20301-4000. This endorsement will certify that the applicant is—

(a) A fully qualified member of the clergy of a religious faith group represented by the certifying endorsing agency.

(b) Qualified spiritually, morally, intellectually, and emotionally to serve as a chaplain of the Army.

(c) A member of the clergy who is qualified to provide for the free exercise of religion by all members of the Army, their dependents, and other authorized persons.

(d) The conditional endorsement will indicate the applicant will receive full endorsement on graduation from the seminary and/or ecclesiastical affirmation as a fully qualified member of the clergy. The Chief of Chaplains will verify ecclesiastical endorsements before appointment. A senior theological student requesting AD on graduation must secure conditional ecclesiastical endorsement by a recognized endorsing agency. This is an exception to the above.

b. Interview Statement. Each applicant must be interviewed by a senior chaplain, Active or Reserve Component, who will serve as a field screening chaplain. This requirement does not pertain to applicants for the Staff Specialist branch (Chaplain Candidate). The procedure for initiating the interview and forwarding the interview statement is as follows:

(1) The applicant will arrange for the interview. The name and location of the nearest field screening chaplain may be obtained by consulting with the State Area Command chaplain for National Guard applicants. Army Reserve applicants may contact the nearest Army Reserve unit or Office of the Staff Chaplain of the CONUSA in which the application is being initiated. Should there be no

chaplain of the appropriate component in the area to conduct the interview, it may be conducted by a chaplain of another component; e.g. National Guard for Army Reserve, Army Reserve for National Guard, or by an Active Army chaplain. In cases where no military chaplain is accessible, HQDA(DACH-PEP), WASH DC 20310-2700 should be consulted for guidance. Applicants will not be reimbursed for any travel or incidental expenses connected with the interview requirement.

(2) The applicant will list the date and place of the interview and the identity of the interviewing chaplain in the Remarks section of NGB Form 62(Application for Federal Recognition as an Army National Guard officer or Warrant officer and Appointment as a Reserve Commissioned officer or Warrant officer of the Army in the Army National Guard of the United States.) or DA Form 61.

(3) Chaplains conducting interviews will forward the interview statement directly to HQDA(DACH-PEP), WASH, DC 20310-2700. Use the military letter format. (See the format at fig 3-2 for applicant interview statement.)

c. Each chaplain applicant will complete, date, and sign the statement of understanding for chaplain appointment at figure 3-3. This serves as the final action of applying for appointment as chaplain with any and all components of the Army chaplaincy. It must be completed after the interview required by paragraph 3-6b has been conducted. Applicants for concurrent active duty should mail it directly to HQDA(DACH-PEP), Pentagon, WASH DC 20310-2700. Applicants not applying for concurrent active duty should forward the statement of understanding as part of their application packet.

d. Applicants for initial appointment in the rank of second lieutenant with assignment to the Staff Specialist Branch, SSI, 00A56 (Chaplain Candidate) must meet the following:

(1) Present consolidated transcript of a minimum of 120 semester hours of undergraduate credits as described in a(1)(a) above.

(2) Present ecclesiastical approval from an endorsing agency recognized by the Department of Defense.

(3) Present a statement that the applicant is either enrolled as full-time student or has been accepted for the next entering class. This statement must be from a registrar of a graduate theological seminary or other graduate school as described in a(1) above. Also acceptable is an official transcript from a graduate theological seminary indicating that the applicant has graduated. Add to this a statement from the denominational endorsing agency that the applicant is actively engaged in fulfilling the requirement to become a qualified member of the clergy.

(4) *(Rescinded.)*

3-7. Appointment grade and date of rank

a. Grade.

(1) Appointment will not be made in the rank of second lieutenant, except as provided in (2) below or in general officer grades. Entry grade and date of rank in commissioned officer grades will be determined by the entry grade credit awarded on appointment. The entry grade credit awarded will be the sum of the prior commissioned service allowed. This includes the amount of constructive service credit allowed (para 3-7a(3) and (4)). A period of time will be counted only once when computing credit. Appointment may be made in the following grades:

(a) Applicants without prior commissioned service will be credited with 3 years service in an active status. They will be appointed in the rank of first lieutenant.

(b) Reserve Component commissioned officers will be ordered to AD with assignment to the Chaplain Branch. Assignment will be in their Reserve grades unless a higher grade, below that rank of major is authorized.

the same grade and date of rank (DOR) as held in the former Armed Force.

(2) Applicants (para 3-6d) may be appointed as second lieutenants with assignment to the Staff Specialist Branch, SSI 00A56. This is until they become eligible for appointment as first lieutenant in the Chaplain Branch. An applicant when appointed as a first lieutenant will be credited with the actual service and constructive service credit allowed under (3) and (4) below. Such credit will not be less than 3 years service in an active status.

