Other Contact Information: lv2014.srhs.cdxxsite.com

A. Course Description:

The Automotive Maintenance and Light Repair 1 course prepares students for entry into Automotive Maintenance and Light Repair 2. Students explore career opportunities and requirements of a professional service technician. Content emphasizes beginning transportation service skills and workplace success skills. Students study safety, tools, equipment, shop operations, basic engine fundamentals, and basic technician skills.

B. Course Objectives:

The objective for this course is that student would become proficient in automotive safety. Students will also learn how to use tools correctly and determine what tools are needed for a job.

C. Standards:

Please consult the following website for official state course descriptions and full descriptions of each benchmark.

<http://www.floridastandards.org/Courses/CourseDescriptionSearch.aspx>

D. End of Course/Required Assessment

This course prepares students to take the ASE G1 and FADA in there 11th and 12th grade years. For this course there is a locally created assesment or LCA that is administered in two parts first half is at semester exam time and the other half is at final exam time. Just as a note students are not automaticly advance to the next year automotive class. Their performance and attitude will be taken into account for advancement in the automotive program.

E. Grading Scale and Policy:

SDIRC Pupil Progression Plan grading scale:

A = 100 - 90; B = 89 - 80; C = 79 - 70; D = 69 - 60; F = 59 - 0.

F. Types of Assignments:

We are using the CDX automotive software so are students have endless oppertunitys to cover the martieral the students will be given a log in and password within the first two weeks of school to gain access to CDX online. There the students will be completing most of their classwork/homework though online modules. Along with the online portion students will have other in class assingments and there will be test that are also a part of the CDX online. The final type of assingment will be in shop proficiency that students will be required to complet tasks in the automotive lab.

Class work and Home work	= 33% of total grade
Tests	= 33% of total grade
Proficiency completion	= 34% of total grade

G. Homework Procedures/Policies:

Students can now work at home as well as in class with the CDX online program. There may be times that students are asked to complet modules or quizzes at home.(If there is no internet access or computer make sure to inform your instructor and other arrangments will be made)

H. Absences/Tardies

- a. **Absences** - Student absences must be reported to 772-564-4337 within 48 hours.
- b. **Tardies** – SRHS will follow the School District’s policy on tardies. Please refer to the *2015-16 Positive Climate and Discipline Student Code of Conduct* for further details.

I. Homework/Class Work/Make-up Work

- a. A student shall have two days to make up work for each day missed.
- b. Please refer to page 14 of the Positive Climate and Discipline Student Code of Conduct
- c. Parent/students are responsible for requesting make-up assignments.

NOTE: While make-up work will be provided to students, no activities or assignments can replace the learning that occurs in the classroom when the student is present. This includes bell work assignments that a student may miss if tardy.

J. Class Rules/Procedures/Policies:

1. Due to the nature of the vocation, all safety rules must be strictly adhered too
2. Due to the high expectations for all students in the academic setting, the following rules will also be enforced without exception.
3. No playing cards.
4. Electonic devices may be used but soley for class room activites(if abused student will be asked to turn off device and put it away).
5. No sleeping or heads down from bell to bell.
6. No student may leave the room or shop area without written permission.
7. Safety glasses are to be worn at all times in the shop area and if nessisary in class setting no exceptions.

8. If student is working on a personal vehicle there is a wavier that must be signed by the owner of the vehicle it can only be the students vehicle or an immediate family members vehicle .
9. Respect for other peoples property (ie. Vehicles) is expected, no tolerance for theft, vandalism or invasion of privacy. This rule will be discussed in depth before going to the shop area.and consequences.
10. while in shop students need to have closed toed shoes they do not have to be steel toed boots just something to help protect there feet from injury.
11. Students should not wear loose fitting clothing and long jewelry we have a lot of equipment that have moving parts that could catch these items and possibly injury you.
