2015-2016 Advance Payments Program¹(Canada-Wide)	
1. Product & Advance Rate List	
i) Grains, Oilseeds, Fruits, Vegetables, Forage, Hay, Biomass, Honey, Maple Syrup, Tobacco, Mushrooms, Ginseng, Hemp Grain & Seeds (storable products)	1
ii) Fruits & Vegetables (non-storable products)	2-3
iii) Trees, Evergreens, Shrubs & Turf-grass/Sod (storable products)	4
iv) Christmas Trees, Cut Flowers, GH Potted Plants & GH Vegetables (non-storable products)	4
v) Livestock & Animals	5
vi) Mink Pelts	5
2. Product Group List	
Cut Flowers, GH Potted Plants, Trees, Evergreens & Shrubs	6-14
3. Eligible Advance Calculation Worksheet	15-17
4. Reporting & Repayment Deadlines	17
 2015 Commodity Loan Program² (Ontario Only)	
1. Product & Loan Rate List	
Grains, Oilseeds, Fruits, Vegetables & Tobacco	18
2. Eligible Loan Calculation Worksheet	19
 Measurement Conversion Tables	20

¹ The Advance Payments Program (APP) is a federal financial loan guarantee program that helps producers meet their financial obligations and benefit from the best market conditions by improving their cash flow throughout the year.

² The Commodity Loan Program was developed in 1992 to assist farmers in financing their crop planting, cultivating, and harvesting expenses in Ontario.

2015-2016 Advance Payments Program Product & Advance Rate List³

Grains, Oilseeds, Fruits, Vegetables, Forage, Hay, Biomass, Honey, Maple Syrup, Tobacco, Mushrooms, Ginseng, Hemp Grain & Seeds

Total Advance(s) received for this production period and all outstanding prior years →				\$		\$	
Combined Above Total =				[A]\$			

AGRISTABILITY (AS)

COMPLETE IF USING AGRISTABILITY AS SECURITY (EXCLUDES LIVESTOCK)

The maximum Eligible Advance is determined using AgriStability positive and negative reference margins as security. To calculate the positive and negative reference margins, enter the most current information (and corresponding year) provided by AgriStability in the Reference Margin Calculation into the table below. Use only the 3 years used to calculate the reference margin. For negative margins, when subtracting the reference margin from the expenses, use absolute value.

Each partner is required to complete the information below and sign the Assignment Agreement – **APPENDIX A**. Any AgriStability payment will be applied against your outstanding advance, even if it is before the repayment due date or before the agricultural product(s) is/are marketed. Your decision to take an application for an eligible advance should be guided accordingly. Attach a copy of **1**) your “entire” most recent, AgriStability package (if new, Inventory Sales from prior year) along with **2**) your 2015 AgriStability Invoice (referred to as Enrolment Notice) with application. Refer to the checklist at back of application for breakdown of AgriStability package

PRODUCTION CALCULATION WORKSHEET

PRODUCTION CALCULATION WORKSHEET

Key point for completing specific Agricultural Products: (a x b x c) differs by product. Refer to ACC's Product & Advance Rate List and; (1) list the specific product type under the Agricultural Product(s) column, then (2) simply complete the applicable columns below: (a), (b), (c) by referring to the corresponding Worksheet(s) guide found in the Product & Advance Rate List. If including a commodity that falls under a Grouping, please assist us by ensuring you provide the "full name" of the commodity AND Group # under the Agricultural Product(s) column. Please attach a separate sheet if required. For your convenience, the Product & Advance Rate List is available on our website at agcreditcorp.ca/2015_2016_advance_payments_program.

Agricultural Product(s)	Security Type (PI, AS, ASRA, IN)	Advance Rate (a)	Refer to Sample in Product & Advance Rate List (b)	Refer to Sample in Product & Advance Rate List (c)	Eligible Advance(s)	Producer(s) Requested Advance(s) (Eligible Advance or Less)	(ACC Use Only)	
							60%/100%	1st Instalment
		\$			\$	\$		\$
		\$			\$	\$		\$
		\$	X	X	=	\$		\$
		\$			\$	\$		\$
		\$			\$	\$		\$
		\$			\$	\$		\$
		\$			\$	\$		\$
		\$			\$	\$		\$
		\$			\$	\$		\$
Producer(s) Requested Advance based on Anticipated Production using PI							[C1] \$	\$
Producer(s) Requested Advance based on Anticipated Production using AS							[C2] \$	\$
Producer(s) Requested Advance based on Quantity in Inventory (IN)							[C3] \$	\$
Producer(s) Requested Advance based on Anticipated Production using ASRA							[C4] \$	\$

Note: for all storable and non-storable products using PI as security, when the guaranteed production/insured value is not yet available, the Producer Requested Advance is calculated based on the anticipated production, and the 1st instalment worth 60% of the eligible advance is released. When ACC received PI document showing the guaranteed production/insured value (before August 1st, 2015), the eligible advance is recalculated and the 2nd instalment will be released.

MAXIMUM ADVANCE LIMIT WORKSHEET

MAXIMUM ADVANCE LIMIT WORKSHEET

At no point in time can the Eligible Producer(s), individually or in combination with other related producers, such as shareholders, members, partners of the business, relative or advances received from other Administrators receive more than \$400,000 in advances, including the overlap period between production periods. The interest free advance is limited to the first \$100,000 issued per program year. Refer to Terms & Conditions to learn about credit checks, fees and issuance of loan advances.