(3) Constructive service credit. The purpose of constructive service credit is to provide grade and DOR comparability. This is for a person who begins commissioned service after obtaining the additional education, training, or experience required for appointment or assignment as a commissioned officer in a professional field. This relates to a contemporary who began commissioned service immediately after obtaining a baccalaureate degree. Compute and award constructive service credit as follows:

(a) Count a period of constructive service only once.

(b) Do not count periods of time spent in an active status as a commissioned officer or on AD.

(c) Credit qualifying periods of less than 1 full year proportionately.

Statement of Understanding for Chaplain Appointment

I (*Name*) understand that I have been endorsed to serve as a chaplain officer with the Army National Guard or the U.S. Army Reserve with or without concurrent active duty by (*Name of religious faith group*). As certified by the endorsement which I have received, I am a fully qualified member of the clergy of (*List religious faith group or independent church*). I consider myself spiritually, morally, intellectually, and emotionally qualified to serve as a chaplain. I attest that during my pre-appointment interview with a field screening chaplain, (*Name*) the interview treated my professional and academic qualifications, pastoral abilities, military experience, and motivation for ministry in the Army chaplaincy. The interview treated my willingness to work cooperatively with chaplains of other faith groups and to respect their integrity. While remaining faithful to my denominational beliefs and practices, I understand that, as a chaplain, I must be sensitive to religious pluralism and will provide for the free exercise of religion by military personnel, their families, and other authorized personnel served by the Army. The interview also treated my ability to deal with people and my personality traits. The interviewer had the opportunity to assess my appearance, poise, and general physical condition. Further, my verbal and written proficiency in the English language was assessed. The interviewer determined whether or not any personal concerns affecting myself or my family would result in the limitation of assignment world-wide in the future. My responses in the interview constitute a valid tool for assessment of my overall potential for service with the Army chaplaincy. I have completed (*Number*) years of active professional clergy service after completion of the educational requirements for the chaplaincy.

Department of Defense policy is to accommodate religious practices when accommodation will not have an adverse impact on military readiness, unit cohesion, standards, health, safety or discipline.

The Army places a high value on the rights of its members to observe the tenets of their respective religions.

Unit commanders are authorized to initially approve or deny requests for accommodation of religious practices. Conditions of accommodation may change based on military need.

Policy guidelines are contained in AR 600-20 and AR 165-20.

I understand that the Army cannot guarantee accommodation of religious practices.

Chapter 4 Examining Boards

4-1. Appointment

a. HQ USAREC will appoint boards of officers to examine applications for selection and attendance at WOCS or WOCS-RC. Area commanders and PERSCOM TAPC-OPD-A (STL), will appoint boards of officers to examine commissioned officer applicants for appointment when required. Boards will consist of an uneven number of members of not less than three. All members should be field grade officers serving in a grade equal to or higher than that under consideration. Officers in grade of captain may be substituted when a sufficient number of field grade officers are not available. At least one member of the board must be from the branch the applicant is applying. Two members will be from the Active Army and, where possible, from the RA. The member designated as president will be from the Active Army and will be the senior member. If members of the Active Army are not available, a Reserve who is on an Active Guard/Reserve (AGR) tour may be used. A commissioned officer Army aviator will be included as a member of the board when

considering applicants for appointment with assignment on an aviation commissioned officer SSI or WO MOS. A rated aviation WO may be used if a commissioned officer is not available. Waiver of this requirement may be granted when a rated Army aviator is not accessible. A WO of the specialty for which the applicant is applying will be appointed to serve as a technical adviser (with vote) to examining board members when interviewing a WO applicant. A commissioned officer with a SSI related to that of the specialty for which the applicant is applying may be appointed to serve as a technical adviser (with vote). This applies when it is determined that an appropriate WO is not available within a reasonable commuting distance. Also, the substitute officer must have the means and is willing to travel the distance involved. Authority to appoint boards may be delegated by appointment authorities to those organizations as follows:

(1) Installation commander for applicants being considered for appointment in grades of major and below.

(2) Commanders of General Officer Commands and U.S. Army Reserve Commands for applicant being considered for appointment in grade of lieutenant colonel. This is only if applicant held a

previous appointment as a commissioned officer in the Armed Forces.

(3) The Defense Attache will examine applicants for appointment with concurrent AD as Attache Technical Assistants, MOS 350L. Personnel serving at isolated stations with less than three commissioned officers assigned will be examined by the Defense Attache and the Attache Technical Assistant using DA Form 6225 (Interview Appraisal Sheet). These applications will be further examined by a board of MI officers appointed by the Chief, MI Branch, PERSCOM(TAPC-OPF-M).

