## Workforce & Economic Development

CSN's Division of Workforce and Economic Development was established in 2005 to meet the training needs of Southern Nevada's workforce and employers. The Division is an entrepreneurial and self-supporting division of the College that works with the region's businesses and key industry sectors in the assessment, design and implementation of customized curricula and training programs. The Division also provides services to students, employers, employees and adult learners seeking education opportunities, new Skills and career advancement. Since 2005, approximately 65,000 students have been served through the Division's programs.

## Safety

The Safety Division provides a wide variety of support for the Division of Workforce and Economic Development. This support consist of OSHA 10 and 30 classes, state required OSHA 10 and 30 updates, and various other workplace safety training topics as needed. This division also provides three levels of Motorcycle Operation Safety classes. We are also in the process of developing personal Safety classes which will include Rape Aggression Defense (RAD).