Producer(s) Requested Advance using PI = [C1]	[D]	\$
Producer(s) Requested Advance using AS = the (lesser of [B1] or [C2])		\$
Producer(s) Requested Advance using ASRA = the (lesser of [B2] or [C4])		\$
Producer(s) Requested Advance using Inventory (IN) (including all livestock advances) = [C3]		\$
Total Maximum Producer(s) Requested Advance calculated based on all above Security used to secure loan advance (Total of [D])	[E]	\$
Maximum Allowable Advance	[F]	\$400,000.00
Total combined Current & Outstanding Advances or Amount Attributed (that have not been rebuffed) to each individual Producer(s) with ACC and with other APP Administrators = [A] (Refer to pg. 2)	[G]	\$
Program Year Maximum Allowable Advance = [F] minus [G]	[H]	\$
ADVANCE REQUESTED BY PRODUCER(S) (Lesser of [E] or [H]) ➔ Your amount will be based on Subsection 4 and/or 5 of Terms and Conditions on pg. 6 and/or 7.	[I]	\$

ACC TO COMPLETE BELOW FOR THE PRODUCER(S)

1 st instalment of [I] will be further reduced if Priority Agreement reflects a cap. Cap Requested? Yes <input type="checkbox"/> No <input type="checkbox"/> ; Second Payee? Yes <input type="checkbox"/> No <input type="checkbox"/> Payee Name: _____ CAP AMOUNT →	[J]	\$
ADVANCE (1st Instalment) APPROVED BY ACC (= [I] or if CAP [J] minus \$675)	=	\$

2ND INSTALMENT OF REQUESTED AMOUNT (if applicable).

On your behalf, ACC will re-calculate all of the above steps based on your "Actual" Seeded Acreage, less 1 st instalment.		
ADVANCE (2nd Instalment) APPROVED BY ACC	=	\$

⁷ This Product and Loan Rate List contains all products and their loan rates available under the Commodity Loan Program. Please Note: the loan rates represent up to 75% of the average market prices and the Ontario Ministry of Agriculture, Food and Rural Affairs may adjust any loan rate(s) at any time during the year.

Eligible Loan Calculation Worksheet⁸

GRAINS & OILSEEDS, TOBACCO, GRAPES & HORTICULTURAL CROPS WITH GUARANTEED PRODUCTION PER ACRE PRODUCTION INSURANCE COVERAGE*					
	A	B	C		
Crop <i>(please copy full crop name from page 18, and specify type of corn, soybeans, wheat)</i>	2015 Loan Rate	Guaranteed Production per acre (or Final Average Yield for grapes)	Number of Acres (or PI Coverage Percentage for grapes)	Eligible Loan(s) [A x B x C]	Requested Loan
				\$	\$
				\$	\$
				\$	\$
Total Loan Amount (lesser of Eligible Loan or Requested Loan)					\$

**See below for horticultural crops with other type of Production Insurance coverage.*

IF FEEDING PART/ALL CROPS BEING FINANCED PLEASE COMPLETE THE FOLLOWING WORKSHEET					
Crop	Loan Rate (a)	Amount Fed (b) <i>Equals a portion of (B x C) above</i>	Value Fed (a x b)	<i>Monthly Repayments processed via 4 Direct Debits on Nov 23, Dec 21, Jan 22, Feb 22.</i>	
		bu	\$	<i>Final repayment amounts will be confirmed at 2nd stage</i>	
		bu	\$		
TOTAL VALUE OF CROPS BEING FED* (c)			\$		
MONTHLY REPAYMENT (c x 0.27**)			\$		

*Must be lesser or equal to the Total Loan Amount from the first table.
 ** The 0.27 rate includes interest. Any overpayment will be refunded

APPLES WITH PRODUCTION INSURANCE COVERAGE			
	A	B	(A x B)
	Estimated 2015 Production (lbs)	loan rate per lb	
Group 1		\$0.13	
Group 2		\$0.16	
Group 3		\$0.19	
Ambrosia		\$0.31	
Honeycrisp		\$0.46	
*Total Guaranteed Production (lbs) from <u>Agricorp crop underwriting form</u>			Total (A x B) = _____ (C)

*Total Estimated 2015 Production (A) CANNOT exceed the Total Guaranteed Production (lbs) from Agricorp crop underwriting form.

C	D	Eligible Loan (\$) (lesser of C or D)	Requested Loan (\$)	Total Loan Amount (\$) (lesser of Eligible Loan or Requested Loan)
Total (A x B) from above	Agricorp Total Guaranteed Insurance Value (\$)			
\$	\$	\$	\$	\$

FRESH MARKET POTATOES "DOLLAR VALUE" PRODUCTION INSURANCE COVERAGE OR "FRESH MARKET VEGETABLE - ACREAGE LOSS BASIS" PRODUCTION INSURANCE COVERAGE			
STEP ONE:			
A	B	(A x B)	
Total Estimated 2015 Production	Loan rate (page 2)		
STEP TWO:			
A X B	C	Eligible Loan	Requested Loan
From above for each crop	Agricorp Guaranteed Insurance value per acre x number of acres	(lesser of A x B or C)	
\$	\$	\$	\$
Total Loan Amount (lesser of Eligible Loan or Requested Loan)			\$

⁸ For all required supplementary documents (e.g. Production Insurance enrolment forms, buyer contracts, etc.), please refer to the Commodity Loan Program application form.