(4) Installations commanded by a general officer will normally appoint boards to consider applications from personnel on AD with the Army who are applying for concurrent AD. When the installation is not commanded by a general officer, the application will be sent to the next higher headquarters in the normal chain of command. Installation commanders having general court-martial convening authority may appoint boards when it is determined an applicant is not within a reasonable commuting distance of the examining board.

(5) The U.S. Army Military District of Washington will appoint boards of those applications as stated in paragraph 2-2b(8).

(6) Commandant, TJAGSA, will appoint a board of judge advocate officers (with a WO technical advisor, with vote, as appropriate) who will consider requests for direct appointment as Reserve officers of the Army with assignment to the JAGC or as a WO with MOS 550A

b. Boards will be convened as close as practicable to the location of the applicant concerned.

c. Boards will be appointed and proceedings conducted according to AR 15-6 and this regulation.

d. For AD applicants for commissioned officer appointment, centralized selections will be conducted at HQDA and no field board is required. For USAR (TPU), board levels will be determined by area commanders. For ARNG, board level will be determined by Chief, NGB.

e. For all WO applicants less ARNG centralized selection boards will be conducted by HQ USAREC.

f. The examining board will notify in writing the Commander, ARPERCEN, ATTN: DARP-OPF-WO, 9700 Page Boulevard, St. Louis, MO 63132-5200 of the best qualified for the USAR TPU/AGR WO vacancy and all others who are qualified as WOC. The qualified individual's application minus the board proceeding will be sent to ARPERCEN at above address.

4-2. Notification to applicants

a. When the examining board receives applications and allied papers from members seeking appointment, the following is done. The board president will notify the applicant of the time and place of the appearance before the board. Travel and other expenses incurred by the applicant not on AD will not be chargeable to the Government.

b. Applicants will be scheduled so that no one will have to spend more than 1 day at the examining place.

c. When possible, applicants for the same branch will be scheduled in sequence so that the board member of that branch may sit without interruption.

d. When necessary, the applicant will be advised in advance of any additional information the board desires or regulations required to correct or complete an application.

4-3. Retest policy

When a retest is required (para 1-6c), the entire test battery will be administered and retest scores become the official scores of record. The test examiner will provide for a written statement. It will show the date and place the test was administered, title, and form of test, and score attained. Only those applicants attaining the required score will be authorized to continue with the examination.

4-4. Interviewing

The board will interview each applicant prior to having access to

applications or allied papers using the DA Form 6227 (Officer Leadership Board Interview, Interview Record, OLB-1 Answer Sheet). This is except as provided in paragraph 4-5b. Instructions for conducting and recording results of the interview are contained in DA Pam 611-227.

4-5. Appraisal of experience

a. Applicants without prior commissioned officer service. After the interview, a rest period will be given the applicant while the board considers the application and allied papers. The board will then question the applicant on personal history, training, and experience to supplement the facts shown in the application and allied papers. This questioning will be led by the board member of the branch concerned. Technical competence will be inferred from the applicant's history and the impression made on the board during the interview. Each board member will make an individual, independent appraisal of the applicant on one of the forms listed in (1) and (2) below (original only). The word "civilian" will be substituted for "military" on the form listed in (1) below when the applicant is applying from civilian life and has not had military experience. When the applicant is considered better qualified for a branch other than one applied for, the board may recommend such assignment.

(1) For commission applicants, except for Chaplains and JAG Branches, use DA Form 6224 (Interview Appraisal Sheet M).

(2) For WOs, Chaplains, and JAG Branch applicants, use DA Form 6225 (Interview Appraisal Sheet S). (This form will be modified to indicate WO application when appropriate.)

b. Applicants with prior commissioned or WO service. In recognition of commissioned or former commissioned status and/or RA and Reserve of the Army WO status, board action will be waived.

4-6. Disposition of records

a. The board will forward the following papers through channels to the appropriate commander concerned for action:

(1) Report of proceedings of the board of officers.

(2) Copy of military memorandum/ letter appointing the board.

(3) Application and allied papers for each applicant.

(4) Test score statement, when required by paragraph 4-3.

(5) DA Form 6227 completed by each board member on each applicant.

(6) DA Form 6224 or DA Form 6225, as appropriate, completed by each board member for each applicant.

b. A statement substantially as follows will be included in the board report when applicable:

"This correspondence is marked FOR OFFICIAL USE ONLY solely because of the addition of Exhibit through When these exhibits are removed, protective markings will be canceled."
